To Be Held On May 11, 2022

Dear Stockholder:

We are hereby providing notice that the 2022 Annual Meeting of Stockholders (the "Annual Meeting") of Travere Therapeutics, Inc., a Delaware corporation (the "Company") will be held on May 11, 2022 at 9:00 a.m., local time, at the Company's corporate headquarters located at 3611 Valley Centre Drive, Suite 300, San Diego, California 92130, for the following purposes:

1. To elect the ten nominees for director named herein to the Board of Directors to serve for a term of one year;

2. To approve the Company's 2018 Equity Incentive Plan, as amended, to, among other items, increase the number of shares of common stock authorized for issuance thereunder by 2,000,000 shares;

3. To approve, on an advisory basis, the compensation of the Company's named executive officers;

4. To ratify the selection by the Audit Committee of the Board of Directors of BDO USA, LLP as the independent registered public accounting firm of the Company for its fiscal year ending December 31, 2022; and

5. To conduct any other business properly brought before the meeting.

These items of business are more fully described in the Proxy Statement accompanying this Notice.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Stockholders to be held May 11, 2022 at 9:00 a.m., local time

at the Company's corporate headquarters located at 3611 Valley Centre Drive, Suite 300, San Diego, California 92130

The Proxy Statement and our 2021 Annual Report to Stockholders are available at:

http://www.viewproxy.com/travere/2022

The record date for the Annual Meeting is March 18, 2022. Only stockholders of record at the close of business on that date may vote at the meeting or any adjournment thereof.

All stockholders are normally invited to attend our Annual Meetings of Stockholders in person. However, due to the evolving COVID-19 situation, we urge our stockholders to monitor the CDC and other applicable government guidelines and to not attend the Annual Meeting in person if CDC or other applicable government guidelines encourage people not to attend public gatherings on the date of the Annual Meeting. As we continue to monitor the evolving COVID-19 situation and related government guidelines, we may, in our sole discretion, subsequently determine to hold the Annual Meeting solely by means of remote communication. If we take this step, we will announce the decision to do so in advance in a press release and details on how to participate will be available at http://ir.travere.com/press-releases as soon as practicable before the Annual Meeting. Your vote is important, and we strongly encourage you to vote your shares by proxy as soon as possible to ensure your representation at the Annual Meeting. You may vote over the lnternet, as well as by telephone or by mailing a proxy or voting instruction form. Please review the instructions on each of your voting options described in these proxy materials.

By Order of the Board of Directors

/s/ Elizabeth E. Reed Elizabeth E. Reed General Counsel and Secretary

San Diego, California

April 4, 2022

We urge you to please complete, date, sign and return the enclosed proxy, or vote over the internet or using a telephone as instructed in these materials, as promptly as possible in order to ensure your representation at the meeting. You may vote in person if you attend the meeting, even if you have voted by proxy. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the meeting, you must obtain a proxy issued in your name from that record holder.

PROXY STATEMENT

FOR THE 2022 ANNUAL MEETING OF STOCKHOLDERS

To be held on May 11, 2022

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

Why am I receiving these materials?

We have sent you these proxy materials because the Board of Directors (sometimes referred to as the "Board") of Travere Therapeutics, Inc. (sometimes referred to as "we," "us," the "Company" or "Travere") is soliciting your proxy to vote at the 2022 Annual Meeting of Stockholders (the "Annual Meeting"), including at any adjournments or postponements of the meeting. To vote your shares we encourage you to complete, sign and return the enclosed proxy card, or vote over the internet or using a telephone as instructed in these materials. You may also vote your shares in person at the Annual Meeting, however, due to the evolving COVID-19 situation and related government guidelines, we urge our stockholders to monitor the CDC and other applicable government guidelines and to not attend the Annual Meeting in person if CDC or other applicable government guidelines encourage people not to attend public gatherings on the date of the Annual Meeting.

We intend to mail these proxy materials on or about April 6, 2022 to all stockholders of record entitled to vote at the Annual Meeting.

What is the location of the Annual Meeting?

The meeting will be held on Wednesday, May 11, 2022 at 9:00 a.m., local time, at the Company's corporate headquarters located at 3611 Valley Centre Drive, Suite 300, San Diego, California 92130. Directions to the Annual Meeting can be found at:

https://www.google.com/maps/place/3611+Valley+Centre+Dr+Suite+300,+San+Diego,+CA+92130

Due to the evolving COVID-19 situation, we urge our stockholders to monitor the CDC and other applicable government guidelines and to not attend the Annual Meeting in person if CDC or other applicable government guidelines encourage people not to attend public gatherings on the date of the Annual Meeting. It is possible that we may subsequently determine to hold the Annual Meeting solely by means of remote communication. If we take this step, we will announce the decision to do so in advance in a press release and details on how to participate will be available at http://ir.travere.com/press-releases as soon as practicable before the Annual Meeting.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on March 18, 2022 will be entitled to vote at the Annual Meeting. On this record date, there were 63,509,077 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If on March 18, 2022 your shares were registered directly in your name with the Company's transfer agent, American Stock Transfer & Trust Company, LLC, then you are a stockholder of record. As a stockholder of record, you are permitted to vote in person at the meeting or vote by proxy. However, in lieu of voting in person at the Annual Meeting, we urge you to fill out and return the enclosed proxy card, or vote over the internet or using a telephone as instructed in these materials.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on March 18, 2022 your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent regarding how to vote the shares in your account. Since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are four matters scheduled for a vote:

• election of the ten nominees for director named herein to the Board of Directors to serve for a term of one year;

approval of the Company's 2018 Equity Incentive Plan, as amended, to, among other items, increase the number of shares of common stock authorized for issuance thereunder by 2,000,000 shares;

· approval, on an advisory basis, of the compensation of the Company's named executive officers;

• ratification of the selection by the Audit Committee of the Board of Directors of BDO USA, LLP as the independent registered public accounting firm of the Company for its fiscal year ending December 31, 2022.

What if another matter is properly brought before the meeting?

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on those matters in accordance with their best judgment.

How do I vote?

For Proposal 1, you may either vote "For" all the nominees to the Board of Directors or you may "Withhold" your vote for any nominee you specify. For each other matter to be voted on, you may vote "For" or "Against" or abstain from voting.

The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy using the enclosed proxy card, or vote over the internet or using a telephone as instructed in these materials. You may vote in person at the Annual Meeting, even if you have already voted by proxy. However, due to the evolving COVID-19 situation and related government guidelines, we urge you to monitor the CDC and other applicable government guidelines and to vote by proxy to ensure your vote is counted and to not attend the Annual Meeting in person if the CDC or other applicable government guidelines encourage people not to attend public gatherings on the date of the Annual Meeting.

• To vote using the enclosed proxy card, simply complete, sign and date the proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

• To vote by telephone, dial toll-free 1 (866) 804-9616 using a touch-tone phone and follow the instructions. Have your proxy card available when you call. Your vote must be received by 11:59 p.m. Eastern Time on May 10, 2022 to be counted.

• To vote through the internet, go to www.AALvote.com/TVTX to complete an electronic proxy card. Have your proxy card available when you access the website. Your vote must be received by 11:59 p.m. Eastern Time on May 10, 2022 to be counted.

To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a voting instruction form with these proxy materials from that organization rather than from us. Simply complete and mail the voting instruction form to ensure that your vote is counted. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of March 18, 2022.

What happens if I do not vote?

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record and do not vote by completing your proxy card or in person at the Annual Meeting, your shares will not be voted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner and do not instruct your broker, bank, or other agent how to vote your shares, the question of whether your broker or nominee will still be able to vote your shares depends on whether The New York Stock Exchange ("NYSE") deems the particular proposal to be a "routine" matter. Brokers and nominees can use their discretion to vote "uninstructed" shares with respect to matters that are considered to be "routine," but not with respect to "non-routine" matters. Under the rules and interpretations of the NYSE, "non-routine" matters are matters that may substantially affect the rights or privileges of stockholders, such as mergers, stockholder proposals, elections of directors (even if not contested), executive compensation (including any advisory stockholder votes on executive compensation and on the frequency of stockholder votes on executive compensation), and certain corporate governance proposals, even if management-supported. Accordingly, your broker or nominee may not vote your shares on Proposals 1, 2, or 3 without your instructions, but may vote your shares on Proposal 4.

What if I return a proxy card or otherwise vote but do not make specific choices?

If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted, as applicable, "For" the election of all ten nominees for director, "For" approval of the Company's 2018 Equity Incentive Plan, as amended, to, among other items, increase the number of shares of common stock authorized for issuance thereunder by 2,000,000 shares, "For" the approval of the compensation of our named executive officers as disclosed in this proxy statement, and "For" ratification of selection by the Audit Committee of the Board of Directors of BDO USA, LLP as independent registered public accounting firm of the Company for its fiscal year ending December 31, 2022. If any other matter is properly presented at the meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

In addition, we have retained Alliance Advisors, LLC to assist in the solicitation. We will pay Alliance Advisors approximately \$9,500 plus out-of-pocket expenses, for its assistance.

What does it mean if I receive more than one set of proxy materials?

If you receive more than one set of proxy materials, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions on the proxy cards in the proxy materials to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Stockholder of Record: Shares Registered in Your Name

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

- You may submit another properly completed proxy card with a later date.
- · You may grant a subsequent proxy through the internet or over the telephone.
- You may send a timely written notice that you are revoking your proxy to the attention of the Secretary of Travere Therapeutics, Inc. at 3611 Valley Centre Drive, Suite 300, San Diego, California 92130.
 - You may attend the Annual Meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

Your most current proxy card is the one that is counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

When are stockholder proposals and director nominations due for next year's annual meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by December 7, 2022 to the attention of the Secretary of Travere Therapeutics, Inc. at 3611 Valley Centre Drive, Suite 300, San Diego, California 92130.

If you wish to submit a proposal (including a director nomination) at the 2023 meeting that is not to be included in the 2023 proxy materials, your written request must be received by the Secretary of Travere between January 11, 2023 and February 10, 2023. You are also advised to review the Company's amended and restated bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

In addition to satisfying the foregoing requirements under our bylaws, to comply with the universal proxy rules (once effective), stockholders who intend to solicit proxies in support of director nominees other than our Board's nominees must provide notice that sets forth any additional information required by Rule 14a-19 promulgated under the Securities Exchange Act of 1934, as amended, no later than March 12, 2023.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count, for the proposal to elect directors, votes "For," "Withhold" and broker non-votes, and, with respect to the other proposals, votes "For" and "Against," abstentions and, if applicable, broker non-votes. Abstentions will be counted towards the vote total for Proposals 2, 3 and 4 and will have the same effect as "Against" votes. Broker non-votes will have no effect on any proposal.

What are "broker non-votes"?

As discussed above, when a beneficial owner of shares held in "street name" does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed by the NYSE to be "non-routine," the broker or nominee cannot vote the shares. These unvoted shares are counted as "broker non-votes."

How many votes are needed to approve each proposal?

• For Proposal 1, the election of directors, the ten nominees receiving the most "For" votes from the holders of shares present in person, or represented by proxy and entitled to vote on the election of directors will be elected. Only votes "For" or "Withhold" will affect the outcome. Broker non-votes will have no effect.

• To be approved, Proposal 2 approving the Company's 2018 Equity Incentive Plan, as amended, to, among other items, increase the number of shares of common stock authorized for issuance thereunder by 2,000,000 shares, requires a "For" vote from the holders of a majority of the shares present in person, or represented by proxy and entitled to vote on the matter. If you mark your proxy to "Abstain" from voting, it will have the same effect as an "Against" vote. Broker non-votes will have no effect.

• Proposal 3, advisory approval of the compensation of the Company's named executive officers, will be considered to be approved if it receives "For" votes from the holders of a majority of shares present in person, or represented by proxy and entitled to vote on the matter. If you mark your proxy to "Abstain" from voting, it will have the same effect as an "Against" vote. Broker non-votes will have no effect.

• To be approved, Proposal 4 ratifying the selection by the Audit Committee of the Board of Directors of BDO USA, LLP as the independent registered public accounting firm of the Company for its fiscal year ending December 31, 2022 must receive "For" votes from the holders of a majority of shares present in person, or represented by proxy and entitled to vote on the matter. If you mark your proxy to "Abstain" from voting, it will have the same effect as an "Against" vote. Broker non-votes, if any, will have no effect.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding at least a majority of the outstanding shares entitled to vote are present at the meeting in person or represented by proxy. On the record date, there were 63,509,077 shares outstanding and entitled to vote. Thus, the holders of 31,754,539 shares must be present in person or represented by proxy at the meeting to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the holders of a majority of shares present at the meeting in person or represented by proxy may adjourn the meeting to another date.

What proxy materials are available on the internet?

The proxy statement, 2021 Annual Report on Form 10-K and annual report to stockholders are available at http://www.viewproxy.com/travere/2022.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

FORWARD-LOOKING STATEMENTS

These proxy materials contain "forward-looking statements" as that term is defined in the Private Securities Litigation Reform Act of 1995. These statements are based on our current expectations and involve risks and uncertainties. Forward-looking statements may include statements regarding our potential pipeline expansion, clinical development programs and trials, regulatory filings, and potential future commercialization activities. No forward-looking statement can be guaranteed and actual results may differ materially from those stated or implied by forward-looking statements. We undertake no obligation to publicly update any forward-looking statement, except as required under applicable law. Forward-looking statements should be evaluated together with the many risks and uncertainties that affect our business, particularly those mentioned under the "Risk Factors" heading of our Annual Report on Form 10-K for the year ended December 31, 2021, which was filed with the SEC on February 24, 2022.

SECURITY OWNERSHIP OF

CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information regarding the ownership of the Company's common stock as of March 1, 2022 by: (i) each director and director nominee, (ii) each named executive officer, (iii) each person known by us to beneficially own more than 5% of all outstanding shares of our common stock, and (iv) all executive officers and directors of the Company as a group. The table is based upon information supplied by our executive officers and directors and a review of Schedules 13D and 13G filed with the SEC. Unless otherwise indicated in the footnotes to the table and subject to community property laws where applicable, we believe that each of the stockholders named in the table has sole voting and investment power with respect to the shares indicated as beneficially owned.

Applicable percentages are based on 63,499,233 shares outstanding on March 1, 2022, adjusted as required by rules promulgated by the SEC. These rules generally attribute beneficial ownership of securities to persons who possess sole or shared voting power or investment power with respect to those securities. In addition, the rules include shares of common stock issuable pursuant to the exercise of stock options, warrants or other convertible securities that are either immediately exercisable or exercisable on or before April 30, 2022, which is 60 days after March 1, 2022. These shares are deemed to be outstanding and beneficially owned by the person holding those securities for the purpose of computing the percentage ownership of that person, but they are not treated as outstanding for the purpose of computing the percentage ownership of any other person. Unless otherwise stated below, the address for each person or entity listed in the table is c/o Travere Therapeutics, Inc., 3611 Valley Centre Drive, Suite 300, San Diego, California 92130.

PROPOSAL 1

ELECTION OF DIRECTORS

The Board of Directors is currently comprised of eleven directors (Stephen Aselage, Roy Baynes, Suzanne Bruhn, Timothy Coughlin, Eric Dube, Gary Lyons, Jeffrey Meckler, John A. Orwin, Sandra Poole, Ron Squarer and Ruth Williams-Brinkley). With the exception of Eric Dube who is our President and Chief Executive Officer and Stephen Aselage who was our previous President and Chief Executive Officer, all current members of the Board of Directors meet the definition of "independent director" under the Nasdaq qualification standards. Mr. Aselage has not been nominated for re-election at the Annual Meeting due to overall Board evolution objectives as well as his preference to retire from the Board at the end of the remaining term. Accordingly, following the Annual Meeting, the Board of Directors will be comprised of ten directors. As a result, there are fewer nominees named than the currently approved size of the Board of Directors. Proxies may not be voted for a greater number of persons than the number of nominees named. Effective as of the time of the Annual Meeting, the size of the Board of Directors will be reduced from 11 to 10.

After each annual election, each director will then serve a term of one year (or, in each case, until their earlier resignation, removal from office, or death) and until a successor is duly elected and qualified. Officers of the Company serve at the discretion of the Board of Directors. There are no family relationships among the Company's directors and executive officers.

Vote Required

The ten nominees receiving the highest number of affirmative votes of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors will be elected to the Board of Directors. However, it is the Company's policy that any nominee for director in an uncontested election who does not receive a majority of the votes cast (i.e. receives a greater number of votes "withheld" from or "against" his or her election than votes "for" in such election) shall submit his or her offer of resignation for consideration by the Nominating / Corporate Governance Committee. The Nominating / Corporate Governance Committee shall consider all of the relevant facts and circumstances and recommend to the Board the action to be taken with respect to such offer of resignation. The Board will then act on the Nominating / Corporate Governance Committee's recommendation. Promptly following the Board's decision, the Company will disclose that decision and an explanation of such decision in a filing with the Securities and Exchange Commission and a press release.

Votes withheld from any director are counted for purposes of determining the presence or absence of a quorum, but have no other legal effect under Delaware law.

Unless otherwise instructed, the proxy holders will vote the proxies received by them for the Company's nominees named below. If any of the Company's nominees is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who is designated by the present Board of Directors to fill the vacancy. It is not expected that any of the Company's nominees will be unable or will decline to serve as a director.

The Board of Directors unanimously recommends that stockholders vote "For" each of the nominees named below.

Nominees for Election at the Annual Meeting

The following is a brief biography of each nominee for director. The brief biographies below include information, as of the date of this proxy statement, regarding the specific and particular experience, qualifications, attributes or skills of each nominee that led the Nominating / Corporate Governance Committee to recommend that person as a nominee. However, each of the members of the Nominating / Corporate Governance Committee may have a variety of reasons why he believes a particular person would be an appropriate nominee for the Board of Directors, and these views may differ from the views of other members.

All of the nominees are currently directors of the Company. Other than Ruth Williams-Brinkley, all of the nominees were previously elected to the Board of Directors by the Company's stockholders.

Roy D. Baynes, M.D., Ph.D., has served as a director of the Company since June 2016. He has served as Senior Vice President and Head of Global Clinical Development at Merck Research Laboratories, the research division of Merck and Co., Inc., since December 2013 and as Chief Medical Officer of Merck and Co, Inc., a global healthcare company, since July 2016. As of April 1, 2022, he has stepped down as Head of Global Clinical Development and as Chief Medical Officer and will retire from Merck in early July 2022. In March 2022 he was appointed, to be effective July 11, 2022, Executive Vice President and Chief Medical Officer of Eikon Therapeutics, Inc. a privately-held biotechnology company. Prior to his roles at Merck, Dr. Baynes served as Senior Vice President of Oncology, Inflammation and Respiratory Therapeutics at Gilead Sciences, Inc., a biopharmaceutical company, from January 2012 to December 2013. THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR EACH NAMED NOMINEE

INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Independence of the Board of Directors

As required under the Nasdaq listing standards, a majority of the members of a listed company's Board of Directors must qualify as "independent," as affirmatively determined by the Board of Directors. The Board of Directors consults with the Company's counsel to ensure that the determinations of the Board of Directors are consistent with relevant securities and other laws and regulations regarding the definition of "independent," including those set forth in pertinent Nasdaq listing standards, as in effect from time to time. Consistent with these considerations, after review of all relevant identified transactions or relationships between each director, or any of his family members, and the Company, its senior management and its independent auditors, the Board of Directors has affirmatively determined that the following nine directors are independent directors within the meaning of the applicable Nasdaq listing standards: Dr. Baynes, Dr. Bruhn, Mr. Coughlin, Mr. Lyons, Mr. Meckler, Mr. Orwin, Ms. Poole, Mr. Squarer and Ms. Williams-Brinkley. In making this determination, the Board of Directors found that none of these directors had a material or other disqualifying relationship with the Company. Following our Annual Meeting, assuming the election of our ten nominees for director named in these proxy materials, we will have nine independent directors and one non-independent directors. Dr. Dube, who serves as our President and Chief Executive Officer.

Board Leadership Structure

It is the Company's policy to separate the roles of Chief Executive Officer and Chair of the Board. This separation recognizes the independent roles of the Board of Directors, Chair of the Board and Chief Executive Officer. The Board of Directors sets Company strategy and provides oversight and accountability for the Chief Executive Officer and Company management. The Chair of the Board presides over the Board of Directors and provides guidance to the Chief Executive Officer. The Chief Executive Officer and the balance of the Board of Directors set Company goals with the Chief Executive Officer providing leadership and day to day oversight in furtherance of those goals. The Company believes that separation of the Board of Directors and Company leadership preserves the independence of these roles and maximizes performance.

Role of the Board in Risk Oversight

Our Board of Directors believes that risk management is an important part of establishing, updating and executing on the Company's business strategy. Our Board of Directors, as a whole and at the committee level, has oversight responsibility relating to risks that could affect the corporate strategy, business objectives, compliance, operations, and the financial condition and performance of the Company. Our Board of Directors focuses its oversight on the most significant risks facing the Company and on its processes to identify, prioritize, assess, manage and mitigate those risks. Our Board of Directors and its committees regularly discuss with management the areas of significant risk exposure and the steps management has taken to monitor and control such exposures, as well as the identification of potential emerging risks, which, in the last year have included risks related to the ongoing COVID-19 pandemic and the continuing evolution of Environmental, Social and Governance ("ESG") risks, among others.

While the Board of Directors has ultimate oversight responsibility for the risk management process, it has delegated portions of this responsibility to its committees. The Audit Committee, as part of its responsibilities, oversees the management of financial risks, including accounting matters, liquidity and credit risks, corporate tax positions, insurance coverage, and cash investment strategy and results. The Audit Committee is also responsible for overseeing the management of risks relating to the performance of the Company's internal audit function, if required, and its independent registered public accounting firm, as well as our systems of internal controls and disclosure controls and procedures, and also takes the lead on overseeing cybersecurity risk on behalf of the Board. The Compensation Committee is responsible for overseeing the management of risks relating to our executive compensation and overall compensation and benefit strategies, plans, arrangements, practices and policies, as well as oversight of our Human Capital related initiatives. The Nominating / Corporate Governance Committee oversees the management of risks associated with our corporate governance practices, the independence and composition of our Board of Directors, and has taken the lead on coordinating ESG related activities among the Board committees. The Science and Medical Technology Committee reviews the risks associated with our research and development activities, including clinical, regulatory and manufacturing risks. These committees provide regular reports, on at least a quarterly basis, to the full Board of Directors. The participation of the full Board of Directors in setting the Company's business strategy incorporates assessment and oversight of strategic risks for the Company as a whole.

Board Self-Assessment

The Nominating/Corporate Governance Committee ensures that the Board and each of its committees are annually assessed with an aim toward enhancing effectiveness. Directors complete an evaluation in order to provide performance feedback and suggestions for improved effectiveness or contributions. The assessments are done by way of a questionnaire conducted by our external legal counsel, Cooley LLP. The assessments are treated on a confidential basis, with the results tallied on an anonymous basis for review. The results of the evaluation are analyzed by our General Counsel, the Nominating/Corporate Governance Committee and the Board, who decide whether any changes are needed to the Board's processes, procedures, composition or Committee structure. The evaluation carried out in 2021 indicated that the Board and its committees were effectively fulfilling their responsibilities.

Board Education

The Board recognizes the importance of ongoing director education. In order to facilitate directors' educational development, the members of the Board of Directors regularly meet with management and are given periodic presentations on our business and recent business developments. Members of the Board of Directors also periodically meet with other senior decision-makers within the Company as well as outside experts in order to enhance the Board's understanding of our business and operations. In addition, on an annual basis our Board holds a strategic off-site with members of our management team in conjunction with the quarterly board meeting. All of our directors have access to resources and ongoing educational opportunities to help them stay current about developments in corporate governance and critical issues relating to the operation of public company

boards and their committees. The Company also encourages and provides funding for members of the Board of Directors to attend outside director continuing education events.

Meetings of the Board of Directors

Our Board of Directors held four regularly scheduled quarterly meetings during 2021, and met an additional seven times via video/teleconference. All directors who served in 2021 attended at least 75% of the aggregate number of meetings of the Board of Directors and of the committees on which they served, in each case that were held during the portion of the last fiscal year for which they were directors or committee members, respectively.

Information Regarding Committees of the Board of Directors

The standing committees of our Board of Directors consist of the Audit Committee, the Compensation Committee, the Nominating / Corporate Governance Committee and the Science and Medical Technology Committee. The composition and responsibilities of each committee are described below. Members serve on these committees until their resignation or until otherwise determined by our Board of Directors. Our Board of Directors may also establish from time to time any other committees that it deems necessary or advisable. The following table provides membership information for each of the Board committees:

* Chair of the Board of Directors

Below is a description of each committee of the Board of Directors. The Board of Directors has determined that, except as specifically described below, each member of each committee meets the applicable Nasdaq rules and regulations regarding "independence" and that each member is free of any relationship that would impair his or her individual exercise of independent judgment with regard to the Company.

Audit Committee

The Audit Committee is responsible for assisting our Board of Directors in its oversight of the integrity of our financial statements, the qualifications and independence of our independent auditors, and our internal financial and accounting controls. The Audit Committee has direct responsibility for the appointment, compensation, retention (including termination) and oversight of our independent auditors, and our independent auditors, and our independent auditors report directly to the Audit Committee.

The members of the Audit Committee currently are Messrs. Coughlin, Meckler and Squarer. Mr. Coughlin has served as chair of the Audit Committee since April 2015. All members of the Audit Committee qualify as an independent director under the corporate governance standards of the Nasdaq Listing Rules and the independence requirements of Rule 10A-3 of the Exchange Act. Our Board of Directors has determined that all three Audit Committee members qualify as "audit committee financial experts" as such term is currently defined in Item 407(d)(5) of Regulation S-K.

The Audit Committee has adopted a formal, written Audit Committee charter that complies with Securities and Exchange Commission (the "SEC") rules and regulations and the Nasdaq listing standards. We believe that the composition and functioning of our Audit Committee complies with all applicable requirements of the Sarbanes-Oxley Act, and all applicable SEC and Nasdaq rules and regulations. The Audit Committee met four times during 2021. A copy of the Audit Committee charter is available on the investors section of our website at *www.travere.com*. Report of the Audit Committee of the Board of Directors*

The Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2021 with management of the Company. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by Auditing Standard No. 1301, *Communications with Audit Committees*, as adopted by the Public Company Accounting Oversight Board ("PCAOB"). The Audit Committee has also received the written disclosures and the letter from the independent registered public accounting firm

required by applicable requirements of the PCAOB regarding the independent accountants' communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm the accounting firm's independence. Based on the foregoing, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2021.

Compensation Committee

The Compensation Committee approves the compensation objectives for the Company, approves the compensation of the chief executive officer, to be ratified by the independent directors, and approves or recommends to our Board of Directors for approval the compensation for other executives. The Compensation Committee reviews all compensation components, including base salary, bonus, benefits and other perquisites.

The members of the Compensation Committee currently are Messrs. Coughlin, Lyons, Orwin and Dr. Bruhn. Mr. Orwin serves as chair of the Compensation Committee. Following the Annual Meeting, it is anticipated that the Compensation Committee will be comprised of Messrs. Orwin and Coughlin, Dr. Bruhn and Ms. Williams-Brinkley. Each member of the Compensation Committee is a non-employee director within the meaning of Rule 16b-3 of the rules promulgated under the Exchange Act, and each is an independent director as defined by the Nasdaq Listing Rules, including Nasdaq Listing 5605(d)(2).

The Compensation Committee has adopted a formal, written Compensation Committee charter that complies with SEC rules and regulations and the Nasdaq listing standards. We believe that the composition and functioning of our Compensation Committee complies with all applicable requirements of the Sarbanes-Oxley Act of 2002, and all applicable SEC and Nasdaq rules and regulations. The Compensation Committee met six times during 2021. A copy of the Compensation Committee charter is available on the investors section of our website at *www.travere.com*. The information on our website is not incorporated by reference into this Proxy Statement or our Annual Report for fiscal 2021.

Nominating / Corporate Governance Committee

The Nominating / Corporate Governance Committee is responsible for making recommendations to our Board of Directors regarding candidates for directorships and the structure and composition of our Board of Directors and its committees. In addition, the Nominating / Corporate Governance Committee is responsible for developing and recommending to our Board of Directors corporate governance guidelines applicable to the Company and advising our Board of Directors on corporate governance matters.

The members of the Nominating / Corporate Governance Committee currently are Mr. Meckler, Dr. Baynes, and Ms. Poole. Mr. Meckler serves as chair of the Nominating / Corporate Governance Committee. Each member of the Nominating / Corporate Governance Committee is a non-employee director within the meaning of Rule 16b-3 of the rules promulgated under the Exchange Act and an independent director as defined by the Nasdaq Listing Rules.

The Nominating / Corporate Governance Committee has adopted a formal, written Nominating / Corporate Governance Committee charter that complies with SEC rules and regulations and the Nasdaq listing standards. We believe that the composition and functioning of our Nominating / Corporate Governance Committee complies with all applicable requirements of the Sarbanes-Oxley Act of 2002, and all applicable SEC and Nasdaq rules and regulations. The Nominating / Corporate Governance Committee met five times during 2021. A copy of the Nominating / Corporate Governance Committee charter is available on the investors section of our website at *www.travere.com*. The information on our website is not incorporated by reference into this Proxy Statement or our Annual Report for fiscal 2021.

Science and Medical Technology Committee

The Board of Directors created a Science and Medical Technology Committee in 2017, and it is currently comprised of Dr. Baynes, Dr. Bruhn, Mr. Aselage and Ms. Poole. Following the Annual Meeting the Science and Medical Technology Committee will be comprised of Dr. Baynes, Dr. Bruhn and Ms. Poole. The purpose of the Science and Medical Technology Committee is to assist the Board of Directors in its oversight of management's exercise of significant scientific judgments relating to the Company's research and development activities and portfolio. The Science and Medical Technology Committee met three times during 2021.

Stockholder Communications with the Board of Directors

Any stockholder or other interested party who desires to communicate with any of the members of the Board of Directors may do so by writing to: Board of Directors, Travere Therapeutics, Inc., 3611 Valley Centre Drive, Suite 300, San Diego, California 92130. Communications may be addressed to an individual director, a Board committee, the non-employee directors or the full Board of Directors. Communications will then be distributed to the appropriate directors unless the Chair determines that the information submitted constitutes "spam" and/ or communications offering to buy or sell products or services.

Director Nomination Process

In selecting non-incumbent candidates and reviewing the qualifications of incumbent candidates for the Board of Directors, the Nominating/Corporate Governance Committee considers the Company's Corporate Governance Guidelines, which include the following:

· Directors should be less than 70 years of age at the time of first election;

• Directors should be a member of not more than four other public company boards of directors; if a member of the Audit Committee serve as chair of not more than two other audit committees of public companies; if a named executive officer of a public company serve on not more than two other public company boards of directors;

• Directors should have the diversity of skills, professional experience, education, associations, achievements, training, points of view and individual qualities and attributes appropriate for representation on the Board of Directors. The Committee also considers and endeavors to reflect other aspects of diversity, including but not limited to race, gender, ethnicity, sexual orientation and other self-identified diversity characteristics;

• Directors should have no affiliation with a competitor or have, or appear to have, a conflict of interest that would impair their ability to fulfill the responsibilities of a director and represent the stockholders;

- · Directors should have highest quality personal and professional references;
- · Directors should attend at least 75% of the scheduled Board of Directors meetings and provide meaningful participation; and
- · Directors should have a commitment to adhere to the Company's policies.

The Nominating / Corporate Governance Committee will consider qualified director candidates recommended by stockholders in compliance with our procedures and subject to applicable inquiries. The Nominating / Corporate Governance Committee's evaluation of candidates recommended by stockholders does not differ materially from its evaluation of candidates recommended from other sources. Any stockholder may recommend nominees for director by writing to the Chair of the Nominating / Corporate Governance Committee, Travere Therapeutics, Inc., 3611 Valley Centre Drive, Suite 300, San Diego, California 92130, giving the name, Company stockholdings and contact information of the person making the nomination, the candidate's name, address and other contact information, any direct or indirect holdings of our securities by the nominee, any information required to be disclosed about directors under applicable securities laws and/or stock exchange requirements, information regarding related party transactions with us, the nominee's biographical data, current public and private company affiliations, employment history and qualifications and status as "independent" under applicable securities laws and/or stock exchange requirements. All of these communications will be reviewed by the Nominating / Corporate Governance Committee for further review and consideration in accordance with this policy.

On an annual basis the Nominating / Corporate Governance Committee evaluates the experience, qualifications, attributes and skills of each of the members of the Board of Directors in light of the Company's business and structure to determine whether each such person should continue to serve as a director. The Nominating / Corporate Governance Committee annually reviews with the Board of Directors the skills and characteristics required of the members in the context of the then current membership of the Board of Directors.

Directors are told to notify the Chair of the Board and Chair of the Nominating / Corporate Governance Committee in the event of any significant change in his or her employment responsibilities or affiliations and so the Board, through the Nominating / Corporate Governance Committee, can review such director's continued appropriateness of Board membership under changed circumstances.

Although according to the Company's bylaws all elections are determined by a plurality of the votes cast, it is the Company's policy that any nominee for director in an uncontested election who does not receive a majority of the votes cast (i.e. receives a greater number of votes "withheld" from or "against" his or her election than votes "for" in such election) shall submit his or her offer of resignation for consideration by the Nominating / Corporate Governance Committee. The Nominating / Corporate Governance Committee shall consider all of the relevant facts and circumstances and recommend to the Board of Directors the action to be taken with respect to such offer of resignation. The Board of Directors will then act on the Nominating / Corporate Governance Committee's recommendation. Promptly following the Board of Directors' decision, the Company will disclose that decision and an explanation of such decision in a filing with the Securities and Exchange Commission and a press release.

Director Commitments and Stockholder Engagement

We consider our relationships with our stockholders to be a high priority. We recognize that stockholders can have a range of different views on our governance policies. For example, we are aware that some stockholders voiced their dissatisfaction with the number of boards that Mr. Lyons and Mr. Orwin serve on by withholding votes for their reelection last year. Mr. Lyons is retired and currently serves on four public company boards in addition to ours. Mr. Orwin, who is CEO and a member of the board of Atreca, also serves on the Seagen board. Over the past year, our Board of Directors has continued to evaluate our policy on director time commitments. To ensure that our Board of Directors and management have an opportunity to listen to and understand varying perspectives, we also discussed this topic during stockholder engagements in 2021. Following engagement and discussion, we updated our policy on the total number of public company boards a director may serve on, as reflected in our Corporate Governance Guidelines, to be no more than four boards in addition to ours, which is consistent with the current policy of the proxy advisory firm Institutional Shareholder Services ("ISS"). We chose to not further limit the number of public company boards that a Board member who is an executive officer at another company may serve on and have maintained that limit at two boards in addition to ours, which is also consistent with current ISS policy. All of our directors are in compliance with our policy regarding the number of public company boards they may serve on. Our Nominating/Corporate Governance Committee and Board believe that Mr. Lyons and Mr. Orwin have each demonstrated their ability to dedicate

sufficient time to carry out their Board duties effectively and believe that it is in the Company's best interest that each continue to serve on our Board. In making this assessment, the Board took into consideration Mr. Lyons' and Mr. Orwin's experience as CEOs in the biopharmaceutical industry and the deep commercial and strategic business expertise each of them brings to the Board. The Board also noted with respect to each of Mr. Lyons and Mr. Orwin, as former and current public biopharmaceutical company CEOs, respectively, their regular engagement with, and ability and willingness to serve as a strategic sounding-board to, our CEO since his appointment in January 2019. With respect to Mr. Lyons, the Board also took into account his status as being retired and his exemplary attendance record, accessibility as Chair of the Board to the other Board members and our management team, and valuable contributions he has made over the years to the growth and strategic direction of the Company. With respect to Mr. Orwin, the Board further took into account the strategically valuable prior experience he has with bringing a new product to the nephrology community, as well as his consistently exemplary record of attendance and participation at the Board and Compensation Committee meetings over the past five years since joining our Board.

Board Diversity

When it comes to the recruitment of new Board members, the Nominating / Governance Committee considers many aspects including skills, knowledge and experience as well as other diversity aspects, including but not limited to, race, gender, ethnicity, sexual orientation and other self-identified diversity characteristics. We have a diversity of skills, professional experience, education, associations, achievements, training, points of view and individual qualities and attributes represented on the Board of Directors. Following the Annual Meeting, four out of our 10 Board members will be diverse by gender, race or sexual orientation and the Board of Directors is committed to increasing the racial and ethnic diversity of the Board.

The Board Diversity Matrix, below, provides the diversity statistics for our Board of Directors:

Board Diversity Matrix (As of April 4, 2022)		
	Female	Male
Total Number of Directors		11
Part I: Gender Identity		
Directors	3	8
Part II: Demographic Background		
African American or Black	1	
White	2	8
LGBTQ+		1

The Nominating/Corporate Governance Committee's goal is to assemble a Board of Directors that brings to the Company a variety of perspectives and skills derived from high quality business and professional experience. In doing so, the Nominating/Corporate Governance Committee also considers candidates with appropriate non-business backgrounds. The Nominating / Corporate Governance Committee generally relies upon, receives and reviews recommendations from third-party search firms as well as a wide variety of contacts, including current executive officers and directors, as sources for potential director candidates. The Board of Directors retains complete independence in making nominations for election to the Board of Directors.

Executive Sessions

As required under Nasdaq listing standards, our independent directors have in the past regularly met, and will continue in the future to regularly meet, in executive sessions in which only independent directors are present. Our independent directors met in executive session at each regularly scheduled Board meeting during 2021.

Director Attendance at Annual Meeting of Stockholders

We do not have a formal policy regarding attendance by members of the Board at our annual meetings of stockholders. Dr. Dube attended our 2021 Annual Meeting of Stockholders.

Stock Ownership Guidelines

We have adopted stock ownership guidelines for our directors and executive officers. For more information about these guidelines, please see "Director Compensation – Director Stock Ownership Guidelines" and "Compensation of Executive Officers- Compensation Discussion and Analysis – Stock Ownership Guidelines" below.

Compensation Committee Interlocks and Insider Participation

Dr. Bruhn and Messrs. Coughlin, Lyons and Orwin each served on the Compensation Committee during the last fiscal year. None of the members of our Compensation Committee has ever been an officer or employee of the Company. None of our executive officers serve, or have served during the last fiscal year, as a member of the Board of Directors, Compensation Committee or other board committee performing equivalent functions of any entity that has one or more executive officers serving as one of our directors or on our Compensation Committee.

Code of Business Conduct and Ethics

We have adopted a code of business conduct and ethics that applies to all of our directors, officers, employees and agents, including those officers responsible for financial reporting. We make our code of business conduct and ethics available on the investors section of our website at

www.travere.com. We intend to disclose future amendments to the code or any waivers of its requirements on our website to the extent permitted by the applicable rules and exchange requirements.

Executive Officers

PROPOSAL 2

APPROVAL OF THE 2018 EQUITY INCENTIVE PLAN, AS AMENDED

Subject to stockholder approval, our Board approved an amendment to the Company's 2018 Equity Incentive Plan (the "2018 Plan") in April 2022 (the 2018 Plan, as amended, the "Amended 2018 Plan") to, among other items, increase the number of shares of common stock authorized for issuance under the 2018 Plan by 2,000,000 shares. The material terms of the Amended 2018 Plan are summarized below.

In this Proposal 2, our stockholders are being asked to approve the Amended 2018 Plan in order to increase the number of shares of the Company's common stock authorized for issuance under the 2018 Plan by an additional 2,000,000 shares and to change the "fungible share counting" provision.

Our Board believes that the Amended 2018 Plan is an integral part of our long-term compensation policy and that the Amended 2018 Plan is necessary to continue providing the appropriate levels and types of equity compensation to our employees.

Why We are Asking our Stockholders to Approve the Amended 2018 Plan

Our Board believes it is in the best interests of the Company and our stockholders to approve the Amended 2018 Plan to increase the number of shares authorized for issuance by an additional 2,000,000 shares. If the Amended 2018 Plan is not approved, we will not have a sufficient amount of authorized shares for future issuance under the 2018 Plan. Prior to the Board approving the Amended 2018 Plan, 11,907,677 shares of common stock were authorized for issuance under the 2018 Plan. As of March 18, 2022, and after taking into account the annual 2022 grants effected in January 2022, 1,419,897 shares of common stock remained available for future grant under the 2018 Plan.

Why You Should Vote to Approve the Amended 2018 Plan

Equity Awards Are an Important Part of Our Compensation Philosophy

Our Board believes that our future success depends, in large part, on our ability to maintain a competitive position in attracting, retaining and motivating employees, nonemployee directors and consultants. The Board believes that the issuance of equity awards is a key element underlying our ability to attract, retain and motivate employees, non-employee directors and consultants, and better aligns the interests of our employees, non-employee directors and consultants with those of our stockholders. The Amended 2018 Plan will allow us to continue to provide equity incentives to our eligible employees, non-employee directors and consultants. Therefore, the Board believes that the Amended 2018 Plan is in the best interests of the Company and its stockholders and recommends a vote in favor of this Proposal 2.

We Have Experienced and Expect to Continue to Experience Substantial Growth in Our Business

The Board believes that the Amended 2018 Plan is necessary to continue to attract and retain the services of talented individuals essential to our long-term growth and financial success. Our Board strongly believes that the issuance of equity awards is a key element underlying our ability to attract, retain and motivate our employees, including our executives, and our consultants and advisors, and is a substantial contributing factor to our success and the growth of our business. So far we have relied significantly on equity incentives in the form of stock option awards and restricted stock unit awards to attract and retain key employees, and we believe that equity incentives are necessary for us to remain competitive in the marketplace for executive talent and other employees. If our stockholders do not approve the Amended 2018 Plan, the Company strongly believes that it will be unable to successfully use equity as part of its compensation program, as most of its competitors in the industry do, putting the Company at a significant disadvantage and compromising its ability to enhance stockholder value.

We Consider Dilution and Manage Our Equity Incentive Award Use Carefully

We continue to believe that equity awards such as stock options and restricted stock units are a vital part of our overall compensation program. Our compensation philosophy reflects broad-based eligibility for equity incentive awards, and we grant awards to substantially all of our employees. However, we recognize that equity awards dilute existing stockholders, and, therefore, we must responsibly manage the growth of our equity compensation program. We are committed to effectively monitoring our equity compensation share reserve, including our "burn rate," to ensure that we maximize stockholders' value by granting the appropriate number of equity incentive awards necessary to attract, reward, and retain employees.

We recognize that some of our stockholders utilize internal calculations to determine whether to support a company's proposal to increase the number of shares reserved for issuance under an equity plan, including potential dilution to stockholders as a percentage of common shares outstanding. Under those calculations, our historical equity dilution may appear high relative to peer companies. This is primarily due to the fact that we are a relatively young company as well as the fact that we did not raise capital through the sale of dilutive equity for a five year period spanning from mid-2015 to mid-2020. Many of our peers have relied on repetitive dilutive equity financings, resulting in a significantly higher number of outstanding common shares than we currently have outstanding. While we have conducted some equity financing, we have primarily relied on our commercial revenues, the sale of a priority review voucher for \$245 million and convertible note financings, including the currently outstanding \$316 million convertible notes issued in March 2022, and the remaining \$69 million in convertible notes outstanding from our September 2018 issuance, to fund our operations, and have not increased the number of our common shares outstanding to a level commensurate with what might be typical for a development stage biopharmaceutical company of our size. In order to execute on our pipeline, maximize the potential of our commercial portfolio and support the projected growth of our company, within a competitive biopharmaceutical labor market, we need highly talented and skilled individuals with extensive experience in the pharmaceutical industry. Appropriate equity awards are a key aspect to attracting, retaining and incentivizing these talented and skilled individuals.

The Size of Our Share Reserve Request is Reasonable

If the Amended 2018 Plan is approved by our stockholders, we expect to have approximately 3,419,897 shares available for grant after our annual meeting, which we anticipate being a pool of shares necessary to provide a predictable amount of equity for attracting, retaining, and motivating employees. The size of our request is also reasonable in light of the equity granted to our employees and directors over the past year.

Additional Amendment

The 2018 Plan (prior to the effectiveness of the proposed amendment) contains a "fungible share counting" structure, whereby the number of shares of our common stock available for issuance under the 2018 Plan is reduced by (i) one share for each share issued pursuant to a stock option or stock appreciation right with an exercise price that is at least 100% of the fair market value of our common stock on the date of grant (an "Appreciation Award") granted under the 2018 Plan and (ii) 1.56 shares for each share issued pursuant to a stock award that is not an Appreciation Award (a "Full Value Award") granted under the 2018 Plan. The Amended 2018 Plan will not contain the 1.56 fungible share formula. Accordingly, Full Value Awards granted under the 2018 Plan on or after the effective date of the proposed amendment would be counted against the 2018 Plan's share limit as one share for every one share underlying the award. Because the 1.56 formula was in place with respect to awards made prior to the proposed amendment will return back to the 2018 Plan's share reserve pool as 1.56 shares for every one share underlying the relevant award to reflect the formula used at the time such award was granted.

Important Aspects of Our Amended 2018 Plan Designed to Protect Our Stockholders' Interests

The Amended 2018 Plan includes provisions that are designed to protect our stockholders' interests and to reflect corporate governance best practices including:

• No single trigger accelerated vesting upon change in control. The Amended 2018 Plan does not provide for any automatic mandatory vesting of awards upon a change in control.

• No liberal share counting or recycling. The following shares will not become available again for issuance under the Amended 2018 Plan: (i) shares that are reacquired or withheld (or not issued) by us to satisfy the exercise or purchase price of a stock award; (ii) shares that are reacquired or withheld (or not issued) by us to satisfy the exercise or purchase price of a stock award; (ii) shares that are reacquired or withheld (or not issued) by us to satisfy the exercise or purchase price of a stock award; (ii) shares that are reacquired or withheld (or not issued) by us to satisfy a tax withholding obligation in connection with a stock award; and (iii) any shares repurchased by us on the open market with the proceeds of the exercise or purchase price of a stock award.

• *Minimum vesting requirements.* The Amended 2018 Plan provides that no award will vest until at least 12 months following the date of grant of the award; *provided, however*, that up to 5% of the aggregate number of shares that may be issued under the Amended 2018 Plan may be subject to awards which do not meet such vesting requirements.

• Recoup/clawback. Awards granted under the Amended 2018 Plan will be subject to recoupment in accordance with any clawback policy that we are required to adopt pursuant to the listing standards of any national securities exchange or association on which our securities are listed or as is otherwise required by the Dodd-Frank Wall Street Reform and Consumer Protection Act or other applicable law.

• Repricing is not allowed without stockholder approval. The Amended 2018 Plan prohibits the repricing of outstanding stock options and stock appreciation rights and the cancellation of any outstanding stock options or stock appreciation rights that have an exercise or strike price greater than the thencurrent fair market value of our common stock in exchange for cash or other stock awards under the Amended 2018 Plan without prior stockholder approval.

• Stockholder approval is required for additional shares. The Amended 2018 Plan does not contain an annual "evergreen" provision. The Amended 2018 Plan authorizes a fixed number of shares, so that stockholder approval is required to issue any additional shares, allowing our stockholders to have direct input on our equity compensation programs.

• No liberal change in control definition. The change in control definition in the Amended 2018 Plan is not a "liberal" definition. A change in control transaction must actually occur in order for the change in control provisions in the Amended 2018 Plan to be triggered.

• No discounted stock options or stock appreciation rights. All stock options and stock appreciation rights granted under the Amended 2018 Plan must have an exercise or strike price equal to or greater than the fair market value of our common stock on the date the stock option or stock appreciation right is granted.

• Administration by independent committee. The Amended 2018 Plan will be administered by the members of our Compensation Committee, all of whom are "non-employee directors" within the meaning of Rule 16b-3 under the Exchange Act and "independent" within the meaning of the Nasdaq listing standards.

• Flexibility in designing equity compensation scheme. The Amended 2018 Plan allows us to provide a broad array of equity incentives, including traditional option grants, stock appreciation rights, restricted stock awards, restricted stock unit awards, performance stock awards, and other stock awards. By providing this flexibility we can quickly and effectively react to trends in compensation practices and continue to offer competitive compensation arrangements to attract and retain the talent necessary for the success of our business.

• Broad based eligibility for equity awards. We grant equity awards to a large portion of our employees. By doing so, we tie our employees' interests with stockholder interests and motivate our employees to act as owners of the business.

• Material amendments require stockholder approval. Consistent with Nasdaq rules, the Amended 2018 Plan requires stockholder approval of any material revisions to the Amended 2018 Plan. In addition, certain other amendments to the Amended 2018 Plan require stockholder approval.

• Limit on non-employee director awards and other awards. The Amended 2018 Plan contains a limit on non-employee director compensation.

• Restrictions on dividends. The Amended 2018 Plan provides that (i) no dividends or dividend equivalents may be paid with respect to any shares of our common stock subject to an award before the date such shares have vested, (ii) any dividends or dividend equivalents that are credited with respect to any such shares will be subject to all of the terms and conditions applicable to such shares under the terms of the applicable award agreement (including any vesting conditions), and (iii) any dividends or dividend equivalents that are credited with respect to any such shares will be forfeited to us on the date such shares are forfeited to or repurchased by us due to a failure to vest.

Description of the Amended 2018 Plan

The material features of the Amended 2018 Plan are described below. The following description of the Amended 2018 Plan is a summary only and is qualified in its entirety by reference to the complete text of the Amended 2018 Plan. Stockholders are urged to read the actual text of the Amended 2018 Plan in its entirety, which is attached to this proxy statement as *Appendix* A.

Purpose

The Amended 2018 Plan is designed to secure and retain the services of our employees, directors and consultants, provide incentives for our employees, directors and consultants to exert maximum efforts for the success of our company and our affiliates, and provide a means by which our employees, directors and consultants may be given an opportunity to benefit from increases in the value of our common stock.

Types of Awards

The terms of the Amended 2018 Plan provide for the grant of incentive stock options, nonstatutory stock options, stock appreciation rights, restricted stock awards, restricted stock unit awards, other stock awards, and performance awards that may be settled in cash, stock, or other property.

Shares Available for Awards

Subject to adjustment for certain changes in our capitalization, the aggregate number of shares of our common stock that may be issued under the Amended 2018 Plan, or the Share Reserve, will not exceed the sum of (A) 12,984,114 shares (which number is the sum of (i) 1,800,000 shares originally added to the Share Reserve in connection with the Company's adoption of the 2018 Plan, (ii) 2,000,000 shares that were added, with

approval by our stockholders, in May 2019, (iii) 2,400,000 shares that were added, with approval by our stockholders, in May 2020, (iv) 3,200,000 shares that were added, with approval by our stockholders, in May 2021, (v) 2,000,000 shares that are subject to approval by our stockholders under this Proposal 2, and (vi) 1,584,114 shares subject to the Prior Plans' Available Reserve (as defined below)), and (B) any Prior Plans' Returning Shares (as defined below), as such shares become available from time to time.

The "Prior Plans' Available Reserve" refers to the unallocated shares that, as of the effective date of the 2018 Plan, remained available for grant under the Company's 2015 Equity Incentive Plan and the Company's 2014 Incentive Compensation Plan (collectively, the "Prior Plans").

The "Prior Plans' Returning Shares" are shares subject to outstanding stock awards granted under the Prior Plans that, from and after the effective date of the 2018 Plan, (i) expire or terminate for any reason prior to exercise or settlement or (ii) are forfeited, cancelled or otherwise returned to us because of the failure to meet a contingency or condition required for the vesting of such shares.

The number of shares of our common stock available for issuance under the Amended 2018 Plan will be reduced by (i) one share for each share of common stock issued pursuant to a stock option or stock appreciation right with an exercise or strike price of at least 100% of the fair market value of the underlying common stock on the date of grant, and (ii) one share for each share of common stock issued pursuant to a full value award (i.e., any stock award that is not a stock option or stock appreciation right with an exercise or strike price of at least 100% of the fair market value of the underlying common stock appreciation right with an exercise or strike price of at least 100% of the fair market value of the underlying common stock on the date of grant).

If (i) any shares of common stock subject to a stock award are not issued because the stock award expires or otherwise terminates without all of the shares covered by the stock award having been issued or is settled in cash, or (ii) any shares of common stock issued pursuant to a stock award are forfeited back to or repurchased by us because of the failure to meet a contingency or condition required for the vesting of such shares, then such shares will again become available for issuance under the Amended 2018 Plan (collectively, the "2018 Plan Returning Shares"). For each 2018 Plan Returning Share subject to a full value award, or Prior Plans' Returning Share subject to a stock award other than a Prior Plans' Appreciation Award, the number of shares of common stock available for issuance under the Amended 2018 Plan will increase by the share ratio used at time of grant.

Any shares of common stock reacquired or withheld (or not issued) by us to satisfy the exercise or purchase price of a stock award will no longer be available for issuance under the Amended 2018 Plan, including any shares subject to a stock award that are not delivered to a participant because the stock award is exercised through a reduction of shares subject to the stock award. In addition, any shares reacquired or withheld (or not issued) by us to satisfy a tax withholding obligation in connection with a stock award granted under the Amended 2018 Plan or a stock award under a Prior Plan, or any shares repurchased by us on the open market with the proceeds of the exercise or strike price of a stock option or stock appreciation right granted under the Amended 2018 Plan or a stock option or stock appreciation right granted under the Amended 2018 Plan or a stock option or stock appreciation right granted under the Amended 2018 Plan.

Eligibility

Persons eligible to participate in the Amended 2018 Plan are officers, employees, non-employee directors and other key persons (including consultants) of ours and our affiliates, as selected from time to time by the Compensation Committee in its discretion. As of the Record Date, approximately 329 individuals were eligible to participate in the Amended 2018 Plan, which included six executive officers, 313 employees who are not officers, and ten non-employee directors. Incentive stock options may be granted under the Amended 2018 Plan only to our employees (including officers) and employees of our affiliates.

Non-Employee Director Compensation Limit

Under the Amended 2018 Plan, the maximum number of shares of our common stock subject to stock awards granted during any one calendar year to any of our nonemployee directors, taken together with any cash fees paid by the Company to such non-employee director during such calendar year, will not exceed \$750,000 in total value, or \$1,250,000 with respect to the calendar year in which the individual is first appointed or elected to the Board (calculating the value of any such stock awards based on the grant date fair value of such stock awards for financial reporting purposes).

Administration

The Amended 2018 Plan will be administered by our Board, which may in turn delegate authority to administer the Amended 2018 Plan to a committee. Our Board has delegated concurrent authority to administer the Amended 2018 Plan to our Compensation Committee, but may, at any time, revest in itself some or all of the power delegated to our Compensation Committee. The Board and the Compensation Committee are each considered to be a Plan Administrator for purposes of this Proposal 2. Subject to the terms of the Amended 2018 Plan (including certain minimum vesting requirements (see "Minimum Vesting Requirements" below)), the Plan Administrator, may determine the recipients, the types of awards to be granted, the number of shares of our common stock subject to or the cash value of awards, and the terms and conditions of awards granted under the Amended 2018 Plan, including the period of their exercisability and vesting. The Plan Administrator also has the authority to provide for accelerated exercisability and vesting of awards. Subject to the limitations set forth below, the Plan Administrator also determines the fair market value applicable to a stock award and the exercise or strike price of stock options and stock appreciation rights granted under the Amended 2018 Plan.

The Plan Administrator may also delegate to one or more officers the authority to designate employees who are not officers to be recipients of certain stock awards and the number of shares of our common stock subject to such stock awards. Under any such delegation, the Plan Administrator will specify the total number of shares of our common stock that may be subject to the stock awards granted by such officer. The officer may not grant a stock award to himself or herself.

Repricing; Cancellation and Re-Grant of Stock Awards

Under the Amended 2018 Plan, the Plan Administrator does not have the authority to reprice any outstanding stock option or stock appreciation right by reducing the exercise or strike price of the stock option or stock appreciation right or to cancel any outstanding stock option or stock appreciation right that has an exercise or strike price greater than the then-current fair market value of our common stock in exchange for cash or other stock awards without obtaining the approval of our stockholders. Such approval must be obtained within 12 months prior to such an event.

Minimum Vesting Requirements

Under the Amended 2018 Plan, no stock award will vest (or, if applicable, be exercisable) until at least 12 months following the date of grant of the stock award; provided, however, that up to 5% of the Share Reserve may be subject to awards which do not meet such vesting (and, if applicable, exercisability) requirements.

Stock Options

Stock options may be granted under the Amended 2018 Plan pursuant to stock option agreements. The Amended 2018 Plan permits the grant of stock options that are intended to qualify as incentive stock options, or ISOs, and nonstatutory stock options, or NSOs.

The exercise price of a stock option granted under the Amended 2018 Plan may not be less than 100% of the fair market value of the common stock subject to the stock option on the date of grant and, in some cases (see "Limitations on Incentive Stock Options" below), may not be less than 110% of such fair market value.

The term of stock options granted under the Amended 2018 Plan may not exceed ten years and, in some cases (see "Limitations on Incentive Stock Options" below), may not exceed five years. Except as otherwise provided in a participant's stock option agreement or other written agreement with us or one of our affiliates, if a participant's service relationship with us or any of our affiliates (referred to in this Proposal 2 as "continuous service") terminates (other than for cause and other than upon the participant's death or disability), the participant may exercise any vested stock options for up to three months following the participant's termination of continuous service. Except as otherwise provided in a participant's dock option agreement or other written agreement with us or one of our affiliates, if a participant, or his or her beneficiary, as applicable, may exercise any vested stock options for up to 12 months following the participant's termination due to the participant's disability or for up to 18 months following the participant's death. Except as explicitly provided otherwise in a participant's stock option agreement or other written agreement with us or one of our affiliates, if a participant's continuous service is terminated for cause (as defined in the Amended 2018 Plan), all stock options held by the participant will terminate upon the participant's termination of continuous service and the participant will be prohibited from exercising any stock option from and after such termination date. Except as otherwise provided in a participant's stock option agreement or other written agreement with us or one of our affiliates, the term of a stock option may be extended if the exercise of the stock option following the participant's termination of continuous service (other than for cause and other than upon the participant's termination of continuous service is leaved in a participant's death or cause and other than upon the participant's termination of continuous service is the stock option following

Acceptable forms of consideration for the purchase of our common stock pursuant to the exercise of a stock option under the Amended 2018 Plan will be determined by the Plan Administrator and may include payment: (i) by cash, check, bank draft or money order payable to us; (ii) pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board; (iii) by delivery to us of shares of our common stock (either by actual delivery or attestation); (iv) by a net exercise arrangement (for NSOs only); or (v) in other legal consideration approved by the Plan Administrator.

Subject to certain minimum vesting requirements (see "Minimum Vesting Requirements" above), stock options granted under the Amended 2018 Plan may become exercisable in cumulative increments, or "vest," as determined by the Plan Administrator at the rate specified in the stock option agreement. Shares covered by different stock options granted under the Amended 2018 Plan may be subject to different vesting schedules as the Plan Administrator may determine.

The Plan Administrator may impose limitations on the transferability of stock options granted under the Amended 2018 Plan in its discretion. Generally, a participant may not transfer a stock option granted under the Amended 2018 Plan other than by will or the laws of descent and distribution or, subject to approval by the Plan Administrator, pursuant to a domestic relations order or an official marital settlement agreement. However, the Plan Administrator may permit transfer of a stock option in a manner that is not prohibited by applicable tax and securities laws. In addition, subject to approval by the Plan Administrator, a participant may designate a beneficiary who may exercise the stock option following the participant's death.

Limitations on Incentive Stock Options

The aggregate fair market value, determined at the time of grant, of shares of our common stock with respect to ISOs that are exercisable for the first time by a participant during any calendar year under all of our stock plans may not exceed \$100,000. The stock options or portions of stock options that exceed this limit or otherwise fail to qualify as ISOs are treated as NSOs. No ISO may be granted to any person who, at the time of grant, owns or is deemed to own stock possessing more than 10% of our total combined voting power or that of any affiliate unless the following conditions are satisfied:

• the exercise price of the ISO must be at least 110% of the fair market value of the common stock subject to the ISO on the date of grant; and

the term of the ISO must not exceed five years from the date of grant.

Subject to adjustment for certain changes in our capitalization, the aggregate maximum number of shares of our common stock that may be issued pursuant to the exercise of ISOs under the Amended 2018 Plan is 8,000,000 shares (subject also to the limitations described above under "Shares Available for Awards").

Stock Appreciation Rights

Stock appreciation rights may be granted under the Amended 2018 Plan pursuant to stock appreciation right agreements. Each stock appreciation right is denominated in common stock share equivalents. The strike price of each stock appreciation right will be determined by the Plan Administrator, but will in no event be less than 100% of the fair market value of the common stock subject to the stock appreciation right on the date of grant. Subject to certain minimum vesting requirements (see "Minimum Vesting Requirements" above), the Plan Administrator may also impose restrictions or conditions upon the vesting of stock appreciation rights that it deems appropriate. The appreciation distribution payable upon exercise of a stock appreciation right may be paid in shares of our common stock, in cash, in a combination of cash and stock, or in any other form of consideration determined by the Plan Administrator and set forth in the stock appreciation right agreement. Stock appreciation rights will be subject to the same conditions upon thermination of continuous service and restrictions on transfer as stock options under the Amended 2018 Plan.

Restricted Stock Awards

Restricted stock awards may be granted under the Amended 2018 Plan pursuant to restricted stock award agreements. A restricted stock award may be granted in consideration for cash, check, bank draft or money order payable to us, the participant's services performed for us or any of our affiliates, or any other form of legal consideration acceptable to the Plan Administrator. Subject to certain minimum vesting requirements (see "Minimum Vesting Requirements" above), shares of our common stock acquired under a restricted stock award may be subject to forfeiture to or repurchase by us in accordance with a vesting schedule to be determined by the Plan Administrator. Rights to acquire shares of our common stock under a restricted stock award may be transferred only upon such terms and conditions as are set forth in the restricted stock award agreement. A restricted stock award agreement may provide that any dividends paid on restricted stock will be subject to the same vesting conditions as apply to the shares subject to the restricted stock awards held by the participant's termination of continuous service for any reason, any shares subject to restricted stock awards held by the participant that have not vested as of such termination date may be forfeited to or repurchased by us.

Restricted Stock Unit Awards

Restricted stock unit awards may be granted under the Amended 2018 Plan pursuant to restricted stock unit award agreements. Payment of any purchase price may be made in any form of legal consideration acceptable to the Plan Administrator. A restricted stock unit award may be settled by the delivery of shares of our common stock, in cash, in a combination of cash and stock, or in any other form of consideration determined by the Plan Administrator and set forth in the restricted stock unit award agreement. Subject to certain minimum vesting requirements (see "Minimum Vesting Requirements" above), restricted stock unit awards may be subject to vesting in accordance with a vesting schedule to be determined by the Plan Administrator. Dividend equivalents may be credited in respect of shares of our common stock covered by a restricted stock unit award, provided that any additional shares credited by reason of such dividend equivalents will be subject to all of the same terms and conditions of the underlying restricted stock unit award agreement or other written agreement with us or one of our affiliates, restricted stock units that have not vested will be forfeited upon the participant's termination of continuous service for any reason.

Performance Awards

A performance stock award is a stock award that is payable (including that may be granted, may vest, or may be exercised) contingent upon the attainment of predetermined performance goals during a performance period. A performance stock award may require the completion of a specified period of continuous service. Subject to certain minimum vesting requirements (see "Minimum Vesting Requirements" above), the length of any performance period, the performance goals to be achieved during the performance period, and the measure of whether and to what degree such performance goals have been attained will be determined by the Plan Administrator. In addition, to the extent permitted by applicable law and the performance stock award agreement, the Plan Administrator may determine that cash may be used in payment of performance stock awards.

In granting a performance stock award the Plan Administrator will set a period of time, or a performance period, over which the attainment of one or more goals, or performance goals, will be measured. Our Compensation Committee will establish the performance goals, based upon one or more criteria, or performance criteria, enumerated in the Amended 2018 Plan and described below. As soon as administratively practicable following the end of the performance period, the Plan Administrator will determine whether the performance goals have been satisfied.

Performance goals under the Amended 2018 Plan will be based on any one or more of the following performance criteria: (1) earnings (including earnings per share and net earnings); (2) earnings before interest, taxes and depreciation; (3) earnings before interest, taxes, depreciation and amortization; (4) total stockholder return; (5) return on equity or average stockholder's equity; (6) return on assets, investment, or capital employed; (7) stock price; (8) margin (including gross margin); (9) income (before or after taxes); (10) operating income after taxes; (12) pre-tax profit; (13) operating cash flow; (14) sales or revenue targets; (15) increases in revenue or product revenue; (16) expenses and cost reduction goals; (17) improvement in or attainment of working capital levels; (18) economic value added (or an equivalent metric); (19) market share; (20) cash flow; (21) cash flow per share; (22) share price performance; (23) debt reduction; (24) implementation or completion of projects or processes; (25) customer satisfaction; (26) stockholders' equity; (27) capital expenditures; (28) debt levels; (29) operating profit or net operating profit; (30) workforce diversity; (31) growth of net income or operating income; (32) billings; (33) pre-clinical development related compound goals; (34) financing; (35) regulatory milestones, including approval of a compound; (36) stockholder liquidity; (37) corporate governance and compliance; (38) product commercialization; (39) intellectual property; (40) personnel matters; (41) progress of internal research or clinical programs; (42)

progress of partnered programs; (43) implementation or completion of projects and processes; (44) partner satisfaction; (45) budget management; (46) clinical achievements; (47) completing phases of a clinical study (including the treatment phase); (48) announcing or presenting preliminary or final data from clinical studies; in each case, whether on particular timelines or generally; (49) timely completion of clinical trials; (50) submission of INDs and NDAs and other regulatory achievements; (51) partner or collaborator achievements; (52) internal controls, including those related to the Sarbanes-Oxley Act of 2002; (53) research progress, including the development of programs; (54) investor relations, analysts and communication; (55) manufacturing achievements (including obtaining particular yields from manufacturing runs and other measurable objectives related to process development activities); (56) strategic partnerships or transactions (including in-licensing and out-licensing of intellectual property; (57) establishing relationships with commercial entities with respect to the marketing, distribution and sale of the Company's products (including with group purchasing organizations, distributors and other vendors); (58) supply chain achievements (including establishing relationships with manufacturers or suppliers of active pharmaceutical ingredients and other component materials and manufacturers of the Company's products); (59) co-development, co-marketing, profit sharing, joint venture or other similar arrangements; and (60) other measures of performance selected by the Plan Administrator.

Performance goals may be based on a company-wide basis, with respect to one or more business units, divisions, affiliates or business segments, and in either absolute terms or relative to the performance of one or more comparable companies or the performance of one or more relevant indices. In establishing a performance goal, the Plan Administrator may provide that performance will be appropriately adjusted as follows: (1) to exclude restructuring and/or other nonrecurring charges; (2) to exclude exchange rate effects; (3) to exclude the effects of any statutory adjustments to corporate tax rates; (5) to exclude the effects of any "extraordinary items" as determined under generally accepted accounting principles; (6) to exclude the dilutive effects of any charges in the outstanding shares of common stock of the Company by reason of any stock dividend or split, stock repurchase, reorganization, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other similar corporate change, or any distributions to common stockholders other than regular cash dividends; (9) to exclude the effects of stock based compensation and the award of bonuses under the Company's bonus plans; (10) to exclude the effect of any change share are required to be expensed under generally accepted accounting principles and (12) to exclude the effect of any other than regular cash dividends; (9) to exclude the effects of stock based compensation and the award of bonuses under the Company's bonus plans; (10) to exclude exclude the effect or is content in connection with potential acquisitions or divestitures that are required to be expended accounting principles and (12) to exclude the effect of any other unusual, non-recurring gain or loss or other extraordinary item. In addition, our board of directors retains the discretion to reduce or eliminate the compensation or economic benefit due upon attainment of performance goals and to define the manner of calculating the performance criteria it selects to use for a

Other Stock Awards

Other forms of stock awards valued in whole or in part by reference to, or otherwise based on, our common stock may be granted either alone or in addition to other stock awards under the Amended 2018 Plan. Subject to the terms of the Amended 2018 Plan (including certain minimum vesting requirements (see "Minimum Vesting Requirements" above)), the Plan Administrator will have sole and complete authority to determine the persons to whom and the time or times at which such other stock awards will be granted, the number of shares of our common stock to be granted and all other terms and conditions of such other stock awards.

Recoup/Clawback

Awards granted under the Amended 2018 Plan will be subject to recoupment in accordance with any clawback policy that we are required to adopt pursuant to the listing standards of any national securities exchange or association on which our securities are listed or as is otherwise required by the Dodd-Frank Wall Street Reform and Consumer Protection Act or other applicable law.

Changes to Capital Structure

In the event of certain capitalization adjustments, the Plan Administrator will appropriately adjust: (i) the class(es) and maximum number of securities subject to the Amended 2018 Plan; (ii) the class(es) and maximum number of securities that may be issued pursuant to the exercise of ISOs; and (iii) the class(es) and number of securities and price per share of stock subject to outstanding stock awards.

Transaction

In the event of a transaction (as defined in the Amended 2018 Plan and described below), the Plan Administrator may take one or more of the following actions with respect to stock awards, contingent upon the closing or consummation of the transaction, unless otherwise provided in the instrument evidencing the stock award, in any other written agreement between us or one of our affiliates and the participant or in our director compensation policy, or unless otherwise provided by the Plan Administrator at the time of grant of the stock award:

 arrange for the surviving or acquiring corporation (or its parent company) to assume or continue the stock award or to substitute a similar stock award for the stock award (including an award to acquire the same consideration paid to our stockholders pursuant to the transaction);

 arrange for the assignment of any reacquisition or repurchase rights held by us in respect of our common stock issued pursuant to the stock award to the surviving or acquiring corporation (or its parent company);

• accelerate the vesting (and, if applicable, the exercisability) of the stock award to a date prior to the effective time of the transaction as determined by the Plan Administrator (or, if the Plan Administrator does not determine such a date, to the date that is five days prior to the effective date of the transaction), with the stock award terminating if not exercised (if applicable) at or prior to

the effective time of the transaction; *provided, however*, that the Plan Administrator may require participants to complete and deliver to us a notice of exercise before the effective date of a transaction, which is contingent upon the effectiveness of the transaction;

arrange for the lapse of any reacquisition or repurchase rights held by us with respect to the stock award;

• cancel or arrange for the cancellation of the stock award, to the extent not vested or not exercised prior to the effective time of the transaction, in exchange for such cash consideration, if any, as the Plan Administrator may consider appropriate; and

• cancel or arrange for the cancellation of the stock award, to the extent not vested or not exercised prior to the effective time of the transaction, in exchange for a payment, in such form as may be determined by the Plan Administrator equal to the excess, if any, of (i) the value of the property the participant would have received upon the exercise of the stock award immediately prior to the effective time of the transaction, over (ii) any exercise price payable in connection with such exercise, which payment may be subject to any escrow, holdback, earnout or similar provisions to the same extent and in the same manner as those provisions apply to holders of common stock.

The Plan Administrator is not required to take the same action with respect to all stock awards or portions of stock awards or with respect to all participants. The Plan Administrator may take different actions with respect to the vested and unvested portions of a stock award.

For purposes of the Amended 2018 Plan, a transaction will be deemed to occur in the event of a corporate transaction or a change in control. A corporate transaction generally means the consummation of (i) a sale or other disposition of all or substantially all of our consolidated assets, (ii) a sale or other disposition of at least 90% of our outstanding securities, (iii) a merger, consolidation or similar transaction following which we are not the surviving corporation, or (iv) a merger, consolidation or similar transaction following which we are the surviving corporation but the shares of our common stock outstanding immediately prior to such transaction are converted or exchanged into other property by virtue of the transaction.

A change of control generally means (i) the acquisition by a person or entity of more than 50% of our combined voting power other than by merger, consolidation or similar transaction; (ii) a consummated merger, consolidation or similar transaction immediately after which our stockholders cease to own more than 50% of the combined voting power of the surviving entity; (iii) a consummated sale, lease or exclusive license or other disposition of all or substantially of our consolidated assets; or (iv) when a majority of our board of directors becomes comprised of individuals whose nomination, appointment, or election was not approved by a majority of our board members or their approved successors.

Change in Control

Under the Amended 2018 Plan, a stock award may be subject to additional acceleration of vesting and exercisability upon or after a termination of service in connection with a change in control (as defined in the Amended 2018 Plan and described below) as may be provided in the participant's stock award agreement, in any other written agreement with us or one of our affiliates or in our director compensation policy, but in the absence of such provision, no such acceleration will occur.

The acceleration of vesting of an award in the event of a corporate transaction or a change in control event under the 2018 Plan may be viewed as an anti-takeover provision, which may have the effect of discouraging a proposal to acquire or otherwise obtain control of us.

Dissolution

If the Company dissolves, all outstanding stock awards (other than fully vested stock awards and outstanding shares of our common stock not subject to a forfeiture condition or our right of repurchase) will terminate immediately prior to the dissolution, and we may repurchase or reacquire the shares of our common stock subject to our repurchase rights or a forfeiture condition even if the participant is providing service. Our board of directors may provide, in its discretion, that some or all of the outstanding stock awards will become fully vested, exercisable, or no longer subject to repurchase or forfeiture prior to the dissolution but contingent on its completion.

Plan Amendments and Termination

The Plan Administrator will have the authority to amend or terminate the Amended 2018 Plan at any time. However, except as otherwise provided in the Amended 2018 Plan or an award agreement, no amendment or termination of the Amended 2018 Plan may materially impair a participant's rights under his or her outstanding awards without the participant's consent. We will obtain stockholder approval of any amendment to the Amended 2018 Plan as required by applicable law and listing requirements. No incentive stock options may be granted under the Amended 2018 Plan after the tenth anniversary of the date the 2018 Plan was adopted by our Board.

U.S. Federal Income Tax Consequences

The following is a summary of the principal United States federal income tax consequences to participants and us with respect to participation in the Amended 2018 Plan. This summary is not intended to be exhaustive and does not discuss the income tax laws of any local, state or foreign jurisdiction in which a participant may reside. The information is based upon current federal income tax rules and therefore is subject to change when those rules change. Because the tax consequences to any participant may depend on his or her particular situation, each participant should consult the participant's tax adviser regarding the federal, state, local and other tax consequences of the grant or exercise of an award or the disposition of stock acquired under the Amended 2018 Plan. The Amended 2018 Plan is not gualified under the provisions of Section 401(a) of the Code and is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974. Our ability to realize the benefit of any tax deductions described below depends on our generation of taxable income as well as the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of our tax reporting obligations.

Nonstatutory Stock Options

Generally, there is no taxation upon the grant of an NSO if the stock option is granted with an exercise price equal to the fair market value of the underlying stock on the grant date. Upon exercise, a participant will recognize ordinary income equal to the excess, if any, of the fair market value of the underlying stock on the date of exercise of the stock option over the exercise price. If the participant is employed by us or one of our affiliates, that income will be subject to withholding taxes. The participant's tax basis in those shares will be equal to his or her fair market value on the date of exercise of the stock option, and the participant's capital gain holding period for those shares will begin on that date.

Subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the participant.

Incentive Stock Options

The Amended 2018 Plan provides for the grant of stock options that are intended to qualify as "incentive stock options," as defined in Section 422 of the Code. Under the Code, a participant generally is not subject to ordinary income tax upon the grant or exercise of an ISO. If the participant holds a share received upon exercise of an ISO for more than two years from the date the stock option was granted and more than one year from the date the stock option was exercised, which is referred to as the required holding period, the difference, if any, between the amount realized on a sale or other taxable disposition of that share and the participant's tax basis in that share will be long-term capital gain or loss.

If, however, a participant disposes of a share acquired upon exercise of an ISO before the end of the required holding period, which is referred to as a disqualifying disposition, the participant generally will recognize ordinary income in the year of the disqualifying disposition equal to the excess, if any, of the fair market value of the share on the date of exercise of the stock option over the exercise price. However, if the sales proceeds are less than the fair market value of the share on the date of exercise of the stock option, the amount of ordinary income recognized by the participant will not exceed the gain, if any, realized on the sale. If the amount realized on a disqualifying disposition exceeds the fair market value of the share on the date of exercise of the stock option, that excess will be short-term or long-term capital gain, depending on whether the holding period for the share exceeds one year.

For purposes of the alternative minimum tax, the amount by which the fair market value of a share of stock acquired upon exercise of an ISO exceeds the exercise price of the stock option generally will be an adjustment included in the participant's alternative minimum taxable income for the year in which the stock option is exercised. If, however, there is a disqualifying disposition of the share in the year in which the stock option is exercised, there will be no adjustment for alternative minimum tax purposes with respect to that share. In computing alternative minimum taxable income, the tax basis of a share acquired upon exercise of an ISO is increased by the amount of the adjustment taken into account with respect to that share for alternative minimum tax purposes in the year the stock option is exercised.

We are not allowed a tax deduction with respect to the grant or exercise of an ISO or the disposition of a share acquired upon exercise of an ISO after the required holding period. If there is a disqualifying disposition of a share, however, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the participant, subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code, and provided that either the employee includes that amount in income or we timely satisfy our reporting requirements with respect to that amount.

Restricted Stock Awards

Generally, the recipient of a restricted stock award will recognize ordinary income at the time the stock is received equal to the excess, if any, of the fair market value of the stock received over any amount paid by the recipient in exchange for the stock. If, however, the stock is not vested when it is received (for example, if the employee is required to work for a period of time in order to have the right to sell the stock), the recipient generally will not recognize income until the stock becomes vested, at which time the recipient will recognize ordinary income equal to the excess, if any, of the fair market value of the stock on the date it becomes vested over any amount paid by the recipient in exchange for the stock. A recipient may, however, file an election with the Internal Revenue Service, within 30 days following his or her receipt of the stock award, to recognize ordinary income, as of the date the recipient receives the award, equal to the excess, if any, of the fair market value of the fair market value of the stock on the date the award is granted over any amount paid by the recipient for the stock.

The recipient's basis for the determination of gain or loss upon the subsequent disposition of shares acquired from a restricted stock award will be the amount paid for such shares plus any ordinary income recognized either when the stock is received or when the stock becomes vested.

Subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the recipient of the restricted stock award.

Restricted Stock Unit Awards

Generally, the recipient of a restricted stock unit award structured to comply with the requirements of Section 409A of the Code or an exception to Section 409A of the Code will recognize ordinary income at the time the stock is delivered equal to the excess, if any, of the fair market value of the stock received over any amount paid by the recipient in exchange for the stock. To comply with the requirements of Section 409A of the Code, the stock subject to a restricted stock unit award may generally only be delivered upon one of the following events: a fixed calendar date (or dates), separation from service, death, disability or a change in control. If delivery occurs on another date, unless the restricted stock unit award otherwise complies with or qualifies for an exception to the requirements of Section 409A of the Code (including delivery upon achievement of a performance goal), in addition to the tax treatment described above, the recipient will owe an additional 20% federal tax and interest on any taxes owed.

The recipient's basis for the determination of gain or loss upon the subsequent disposition of shares acquired from a restricted stock unit award will be the amount paid for such shares plus any ordinary income recognized when the stock is delivered.

Subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the recipient of the restricted stock unit award.

Stock Appreciation Rights

Generally, if a stock appreciation right is granted with an exercise price equal to the fair market value of the underlying stock on the grant date, the recipient will recognize ordinary income equal to the fair market value of the stock or cash received upon such exercise. Subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code, and the satisfaction of a tax reporting obligation, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the recipient of the stock appreciation right.

Section 162(m) Limitations

Compensation of persons who are "covered employees" of the Company is subject to the tax deduction limits of Section 162(m) of the Code. The exemption from Section 162(m)'s deduction limit for performance-based compensation has been repealed, effective for taxable years beginning after December 31, 2017, such that compensation paid to our covered employees in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017.

(1) Awards granted under the Amended 2018 Plan to our executive officers and other employees are discretionary and are not subject to set benefits or amounts under the terms of the Amended 2018 Plan, and our Board and our Compensation Committee have not granted any awards under the Amended 2018 Plan subject to stockholder approval of this Proposal 2. Accordingly, the benefits or amounts that will be received by or allocated to our executive officers and other employees under the Amended 2018 Plan, as well as the benefits or amounts which would have been received by or allocated to our executive officers and other employees for fiscal year 2018 if the Amended 2018 Plan had been in effect, are not determinable.

Awards granted under the Amended 2018 Plan to our non-employee directors are discretionary and are not subject to set benefits or amounts under the terms of the Amended 2018 Plan. Pursuant to our compensation policy for non-employee directors, however, each of our current non-employee directors is eligible to receive an annual retainer of \$50,000 for serving on the Board and, if applicable, an additional annual retainer of \$35,000 for serving as the Chair of the Board, an additional annual retainer of \$10,000 for service as a member of the Audit Committee (\$20,000 for serving as the Chair of the Audit Committee), an additional annual retainer of \$7,500 for serving as a member of the Compensation Committee (\$15,000 for serving as the Chair of the Compensation Committee), an additional annual retainer of \$5,000 for serving as a member of the Nominating /Corporate Governance Committee (\$12,000 for serving as the Chair of the Nominating and Corporate Governance Committee) and an additional annual retainer of \$5,000 for serving as a member of the Science and Medical Technology Committee (\$10,000 for serving as the Chair of the Science and Technology Committee) for each calendar year, provided that the non-employee director continues his or her service as a non-employee director (or Chair of the Board or member or Chair of a committee, as applicable) during such calendar year. A non-employee director may elect to receive the value of such retainers in the form of stock options. The number of shares subject to each option grant is determined on the basis of the "fair value" of our common stock using a Black-Scholes or binominal valuation model, in each case on the date of grant and, therefore, is not determinable at this time. Pursuant to our compensation policy for non-employee directors, any non-employee director who is first elected to the Board will be granted an option to purchase 15,750 shares of our common stock and 5,250 restricted stock units on the date of his or her initial election to the Board. In addition, on the date of each annual meeting, each person who has served as a non-employee director since at least the date that is six (6) months prior to the date of such annual meeting and continues to serve as a non-employee member of the Board of Directors following such annual meeting will be granted a stock option to purchase 9,000 shares of our common stock and 3,000 restricted stock units. All option grants will have an exercise price per share equal to the fair market value of our common stock on the date of grant. Each initial grant for a non-employee director will vest

over a three year period, and each annual grant for a non-employee director will vest over a one year period, in each case subject to the director's continuing service on our Board of Directors. After the date of the annual meeting, any such awards will be granted under the Amended 2018 Plan if this Proposal 2 is approved by our stockholders. For additional information regarding our compensation policy for non-employee directors, see the "*Director Compensation*" section below.

Required Vote and Board of Directors Recommendation

Stockholders are requested in this Proposal 2 to approve the Amended 2018 Plan described above. Approval of this Proposal 2 requires the affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote on the matter. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as "Against" votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved. The Amended 2018 Plan will not go into effect unless it is approved by our stockholders. A copy of the Amended 2018 Plan is appended to this proxy statement as *Appendix* A, which stockholders are urged to read. The description of the Amended 2018 Plan in this Proposal 2 is a summary only and is qualified in its entirety by reference to the complete text of the Amended 2018 Plan.

THE BOARD OF DIRECTORS RECOMMENDS

A VOTE FOR PROPOSAL 2

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Section 14A of the Exchange Act, our stockholders are entitled to vote to approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed in this proxy statement in accordance with SEC rules. At the 2020 Annual Meeting of Stockholders, the stockholders indicated their preference that the Company solicit a non-binding advisory vote on the compensation of the named executive officers, commonly referred to as a "say-on-pay vote," every year. The Board of Directors has adopted a policy that is consistent with that preference. In accordance with that policy, this year, the Company is again asking the stockholders to approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed in this proxy statement in accordance with SEC rules.

This vote is not intended to address any specific item of compensation, but rather the overall compensation of the Company's named executive officers and the related practices described in this proxy statement. The compensation of the Company's named executive officers subject to the vote is disclosed in the Compensation Discussion and Analysis and related compensation tables contained in this proxy statement. Compensation of the Company's named executive officers is designed to enable the Company to attract and retain talented and experienced executives to lead the Company successfully in a competitive environment.

Summary of the Company's Executive Compensation Philosophy

The Compensation Committee of the Board of Directors (the "Compensation Committee") bases its executive compensation decisions on a number of objectives which include aligning management incentives with interests of stockholders, providing competitive compensation, appropriately balancing compensation risk in the context of the Company's business strategy and meeting evolving compensation governance standards. The philosophy of the Compensation Committee in establishing the Company's compensation policy for executive officers as well as all other employees is to:

- · align compensation plans with both short-term and long-term goals and objectives of the Company and stockholder interests;
- attract and retain highly skilled individuals by offering compensation that compares favorably to other employers who are competing for available employees;

incentivize employees through a mix of base salary, bonus amounts based on achievement of defined corporate goals and long-term equity awards to generate returns for stockholders; and

• pay for performance by ensuring that an ever increasing percentage of an individual's compensation is performance-based as they progress to higher levels within the Company.

As discussed below in the Compensation Discussion and Analysis, we believe that we have adopted a compensation philosophy that provides strong alignment between executive pay and performance based on strategic goals designed to provide both near-term and long-term growth in stockholder value.

Accordingly, the Board of Directors is asking the stockholders to indicate their support for the compensation of the Company's named executive officers as described in this proxy statement by casting a non-binding advisory vote "For" the following resolution:

"RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis and related compensation tables, are hereby APPROVED."

Because the vote is advisory, it is not binding on the Board of Directors or the Company. Nevertheless, the views expressed by the stockholders, whether through this vote or otherwise, are important to management and the Board of Directors and, accordingly, the Board of Directors and the Compensation Committee intend to consider the results of this vote in making determinations in the future regarding executive compensation arrangements.

Vote Required

Advisory approval of this proposal requires the vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote on the matter. Unless the Board of Directors decides to modify its policy regarding the frequency of soliciting say-on-pay advisory votes on the compensation of the Company's named executives, the next scheduled say-on-pay vote will be at the 2023 Annual Meeting of Stockholders.

From December 2003 until November 2015, Mr. Heerma held roles of increasing responsibility at Abbott Laboratories ("Abbott"), and following Abbott's spin-off of AbbVie, Inc., a biopharmaceutical company, at AbbVie. These roles included Senior Director of Portfolio Strategy for hepatology and nephrology, Senior Director and Asset Team Lead for HCV, diabetic nephropathy, and neuroscience development projects (all AbbVie), Director of Commercial Strategy Renal Care, International Marketing Director, Business Unit Manager of hospital products, and Product Manager for obesity and cardiovascular products (all AbbOtt). Mr. Heerma holds a Master of Science in European business administration and business law from the Lund University in Sweden and a Bachelor of Science in retail management and marketing from Stenden University in the Netherlands.

Jula Inrig has served as Chief Medical Officer of the Company since January 2022. Previously, Dr. Inrig served as Global Head of the Renal Center of Excellence at IQVIA, a global provider of analytics, technology solutions, and clinical research services to the life sciences industry, from September 2017 to December 2021, where she helped develop the design, execution and strategy of clinical trials leading to U.S. Food and Drug Administration (FDA) and European Medicines Agency (EMA) approvals in autosomal dominant polycystic kidney disease (ADPKD), and diabetic kidney disease. From August 2012 to March 2015 Dr. Inrig served as Medical Director, and then as Senior Medical Director from April 2015 to December 2021 and was responsible for the execution of numerous global clinical trials, including pivotal phase 3 trials in FSGS, IgAN and Iupus nephritis. From March 2013 to January 2018 Dr. Inrig served on the board of directors for the Kidney Health Initiative, a public-private partnership with the FDA, working to improve the development of therapies for patients with kidney disease. Dr. Inrig has authored or co-authored over 50 peer-reviewed publications and editorials and is currently a member of several professional medical societies. Dr. Inrig is board certified in nephrology and internal medicine and has served on the faculty at the University of California, Irvine, and as an adjunct in the Department of Medicine at the Duke University School of Medicine. Dr. Inrig holds a B.A. from California State University, Sacramento, and received her M.D. from Loma Linda University and completed her internal medicine residency, her nephrology fellowship and Masters of Health Science at Duke University.

Elizabeth E. Reed has served as Senior Vice President, General Counsel and Corporate Secretary of the Company since January 2017. Previously, Ms. Reed served as Vice President, General Counsel and Secretary of Celladon Corporation, a publicly traded biotechnology company, from June 2014 to March 2016 and served as a legal consultant for companies in the life sciences industry from 2013 to June 2014 and again during 2016. From 2001 to 2012, Ms. Reed led the legal function at Anadys Pharmaceuticals, Inc., a publicly traded biopharmaceutical company, including serving as Senior Vice President, Legal Affairs, General Counsel and Corporate Secretary until Anadys' acquisition by Roche. Prior to Anadys, Ms. Reed was an attorney with the law firms Cooley LLP and Brobeck, Phleger & Harrison LLP. Ms. Reed is a member of the State Bar of California and received her B.S. in Business Administration from the Haas School of Business at the University of California, Berkeley and holds a J.D., cum laude, from Harvard Law School.

William E. Rote has served as Senior Vice President of Research & Development of the Company since February 2017. Previously, Dr. Rote led clinical development at Ardea Biosciences, a wholly owned subsidiary of AstraZeneca, serving as Vice President, Clinical Development from September 2014 to July 2016. From 2003 to 2014, Dr. Rote held numerous positions of increasing responsibility at Amylin Pharmaceuticals, Inc., a biopharmaceutical company, including Vice President, Site Head for Research & Development from September 2012 to July 2014, Vice President, Research & Product Development from January 2010 to September 2012, and Vice President, Corporate Development, New Ventures, from 2007 to 2010, among others. Prior to Amylin, Dr. Rote served as Executive Director, Development of Corvas International, a biopharmaceutical company. He

earned both his Ph.D. in Pharmacology and B.S. in Pre-Medicine from Pennsylvania State University, and received postdoctoral training from the University of Michigan.

Our executive officers are elected by our Board of Directors and serve at the discretion of our Board of Directors until their successors have been duly elected and qualified or until their earlier resignation or removal.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis describes our executive compensation program for 2021 and certain elements of the 2022 program. It provides qualitative information on the factors relevant to these decisions and the manner in which compensation is awarded to the following individuals who are our Named Executive Officers ("NEOs") for 2021:

- · President and Chief Executive Officer, Eric Dube, Ph.D.;
- Chief Financial Officer, Laura Clague;
- SVP, Research & Development, William E. Rote, Ph.D.;
- · SVP, General Counsel & Secretary, Elizabeth E. Reed; and
- Former Chief Medical Officer, Noah Rosenberg, M.D.

Executive Summary

Business Overview

We are a biopharmaceutical company headquartered in San Diego, California, focused on identifying, developing and delivering life-changing therapies to people living with rare kidney, liver, and metabolic diseases. Our approach centers on our innovative pipeline with multiple late-stage clinical programs targeting rare diseases with significant unmet medical needs. Our lead pipeline candidate, sparsentan, is an investigational product candidate in late-stage development for focal segmental glomerulosclerosis (FSGS) and IgA nephropathy (IgAN) – rare kidney disorders that often lead to end-stage kidney disease. We are also developing pegtibatinase (TVT-058) for the treatment of classical homocystinuria, a genetic disorder caused by a deficiency in a pivotal enzyme essential to the body. Our early research efforts include partnering with patient advocacy groups and government researchers to identify potential therapeutics for NGLY1 deficiency and Alagille syndrome, conditions with no approved treatment options. In addition, we continue to evaluate potential opportunities to expand our pipeline and approved products through licenses and acquisitions of products in areas that will serve rare patients with serious unmet medical need and that we believe offer attractive growth characteristics. Our research and development efforts are at the forefront of our mission to address the unmet needs of patients and we support this innovation by reinvesting revenues from our commercialized products, Chenodal®, Cholbam®, Thiola® and Thiola EC®. We are committed to ensuring broad access, educational and diagnostic support for patients.

2021 Corporate Performance Highlights

2021 was a year of strong execution and significant progress for the Company. We had positive interim data read-outs from our two ongoing pivotal clinical trials of sparsentan; each a Phase 3 clinical trial designed to serve as the basis for a New Drug Application ("NDA") and Marketing Authorisation Application ("MAA") filing for sparsentan for the treatment of FSGS (the "DUPLEX Study"), and for the treatment of IgAN (the "PROTECT Study") and following such read-outs made continued regulatory progress and established pathways to potential accelerated approvals for sparsentan in both IgAN and FSGS. With respect to sparsentan in IgAN, during 2021 we aligned with the FDA on a plan to submit an NDA for accelerated approval based on the interim read-out from the PROTECT Study, which NDA we submitted in March 2022. With respect to sparsentan in FSGS, through a series of regulatory interactions in 2021 we and the FDA reached alignment on a pathway for us to proceed with a submission for accelerated approval, pending additional supportive eGFR data from the DUPLEX Study, which data is anticipated to be generated and provided to the FDA in the first half of 2022. During 2021 we also achieved full enrollment in the PROTECT Study, setting us on track to generate results for the confirmatory endpoint over 110 weeks of treatment in the second half of 2023. We made progress during the year with our efforts to further diversify our pipeline, following our late 2020 acquisition of Orphan Technologies Limited and its Phase I/II asset for classical homocystinuria ("HCU"), which we now refer to as pegtibatinase, as we integrated the program into our pipeline and continued the Phase I/II Compose Study of pegtibatinase. In December 2021, we announced positive topline interim results from the ongoing COMPOSE Study, positioning us to engage with regulators as we establish next steps for a pivotal development program. Also in 2021, we increased the number of patients that we served and our commercial business reported net product sales of approximately \$211M, representing a 6% increase from 2020 based solely on organic growth. We made progress with our sparsentan launch planning activities and continued to make progress on our CMC/technical operations initiatives for our products and product candidates, including maintaining product level inventory levels and uninterrupted supply to patients of our commercial products during 2021, despite the ongoing COVID-19 pandemic, as well as undertaking further preparations for future commercial supply of sparsentan, if approved. We managed our budget to our strategic priorities and continued our focus on maintaining our culture as we grew our organization and maintained a focus on quality and employee wellness, as well as furthering our diversity, equity and inclusion initiatives within the company and the rare disease community. The Compensation Committee and Board also recognized the licensing and collaboration transaction we entered into with Vifor Pharma in September 2021, pursuant to which we granted an exclusive license to Vifor Pharma for the commercialization of sparsentan in Europe, Australia and New Zealand for which we received an upfront payment of \$55 million and will be eligible for up to \$135 million in aggregate regulatory and market access related milestone payments and up to \$655 million in aggregate sales-based milestone payments, as well as royalties.

Upon the year-end assessment of 2021, taking into account the goal achievement, including over-achievement of several of the goals, and our overall progress for the year, the Compensation Committee, with input from the other independent members of the Board of Directors, concluded that we had achieved our corporate objectives for fiscal 2021 at the 120% level.

Compensation Program Highlights

Pay for Performance/At Risk Pay

• A significant portion of our CEO's and other executive officers' compensation is at risk; this includes cash incentives, stock options and vesting of previously granted performance restricted stock units ("PSUs").

Independent Compensation Consultant and Analysis

• The Compensation Committee engages an independent compensation consultant to analyze the competitive landscape and make recommendations regarding the compensation of our executive officers.

"Say on Pay" Vote

In May 2021, we held a stockholder advisory vote on the compensation of our NEOs. Our stockholders approved, on an advisory basis, the compensation of our NEOs, with over 97% of stockholder votes cast in favor of our "say on pay" resolution. In evaluating our compensation practices during fiscal 2021 and in early 2022, we were mindful of the support our stockholders expressed for our philosophy of linking compensation to our operating and organizational objectives and the enhancement of stockholder value. As a result, the Compensation Committee retained our general approach to executive compensation, and continued to apply the same general principles and philosophy as in the prior fiscal year in determining executive compensation. The Committee will continue to consider stockholder concerns and feedback in the future.

Role of the Compensation Committee

The Compensation Committee reviews and approves the Company's compensation policies and also provides Board level oversight of the Company's Human Capital initiatives, as described above under Board of Directors and Corporate Governance, *Compensation Committee*. During 2021, the Compensation Committee consisted of Messrs. Orwin, Coughlin and Lyons and from May 2021 onward, also Dr. Bruhn. As discussed in greater detail below, the Compensation Committee takes into consideration peer groups, survey data and advice from independent compensation consultants when setting our compensation structure and compensation pilosophy. The Compensation Committee's complexed of Directors and responsibilities are set forth in a written charter which was adopted by the Board of Directors and is available at *www.travere.com*. Some of the significant compensation related roles and responsibilities of the Compensation Committee include:

• reviewing and approving (or, if it deems appropriate, making recommendations to the Board of Directors regarding) corporate performance goals and objectives, which shall support and reinforce the Company's long-term strategic goals, relevant to the Company's compensation plans and programs;

• evaluating and approving (or, if it deems appropriate, making recommendations to the Board of Directors regarding) the compensation plans and programs advisable for the Company, as well as the modification or termination of existing plans and programs;

• evaluating (including, if it deems appropriate, with the input of some or all of the other members of the Board of Directors) risks associated with and potential consequences of the Company's compensation policies and practices, as applicable to all employees of the Company, and assessing whether risks and consequences arising from the Company's compensation policies and practices for its employees, as may be mitigated by any other compensation policies and practices, are reasonably likely to have a material adverse effect on the Company;

establishing policies with respect to equity compensation arrangements, with the objective of appropriately balancing the perceived value of equity
compensation and the dilutive and other costs of that compensation to the Company;

 establishing policies for allocating between long-term and currently paid out compensation, between cash and non-cash compensation and the factors used in deciding between the various forms of compensation;

· establishing elements of corporate performance for purposes of increasing or decreasing compensation;

reviewing regional and industry-wide compensation practices and trends to assess the propriety, adequacy and competitiveness of the Company's executive
compensation programs among comparable companies in the Company's industry; however, the Committee shall exercise independent judgment in determining the
appropriate levels and types of compensation to be paid;

• periodically reviewing and approving (or, if it deems appropriate, making recommendations to the Board of Directors regarding) the adequacy of director compensation;

 reviewing and approving (or, if it deems appropriate, making recommendations to the Board of Directors regarding) the terms of any employment agreements, severance arrangements, change-of-control protections and any other compensatory arrangements (including, without limitation, any material perquisites and any other form of compensation) for the Company's officers, including reviewing and approving (or, if it deems appropriate, making recommendations to the Board of Directors regarding) any payments, compensation or other awards under such agreements and arrangements;

• evaluating the efficacy of the Company's compensation policy and strategy in achieving expected benefits to the Company and otherwise furthering the Committee's policies; and

reviewing and considering the results of any advisory vote on executive compensation, as applicable.

Compensation Philosophy and Overall Compensation Determination Process

In order to create value for our stockholders, we believe it is critical to attract, motivate and retain key executive talent by providing competitive compensation packages. Accordingly, we design our executive compensation programs to attract, motivate and retain executives with the skills and expertise to execute our business plans, and reward those executives fairly over time for actions consistent with creating long-term stockholder value. The market for talented individuals in the life sciences industry is highly competitive. Our compensation philosophy for executive officers provides that compensation should be structured such that between base salary and cash incentives, a meaningful portion of the executive officer's total cash compensation is at risk. Non-cash long-term equity compensation for executive officers should be designed to reward and retain key employees as well as motivate executive officers to increase long-term stockholder value. The Compensation Committee believes that this approach provides an appropriate blend of short-term and long-term incentives to maximize stockholder value.

The implementation of the compensation philosophy is carried out under the supervision of the Compensation Committee. The Compensation Committee uses the services of an independent compensation consultant who is retained by, and reports directly to, the Compensation Committee. The compensation for our CEO, as well as the other executive officers, is approved by the Compensation Committee, with our CEO's compensation generally being approved in consultation with our other independent directors. Management, under guidelines and procedures approved by the Compensation Committee, determines the compensation of our other employees. In setting compensation for our other executive officers, the Compensation Committee solicits the input of our CEO who recommends to the Compensation Committee the base salary, target cash incentives and long-term equity award components of compensation to be awarded to our executive officers for the new fiscal year, as well as performance-based compensation payouts for the prior fiscal year. The Compensation Committee remains solely responsible for making the final decisions on compensation for all of our executive officers. Our executive officers are not present during deliberations or decisions regarding their own compensation packages, nor do they participate in approving any portion of their own or other executive officers' compensation packages.

The Compensation Committee meets approximately six times per year. In the first quarter of the year, the performance of each executive officer for the prior year and peer group compensation data are reviewed by the Compensation Committee, and base salary adjustments and cash incentive payouts are discussed and approved. Also, during the first quarter of the year, Company-wide performance goals for the then current year are discussed with the Board of Directors and approved by the Compensation Committee or the Board of Directors. In the first half of the year, annual equity grants to each executive officer are discussed and approved. From 2017 through 2019, these annual equity grants were approved in May of each year. Since 2020, the annual equity grants have been approved in January, in conjunction with the year-end performance assessment and overall compensation review. At mid-year meetings the Compensation Committee reviews the Company's compensation philosophy, policies and procedures. Meetings in the fourth quarter of the year generally focus on preliminary assessment of Company goal achievement for the year, selection of the peer group for the following year, a review and discussion of proposed draft corporate goals for the upcoming year and the structure of executive officer performance reviews.

Compensation Consultants and Peer Group

The Compensation Committee uses the services of an independent compensation consultant who is retained by and reports directly to the Compensation Committee. The Compensation Committee selected Radford Data and Analytics, which is part of the Rewards Solutions practice at Aon plc, as a third-party compensation consultant to assist the Compensation Committee in establishing 2021 and 2022 overall compensation levels. Radford conducted analyses and provided advice on, among other things, the appropriate peer group, executive compensation for our executive officers and compensation trends in the life sciences industry.

In 2021, the cost of Radford's consulting services directly related to compensation committee support was approximately \$78,859. In addition, in 2021, our human resources department participated in various human resources and compensation surveys and obtained general benchmarking survey data from Radford at a cost of approximately \$16,819 and also engaged Radford for certain performance analytics services at a cost of approximately \$13,482.

Management also engaged with the Commercial Risk Solutions group of Aon plc for various insurance-related products and insurance brokerage services. The aggregate Aon revenue from these additional services in 2021 (not related to Radford's Compensation Committee consulting services) was approximately \$483,747. Although the Compensation Committee was aware of the nature of the services performed by Aon affiliates and the non-executive employee compensation survey data and performance analytic services provided by Radford, the Compensation Committee did not review and approve such services, surveys and insurance premiums and policies, as those were reviewed and approved by management in the ordinary course of business.

Aon maintains certain policies and practices to protect the independence of the executive compensation consultants engaged by the Compensation Committee. In particular, Radford provides an annual update to the Compensation Committee on the financial relationship between Aon and the Company, and provides written assurances that, within Aon, the Radford consultants who perform executive compensation services for the Compensation Committee have compensation determined separately from Aon's other lines of business and from the other services it provides to the Company. These safeguards were designed to help ensure that the Compensation Committee's executive compensation consultants continued to fulfill their role in providing independent, objective advice.

In light of the foregoing, the Compensation Committee has assessed the independence of Radford pursuant to SEC rules and Nasdaq listing standards and concluded that there was no conflict of interest that would prevent Radford from independently advising the Compensation Committee.

In order to evaluate the Company's competitive position in the industry related to executive officer compensation, the Compensation Committee has historically reviewed and analyzed the compensation packages, including base salary levels, cash incentive awards and equity awards, offered

by biotechnology and pharmaceutical companies within a designated peer group, and with data from Radford's Global Life Sciences Survey for similarly sized companies. The Compensation Committee believes selection of a broad peer group on an annual basis provides the best long-term trend data for companies that compete with the Company for talent. The peer group is established annually by the Compensation Committee based on the advice of its independent compensation consultant taking into consideration various factors including size, market capitalization, location to key biotech talent hubs, and comparable stage of development.

For equity awards granted and cash based compensation paid for 2021, the peer group consisted of: Anika Therapeutics, Collegium Pharmaceutical, Corcept Therapeutics, Eagle Pharmaceuticals, Enanta Pharmaceuticals, Flexion Therapeutics, Heron Therapeutics, ImmunoGen, Insmed, Intercept Pharmaceuticals; Ligand Pharmaceuticals; Omeros Corporation, Pacira BioSciences, PTC Therapeutics; Sorrento Therapeutics; Supernus Pharmaceuticals, Vanda Pharmaceuticals, and Vericel Corporation. For 2022, the Compensation Committee, with input from Radford, retained the foregoing set of peer companies and added Rigel Pharmaceuticals. The Committee utilizes the peer group data, with input from Radford, to determine appropriate levels of cash and equity compensation, as well as to compare compensation structures and programs among similarly situated companies.

Components of Compensation

The Company's compensation program for executive officers consists of: base salary, cash incentives, long-term equity awards, retirement benefits as provided under the Company's 401(k) plan, severance agreements and other benefits. The Company uses the peer group established by the Compensation Committee as a guideline for establishing base salaries, cash incentives and long-term equity award components of compensation. The CEO annually reviews the performance of each executive officer (other than himself) and reports the results of the reviews to the Compensation Committee. The independent members of the Board of Directors, in consultation with the Compensation Committee, annually review the performance of the CEO.

The Compensation Committee considers each executive officer's performance, contribution to goals, responsibilities, experience, qualifications, and where in the competitive range the executive officer compares to the Company's identified peer group when determining the appropriate compensation for each executive officer. The Compensation Committee considers each component of compensation independently and therefore there is no direct correlation between any of the components. Each compensation component is described below.

Base Salary

The base salary is designed to provide a fixed and predictable level of compensation for our executive officers and to compensate executive officers competitively at levels necessary to attract and retain qualified executives in the life sciences industry. As a general matter, the base salary for each executive officer is based on the scope of each executive officer's responsibilities, as well as their qualifications, breadth of experience, performance record and depth of applicable functional expertise. The base salary is established and adjusted to be within the range of the applicable peer group, enabling the Company to attract, motivate, reward and retain highly skilled executives. Base salaries of the executive officers are reviewed by the Compensation Committee annually in light of Company goal attainment, executive officer performance and peer group data. Year-to-year adjustments to each executive officer's base salary are based upon sustained superior performance, changes in the general level of base salaries of persons in comparable positions within our industry, and the average merit salary increase for such year for all employees of the Company established by the Compensation Committee, as well as other factors the Compensation Committee judges to be pertinent during an assessment period. In making base salary decisions, the Compensation Committee exercises its judgment to determine the appropriate weight to be given to each of these factors. Adjustments may also be made during the fiscal year for promotions, highly urgent retention reasons, superior performance in response to changed or challenging circumstances, and similar special circumstances.

In January 2021, our Compensation Committee reviewed and determined the 2021 base salaries for each of the NEOs as set forth in the table below, taking into account the factors relevant for setting salaries as described above. More specifically, with respect to approving the salary increase for Dr. Dube set forth in the table below, the Compensation Committee took into account both Dr. Dube's strong performance during 2020, which in addition to the corporate performance outcomes, also included the following highlights: effectively leading the Company through the ongoing COVID-19 pandemic, with a focus on the productivity, safety and well-being of the employees while maintaining the organization's high performance mindset, patient and diversity focus and commitment to delivering quality data in order to best position the Company for success, as well as market data. The historical market data had placed Dr. Dube's total cash compensation at approximately the 25th percentile of the peer group upon his appointment in early 2019 as a first time CEO, and despite a 6% increase for 2020, Dr. Dube's salary had remained at approximately the 25th percentile compared to peer companies during 2020. In recognition of the strong leadership and performance Dr. Dube had demonstrated since his appointment as CEO, the Compensation Committee determined that it was warranted to move Dr. Dube's total cash compensation in 2021 to closer to the 50th percentile of peer company CEOs and accordingly approved the 2021 base salary described below.

Named Executive Officer	202) Base Salary	202	1 Base Salary	% Change from 2020 Base Salary		
Eric Dube, Ph.D.	\$	662,500	\$	710,000	7.17	%	
Laura Clague	\$	437,417	\$	452,709	3.50	%	
Noah Rosenberg, M.D.	\$	447,589	\$	461,028	3.00	%	
William E. Rote, Ph.D.	\$	448,018	\$	461,440	3.00	%	
Elizabeth E. Reed	\$	414,000	\$	428,490	3.50	%	

In January 2022, our Compensation Committee reviewed and determined the 2022 base salaries for each of the NEOs as set forth in the table below, taking into account the factors relevant for setting salaries as described above. With respect to approving the salary increase for Dr. Dube set forth in the table below, the Compensation Committee took into account Dr. Dube's continued strong performance during 2021, as well as market data and the desired positioning for Dr. Dube's CEO compensation package. Specifically, the Compensation Committee recognized that despite a 6% increase for 2020 and a 7% increase for 2021, Dr. Dube's salary remained below the 50th percentile compared to peer companies during 2021. In recognition of the strong leadership and performance Dr. Dube had demonstrated over the prior three years since his appointment as CEO, the Compensation Committee determined that it was warranted to move Dr. Dube's total compensation in 2022 to approximately the 60th percentile of peer company CEOs and as part of such adjustment approved the 2022 base salary for Dr. Dube described below. For the other executive officers, the Compensation Committee also reviewed performance and compensation positioning relative to peer group market data and approved merit increases for each of the remaining NEOs and salary adjustments where needed to better align with peer group market data. Dr. Rosenberg served as our Chief Medical Officer until December 31, 2021, at which time he transitioned to an executive advisor role.

Named Executive Officer	2021	Base Salary	202	2 Base Salary	% Change from 2021 Salary	Base
Eric Dube, Ph.D.	\$	710,000	\$	750,000	5.63	%
Laura Clague	\$	452,709	\$	471,000	4.04	%
Noah Rosenberg, M.D.	\$	461,028		N/A		N/A
William E. Rote, Ph.D.	\$	461,440	\$	471,000	2.07	%
Elizabeth E. Reed	\$	428,490	\$	451,000	5.25	%

Cash Incentives

The Compensation Committee's philosophy in establishing the Company's cash incentive program is to provide a mix of compensation between base salary and total cash compensation such that a meaningful portion of the total target cash compensation is at risk for executive officers each year. The cash incentive program, including corporate goals and target payouts, are reviewed and approved by the Compensation Committee annually. The corporate goals are prepared in an interactive process between management and the Board of Directors based on the Company's business plan and budget for the year. Cash incentive payments are linked to the attainment of overall corporate goals. The Compensation Committee establishes the target and maximum potential amount of each executive officer's cash incentive payment annually.

In February 2021, the Compensation Committee approved the adoption of the Company's 2021 Executive Officer Annual Bonus Plan (the "2021 Bonus Plan") for the executive officers of the Company. Pursuant to the terms of the 2021 Bonus Plan, the target bonus percentage was set at 65% of base salary for the Company's CEO and 50% of base salary for the other executive officers.

The amount paid to our CEO, as well as to our other executive officers, under the 2021 Bonus Plan was based entirely on the determination by the Compensation Committee or the Board of the achievement by the Company of corporate performance goals. The amounts paid under the 2021 Bonus Plan were based on the determination by the Compensation Committee and the Board of Directors of the achievement of the 2021 corporate performance goals at the 120% level. Based on actual performance during 2021, the Compensation Committee was permitted, in its sole discretion, to increase or decrease the amounts paid under the 2021 Bonus Plan within a range between 0% and 150%. Both the target and maximum target percentages set forth in the 2021 Bonus Plan were consistent with the applicable peer group data for the CEO as well as the other executive officers.

Under the 2021 Bonus Plan, an executive officer must be an employee of the Company on the date the cash incentive is actually paid in order to receive the cash incentive. An employee who becomes an executive officer during the fiscal year may be eligible for a pro-rated cash incentive at the discretion of the Compensation Committee, generally provided the executive officer has been employed a minimum of three months during the calendar year. The Compensation Committee believes that the performance goals established for incentives do not encourage excessive risk taking or have potential for encouraging behavior that may impact the Company negatively in future years.

The corporate performance goals under the Bonus Plan for 2021 related to (i) Pipeline advancement targets, including internal enrollment milestones, development milestones and progression of the sparsentan programs in support of NDA and MAA filings; (ii) Increasing the number of patients that we serve; (iii) Pipeline diversification, including integration and strategic initiatives related to the pegtibatinase (TVT-058) program, as well as ongoing efforts for longer term diversification through business development activities and/or identification of other pipeline opportunities; (iv) Pipeline enablement, in order to ensure sufficient inventory and a robust supply chair; (v) Managing our budget to our strategic priorities; (vi) Maintaining a robust quality culture and a strong organizational culture; and (vii) Supporting diversity, equity and inclusion within the organization, as well as within the rare disease community. The Compensation Committee did not assign formal weightings to the corporate performance goals under the 2021 Bonus Plan.

In January 2022, the Compensation Committee, in consultation with the other independent members of the Board of Directors, determined that in totality, the Company had an overall performance level in 2021 at the 120% level. The basis for such determination included:

• Continued progress with the conduct of the PROTECT Study, including the positive interim data read-out from the proteinuria endpoint analysis, supporting 2022 NDA and MAA submissions for sparsentan for the treatment of IgAN under the accelerated approval and conditional marketing authorization pathways in the United States and Europe, respectively;

Regulatory progress with the sparsentan IgAN program including progress made during 2021 toward the planned accelerated approval submission for sparsentan in IgAN, which was submitted in March 2022;

• Achievement of full enrollment in the PROTECT Study, setting us on track to generate results for the confirmatory endpoint over 110 weeks of treatment in the second half of 2023;

• Continued progress with the conduct of the DUPLEX Study, including the positive interim data read-out from the interim analysis and subsequent productive regulatory interactions supporting the continued development on the pathway for a potential accelerated approval submission, pending supportive eGFR data from the additional data-cut planned for 1H 2022;

• The integration of the pegtibatinase program, following its acquisition in late 2020, and the December 2021 positive interim data read-out from the ongoing Phase I/II COMPOSE Study in HCU, to support further work and regulatory discussions during 2022 around a proposed pivotal Phase 3 program;

• The increased number of patients that we served, resulting in 2021 net product sales of approximately \$211M, representing a 6% increase from 2020 based solely on organic growth;

Continued progress on our sparsentan launch planning initiatives, to be ready to launch sparsentan, if approved, as early as Q4 2022;

• Continued progress on our CMC/technical operations initiatives for our products and product candidates, including maintaining product level inventory levels and uninterrupted supply to patients of our commercial products during 2021, despite the ongoing pandemic, as well as undertaking further preparations for future commercial supply of sparsentan, if approved;

- · The successful management of our budget to our strategic priorities;
- Continued focus on maintaining our culture as we grew our organization and maintained a focus on quality and employee wellness;
- Furtherance of our diversity, equity and inclusion initiatives both within the company and the rare disease community; and

• Entry into the license and collaboration transaction with Vifor Pharma in September 2021, pursuant to which we granted an exclusive license to Vifor Pharma for the commercialization of sparsentan in Europe, Australia and New Zealand and for which we received an upfront payment of \$55 million and will be eligible for up to \$135 million in aggregate regulatory and market access related milestone payments and up to \$655 million in aggregate sales-based milestone payments, as well as royalties.

Based on these achievements and considerations, including recognition of over-achievement of several of the goals, the Compensation Committee concluded that the overall corporate goal achievement for 2021 was at a 120% level. Accordingly, in January 2022, the Compensation Committee approved incentive payouts for our NEOs under the 2021 Bonus Plan as described below:

Named Executive Officer	2021 Target Bonus %	Actual Bonus %	2	2021 Bonus Payment		
Eric Dube, Ph.D.	65 %	78 %	\$	553,800		
Laura Clague	50 %	60 %	\$	271,625		
Noah Rosenberg, M.D.	N/A	N/A		N/A		
William E. Rote, Ph.D.	50 %	60 %	\$	276,864		
Elizabeth E. Reed	50 %	60 %	\$	257,094		

Dr. Rosenberg transitioned to an advisory role at the end of 2021, and in connection therewith became eligible to receive during 2022 a bonus upon the acceptance for filing by the FDA (expected approximately two months following submission of the NDA by the Company) of the Company's first NDA for sparsentan, with such bonus to be in an amount equal to what would have been Dr. Rosenberg's target bonus amount (50% of base salary) under the 2021 Bonus Plan.

In January 2022, the Compensation Committee approved the adoption of the 2022 Travere Therapeutics, Inc. Executive Officer Annual Bonus Plan (the "2022 Bonus Plan") for the Company's executive officers. In adopting the 2022 Bonus Plan, and taking into consideration the Compensation Committee's determination, described above in the *Base Salary* discussion, that Dr. Dube's total cash compensation should now approximate the 60th percentile of peer company CEOs, the assigned target bonus percentage for Dr. Dube was increased from 65% of base salary in the 2021 Bonus Plan to 75% of base salary in the 2022 Bonus Plan. The assigned target bonus percentage for each other participant in the 2022 Bonus Plan did not change from the 2021 Bonus Plan, and the 2022 targets are substantially similar to the applicable peer group data for both the Chief Executive Officer and for the other executive officers. The amount payable to the Chief Executive Officer, as well as to the other executive officers, under the 2022 Bonus Plan will be based entirely on the determination by the Compensation Committee or the Board of Directors of the achievement by the Company of corporate performance goals.

Depending on actual corporate performance during 2022, the Compensation Committee or the Board of Directors may, in their sole discretion, determine a corporate goal achievement percentage under the 2022 Bonus Plan within a range between 0% and 150%. There is a minimum Corporate Performance required of 40% for any payment under the 2022 Plan to be considered.

The corporate performance goals under the 2022 Bonus Plan relate primarily to the following:

- Pipeline progression targets, including internal enrollment milestones, development milestones and progression of the NDAs and MAA for the sparsentan program;
 - · Launch planning, infrastructure and supply for sparsentan in the United States;
 - Continued execution of the DUPLEX and PROTECT studies toward the confirmatory endpoint readouts in 2023;
 - · Pipeline diversification, including further regulatory progress and alignment with the FDA on a pivotal study design for pegtibatinase;
 - Potential additional business development activities;
 - · Pipeline enablement, including the optimization of pegtibatinase clinical supply for pivotal phase of development;
 - Managing our budget to our strategic priorities and continued revenue generation;
 - · Maintaining a robust quality culture and a strong organizational culture; and
 - Supporting diversity, equity and inclusion within the organization, as well as within the rare disease community.

The Compensation Committee did not assign specific weightings to the corporate performance goals under the 2022 Bonus Plan. The corporate performance goals under the 2022 Bonus Plan are designed to enhance shareholder value and the long-term success of the Company.

Long-Term Equity Awards

The Compensation Committee provides the Company's executive officers with long-term incentive compensation through grants of stock options, restricted stock units ("RSUs"), and except for the annual grants made in January 2021, PSUs under the Company's equity compensation plans. These equity-based programs create a strong link to the Company's long-term financial performance, create an ownership culture and closely align the interests of our executive officers with those of our stockholders. The Compensation Committee believes that these grants directly motivate an executive officer to maximize long-term stockholder value and serve as an effective tool for incentivizing and retaining those executive officers who are most responsible for influencing stockholder value. The grants also utilize vesting periods, either performance-based or time-based, that encourage key executive officers to continue in the employ of the Company. The Compensation Committee considers each grant subjectively, considering factors such as the individual performance of the executive officer, the anticipated contribution of the executive officer to the attainment of the Company's long-term strategic performance goals, and the ability of such grants to retain and motivate key executive officers. Long-term incentives granted in prior years are also taken into consideration as it relates to their retention value for the executive officers, but generally play a limited role in current year determinations.

Although the Company has no official policy in this respect, it has been the Company's practice to make equity-based awards to our executive officers on an annual basis. Prior to January 1, 2017, grants of annual stock option awards to employees typically vested on a quarterly basis, ratably, over three years and had a ten year term. In 2016, the Compensation Committee approved the application of a new standard vesting schedule for annual and new hire stock option grants for grants made on or after January 1, 2017, with such grants to typically vest on a quarterly basis, over four years, with new hire grants having a one year cliff vest for 25% of the option award with the remaining remember vesting monthly over the following three years. In 2018, the Compensation Committee approved the application of a standard vesting schedule for annual and new hire stock option award vesting monthly over the following three years. In 2018, the Compensation Committee approved the application of a standard vesting schedule for annual employee stock option grants, with such grants having a one year cliff vest for 25% of the option award vesting monthly over the remaining three years. Additionally, all stock option awards are priced based upon the closing price of the Company's common stock on the date of grant. In 2018, the Compensation Committee implemented a practice of providing a portion of the annual time-based equity grants in the form of RSUs that vest on an annual basis, ratably, over four years. For 2021, approximately one third of the executive officers' annual time based equity grants (utilizing a 2 for 1 ratio) were provided in the form of RSUs, with approximately 2/3 being provided in the form of stock options, all awards vesting pursuant to the above-described vesting schedule. RSU grants prior to 2018 did not have a standardized vesting schedule and instead were subject to vesting determinations at the time of grant on an award by award basis, typically with a minimum 12 month vesting period. PSU grants yoest up

The Compensation Committee also considers the Company's annual burn rate of equity grants as compared to industry standards when determining the long-term equity component of compensation. Burn rate is defined as the number of shares underlying equity grants for a given year divided by the total shares outstanding at the end of that same year.

2021 Annual Grants

In January 2021, the Compensation Committee approved annual stock option awards and RSUs for the Company's executive officers. The equity based awards were determined based on the Company's 2020 performance, each executive officer's individual performance, each executive officer's contribution to long-term strategic and performance goals and market data, as well as retention and motivation of the executive officers. The individual grants of stock options and RSUs to the NEOs were: Dr. Dube 212,660 stock options and 57,260 RSUs; and for each of the other NEOs,

including Ms. Clague, Dr. Rosenberg, Dr. Rote and Ms. Reed, 57,500 stock options and 15,000 RSUs. The Compensation Committee determined with respect to the 2021 equity grants made to the NEOs that the use of stock options, which vest over four years with 25% vesting after one year and the remainder vesting monthly over the following three years and RSUs which vest annually over a four year period were the appropriate equity compensation vehicles. For the 2021 annual grants, the Compensation Committee decided not to grant performance based restricted stock units given the then currently outstanding PSU awards, but instead to allocate the equity grants through a mix of stock option awards and RSUs. The Compensation Committee resumed its utilization of PSU awards as part of the executive compensation program for 2022, as described below.

2022 Annual Grants

In January 2022, the Compensation Committee considered the factors outlined above with respect to the 2021 year-end performance and compensation review, and approved stock option awards, RSUs and PSUs for the Company's eligible executive officers. The equity based awards were determined based on the Company's 2021 performance, each executive officer's individual performance, each executive officer's contribution to long-term strategic and performance goals and market data, as well as retention and motivation of the executive officers. The individual grants of stock options, RSUs and PSUs to the NEOs were: 39,360 stock options, 9,840 RSUs and 9,840 PSUs for each of Ms. Clague, Dr. Rote and Ms. Reed; and 169,552 stock options, 37,848 RSUs and 37,848 PSUs for Dr. Dube. Dr. Rosenberg did not receive an equity grant in 2022 due to the change in his status to an advisor role. Dr. Dube's 2022 equity award was granted as a result of the Compensation Committee's and Board's assessment of Dr. Dube's strong contribution to the Company's performance during 2021, a review of long term incentive compensation paid to other peer group CEOs (based on market data provided by Radford) and an analysis of the retentive value of Dr. Dube's current equity holdings, as more specifically described below. The Compensation Committee determined with respect to the 2022 equity grants made to the executive officers that the use of stock options, which vest over four years with 25% vesting after one year and the remainder vesting monthly over the following three years, RSUs which vest annually over a four year period, and PSUs, which vest upon achievement of certain corporate objectives, were the appropriate equity compensation vehicles. Vesting of the PSUs was designed to require significant effort over time for the executive officers to realize any value from these grants. If the performance based vesting criteria are achieved, we believe significant shareholder value will be created. The PSUs granted in 2022 vest upon achievement of specified clinical/regulatory and commercial milestones; provided, however, that in no event will such PSUs vest prior to the 12 month anniversary of their date of grant. In addition, the PSUs granted in 2022 as part of the annual equity grant will expire five years from the date of grant to the extent the specified performance milestones are not achieved by such date. In late 2021, the Compensation Committee, with data provided by Radford, conducted an analysis to assess the financial and retention value of outstanding equity held by each of the executive officers, coupled with an assessment of the competitive labor landscape during such period and an acknowledgment that the executive officers of the Company had not been eligible to participate in certain recognition and retentive benefit programs introduced for the other employees of the Company during 2021. Following such analysis and assessment, in January 2022, in connection with the annual executive compensation review, the Compensation Committee approved an additional PSU grant for each of the executive officers other than Dr. Dube in the amount of 8,000 PSUs. Vesting of these PSU awards is contingent on the achievement of important ongoing development objectives related to the Company's development programs; provided, however, that in no event will such PSUs vest prior to the 24 month anniversary of their date of grant. In addition, the special PSUs granted in 2022 will expire four years from the date of grant if the specified performance milestones are not achieved by such date. With respect to Dr. Dube, the Committee determined to address the additional recognition and retentive award solely in the form of additional stock options, with market data input provided by Radford. As a result of this assessment, the annual long-term equity award for Dr. Dube was structured to target the 50th percentile and to be delivered via 50% in stock options, 25% in RSUs and 25% in PSUs, consistent with the other executive officers, with the difference between the 50th and 60th percentiles delivered via additional stock options, to arrive at the total stock option grant number of 169,552 shares, as described above.

Retirement Benefits

The terms of the Company's 401(k) Savings Plan (the "401(k) Plan") provide for executive officer and broad-based employee participation on the same general terms. Under the 401(k) Plan, all Company employees are eligible to receive discretionary matching contributions from the Company that have three year vesting, based on the terms of the 401(k) Plan. The Company's matching contribution to the 401(k) Plan is 50% of eligible participant contributions up to 7% of earnings, subject to applicable federal limits. Beginning in 2022, the Company also matches the over 50 "catch-up" contributions, subject to the foregoing limit.

Other Benefits

Executive officers are eligible to participate in the Company's employee benefit plans on the same terms as all other full-time employees. These plans include medical, dental and life insurance. Executive officers are eligible for four weeks of vacation.

Severance Benefits

Executive officers are eligible to receive severance benefits in connection with terminations of employment as more fully described below in *Employment Contracts*. The Compensation Committee believes that the executive officer severance arrangements reflect current market standards and severance benefits competitive with those provided by our peer group. The Compensation Committee believes that in order to continue to retain the services of our key executive officers, it is important to provide them with some income and benefit protection against an involuntary termination of employment.

The Compensation Committee further believes that in order to continue to retain the services of our key executive officers and focus their efforts on stockholder interests when considering strategic alternatives, it is important to provide them with enhanced income and benefit protection against loss of employment in connection with a change of control of the Company and thereby align the interests of our stockholders and our executive officers. These benefits are triggered upon a job loss or constructive termination in connection with a change of control, rather than solely in the event of a change of control, because we believe that our executive officers are materially harmed only if a change of control results in our executive

officers' involuntary loss of employment, reduced responsibilities, reduced compensation, or other adverse change in the nature of the employment relationship.

Stock Ownership Guidelines

As noted above under Board of Directors and Corporate Governance, Stock Ownership Guidelines, we have adopted minimum stock ownership guidelines for our Board and our executive officers. With respect to our Chief Executive Officer, the Stock Ownership Guidelines provide that, within a five-year period commencing in April 2021, our Chief Executive Officer will hold Company equity, taking into account in-the-money vested stock options net of exercise price and estimated tax withholdings, with a value equal to at least 3x his annual base salary. During his three-year tenure to date, Dr. Dube has made steady progress toward this ownership goal. With respect to our executive officers other than the Chief Executive Officer, the Stock Ownership Guidelines provide that, within a five-year period commencing in April 2022 or, if later, such individual's appointment as an executive officer of the Company, each such executive officer will hold Company equity, taking into account in-the-money vested stock options net of exercise price and estimated tax withholdings, with a value equal to at least 1x their annual base salary.

Equity Trading Policies and Procedures

The Company has policies and procedures to prohibit direct or indirect participation by employees of the Company in transactions involving trading activities in Company common stock which by their aggressive or speculative nature may give rise to an appearance of impropriety. Such prohibited activities would include the purchase of put or call options, or the writing of such options as well as short sales, hedging transactions such as "cashless" collars, forward sales, equity swaps and other related arrangement which may indirectly involve short-sale and any other transactions designed for profit from short-term movement in the Company's stock price.

We are not aware of any transactions involving pledging or margining Company common stock by employees or directors as of the Record Date.

Tax Considerations

Internal Revenue Code Section 162(m)

Under Section 162(m) of the Internal Revenue Code ("Section 162(m)"), compensation paid to each of the Company's "covered employees" that exceeds \$1 million per taxable year is generally non-deductible unless the compensation qualifies for certain grandfathered exceptions (including the "performance-based compensation" exception) for certain compensation paid pursuant to a written binding contract in effect on November 2, 2017 and not materially modified on or after such date.

Although the Compensation Committee will continue to consider tax implications as one factor in determining executive compensation, the Compensation Committee also looks at other factors in making its decisions and retains the flexibility to provide compensation for the Company's named executive officers in a manner consistent with the goals of the Company's executive compensation program and the best interests of the Company and its stockholders, which may include providing for compensation that is not deductible by the Company due to the deduction limit under Section 162(m). The Compensation Committee also retains the flexibility to modify compensation that was initially intended to be exempt from the deduction limit under Section 162(m) if it determines that such modifications are consistent with the Company's business needs.

Compensation Committee Report*

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

Mr. Orwin Dr. Bruhn Mr. Coughlin Mr. Lyons

* The material in this report is not "soliciting material," is not deemed "filed" with the SEC and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933, as amended, or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

(1) Represents an option award in which one quarter of the shares vest on the one-year anniversary of the date of grant with the remaining three quarters vesting in equal monthly increments over the next three years.

(2) Represents an RSU award in which one quarter of the shares subject to the RSU vest on the one-year anniversary of the date of grant and the remaining three quarters will vest in equal annual installments over the next three years. The market value of RSUs that have not vested is derived by multiplying the number of RSUs that have not vested as of December 31, 2021 by \$31.04, the closing price of the Company's common stock on December 31, 2021.

(3) Represents PSUs, which will vest upon the Company's achievement of specified regulatory milestones and clinical development milestones. The market value of PSUs that have not vested is derived by multiplying the number of PSUs that have not vested as of December 31, 2021 by \$31.04, the closing price of the Company's common stock on December 31, 2021.

(4) Represents an option award granted in connection with the start of Dr. Dube's employment with the Company. One quarter of the shares vest on the one-year anniversary of the date of grant with the remaining three quarters vesting in equal monthly installments over the next three years.

(5) Represents an option award which vests in equal quarterly installments during the four-year period following the date of grant.

(6) Represents an option award which vests in equal quarterly installments during the three-year period following the date of grant.

(7) Represents PSUs, which will vest upon the Company's achievement of specified revenue milestones. The market value of PSUs that have not vested is derived by multiplying the number of PSUs that have not vested as of December 31, 2021 by \$31.04, the closing price of the Company's common stock on December 31, 2021.

(8) Represents an option award granted in connection with the start of Ms. Clague's employment with the Company. The shares subject to the option award vested in equal quarterly installments over the three-year period following the start of her employment with the Company.

(9) Represents an option award granted in connection with the start of Ms. Reed's employment with the Company. One quarter of the shares vest on the one-year anniversary of the date of grant with the remaining three quarters vesting in equal monthly installments over the next three years.

(10) Dr. Rosenberg served as our Chief Medical Officer until December 31, 2021, at which time he transitioned to an executive advisor role. Pursuant to the terms of Dr. Rosenberg's employment and transition agreements, vesting was accelerated and certain shares vested on December 31, 2021.

(11) Represents an option award granted in connection with the start of Dr. Rosenberg's employment with the Company. One quarter of the shares vest on the oneyear anniversary of the date of grant with the remaining three quarters vesting in equal monthly installments over the next three years.

(12) Represents an option award granted in connection with the start of Dr. Rote's employment with the Company. One quarter of the shares vest on the one-year anniversary of the date of grant with the remaining three quarters vesting in equal quarterly increments over the next three years.

Option Exercises and Stock Vested Table

The following table shows for the fiscal year ended December 31, 2021, certain information regarding option exercises and stock vested during the last fiscal year with respect to the NEOs:

	Option Aw	ards	Stock Awards (1)					
Name	Number of Shares Acquired on Exercise	Value Realized on Exercise	Number of Shares Acquired on Vesting	Value Realized on Vesting (2)				
Eric Dube, Ph.D.			71,250	\$	1,754,525

(1) For the NEOs other than our Chief Executive Officer, amount represents the executive's base salary plus their target bonus, as of December 31, 2021, times 1.0, payable in equal installments over the 12-month period following separation on our normal payroll schedule. For our Chief Executive Officer, amount represents his base salary plus his target bonus, as of December 31, 2021, times 1.5, payable in equal installments over the 18-month period following separation on our normal payroll schedule.

(2) Accrued compensation is comprised of vacation pay earned and unpaid as of December 31, 2021.

(3) The amounts in this column represent the intrinsic value of 'in-the money' unvested options, RSUs and PSU's as of December 31, 2021, that would vest in accordance with the executive officers' employment agreements, as discussed further below. Values were derived using the closing price of the Company's common stock on December 31, 2021 of \$31.04.

(4) Medical is comprised of health insurance premiums for the period specified in each executive officer's employment contract, as discussed further below.

(5) Dr. Rosenberg served as our Chief Medical Officer until December 31, 2021, at which time he transitioned to an executive advisor role. In connection with this transition, we entered into a Transition Agreement with Dr. Rosenberg in October 2021, pursuant to which we provided Dr. Rosenberg with separation benefits that are substantially consistent with the severance benefits provided for under his employment agreement. The amounts in this table reflect the amounts paid to Dr. Rosenberg pursuant to the Transition Agreement.

Employment Contracts

Dube Employment Agreement

On January 4, 2019, the Company entered into an Employment Agreement with Dr. Dube (the "Dube Employment Agreement"). Pursuant to the terms of the Dube Employment Agreement, Dr. Dube will receive an annual base salary, subject to annual adjustment by the Compensation Committee, plus a discretionary annual bonus as determined by the Compensation Committee, with a bonus target currently set at 75% of his base salary. While Dr. Dube will continue to be employed on an at-will basis, the Dube Employment Agreement provides that in the event of his termination by the Company without cause or in the event of his termination due to a constructive termination, in exchange for a general release against the Company, Dr. Dube will be entitled to severance benefits consisting of, among other things, (i) a cash compensation amount equal to his annual base salary plus annual target bonus, multiplied by 1.5, paid in equal installments over a period of 18 months, (ii) payment of the cost of COBRA coverage for a period of up to 18 months and (iii) acceleration of the vesting of all outstanding stock awards such that the amount of shares vested under such stock awards equals the number of shares that would have vested if Dr. Dube had continued to render services to the Company for 18 months following his separation from service. Additionally, in connection with a change in control of the Company, if Dr. Dube's employment with the Company is terminated without cause or in the event of his termination of a constructive termination, in exchange for a general release against the Company, Dr. Dube will be entitled to severance benefits consisting of, among other things, (i) a cash compensation amount equal to his annual base salary plus annual target bonus, multiplied by 2, paid in a single lump-sum amount, (ii) payment of his termination due to a constructive termination, in exchange for a general release against the Company, Dr. Dube will be entitled to severance benefits consisting of, among other things, (i) a cash compensation amo

Clague Employment Agreement

On March 3, 2015, the Company entered into an Employment Agreement with Ms. Clague, as amended on April 11, 2017 (the "Clague Employment Agreement"). Pursuant to the terms of the Clague Employment Agreement, Ms. Clague will receive an annual base salary, subject to annual adjustment by the Compensation Committee, plus a discretionary annual bonus as determined by the Compensation Committee, with a bonus target currently set at 50% of her base salary. While Ms. Clague will continue to be employed on an at-will basis, the Clague Employment Agreement provides that in the event of her termination by the Company without cause or in the event of her termination due to a constructive termination, in exchange for a general release against the Company, Ms. Clague will be entitled to severance benefits consisting of, among other things, (i) a cash compensation amount equal to her annual base salary plus annual target bonus paid in equal installments over a period of 12 months, (ii) payment of the cost of COBRA coverage for a period of up to 12 months and, (iii) acceleration of the vesting of all outstanding stock awards such that the amount of shares vested under such stock awards equals the number of shares that would have vested if Ms. Clague had continued to render services to the Company for 12 months following her separation from service. Additionally, in connection with a change in control of the Company, if Ms. Clague's employment with the Company is terminated without cause or in the event of her termination due to a constructive termination, in exchange for a general release against the Company, Ms. Clague will be entitled to severance benefits consisting of, among other things, (i) a cash compensation amount equal to her annual base salary plus annual target bonus, multiplied by 1.5, paid in a single lump-sum amount, (ii) payment of the cost of COBRA coverage for a period of up to 18 months and (iii) acceleration of the vesting of all outstanding stock awards such that all outstanding stock awards become fully

On February 6, 2017, the Company entered into an Employment Agreement with Ms. Reed, as amended on April 11, 2017 (the "Reed

Employment Agreement"). Pursuant to the terms of the Reed Employment Agreement, Ms. Reed will receive an annual base salary, subject to annual adjustment by the Compensation Committee, plus a discretionary annual bonus as determined by the Compensation Committee, with a bonus target currently set at 50% of her base salary. While Ms. Reed will continue to be employed on an at-will basis, the Reed Employment Agreement provides that in the event of her termination by the Company without cause or in the event of her termination due to a constructive termination, in exchange for a general release against the Company, Ms. Reed will be entitled to severance benefits consisting of, among other things, (i) a cash compensation amount equal to her annual base salary plus annual target bonus paid in equal installments over a period of 12 months, (ii) payment of the cost of COBRA coverage for a period of up to 12 months and, (iii) acceleration of the vesting of all outstanding stock awards such that the amount of shares that would have vested if Ms. Reed's employment with the Company is terminated without cause or in the event of her termination due to a constructive termination, in exchange for a general release against the Company, Ms. Reed will be entitled to severance benefits consisting of, among other things, (i) a cash compensation amount equal to her annual base salary plus annual target bonus, multiplied by 1.5, paid in a single lump-sum amount, (ii) payment of the cost of COBRA coverage for a period of up to 18 months and (iii) acceleration of the vesting of all outstanding stock awards such that the amount of shares that would have vested if Ms. Reed's employment with the Company is terminated without cause or in the event of her termination due to a constructive termination, in exchange for a general release against the Company, Ms. Reed will be entitled to severance benefits consisting of, among other things, (i) a cash compensation amount equal to her annual base salary plus annual target bonus, multiplied by

Rote Employment Agreement

On February 13, 2017, the Company entered into an Employment Agreement with Dr. Rote, as amended on April 11, 2017 (the "Rote Employment Agreement"). Pursuant to the terms of the Rote Employment Agreement, Dr. Rote will receive an annual base salary, subject to annual adjustment by the Compensation Committee, plus a discretionary annual bonus as determined by the Compensation Committee, with a bonus target currently set at 50% of his base salary. While Dr. Rote will continue to be employed on an at-will basis, the Rote Employment Agreement provides that in the event of his termination by the Company without cause or in the event of his termination due to a constructive termination, in exchange for a general release against the Company, Dr. Rote will be entitled to severance benefits consisting of, among other things, (i) a cash compensation of up to 12 months and, (iii) acceleration of the vesting of all outstanding stock awards such that the amount of shares vested under such stock awards equals the number of shares that would have vested if Dr. Rote had continued to render services to the Company for 12 months following his separation from service. Additionally, in connection with a change in control of the Company, if Dr. Rote's employment with the Company is terminated without cause or in the event of his termination, in exchange for a general release against the Company, Dr. Rote will be entitled to severance benefits consisting of, among other things, (i) a cash compensation is constructive termination, in exchange for a general release against the Company is terminated without cause or in the event of his termination due to a constructive termination, in exchange for a general release against the Company, Dr. Rote will be entitled to severance benefits consisting of, among other things, (i) a cash compensation amount equal to his annual base salary plus annual target bonus, multiplied by 1.5, paid in a single lump-sum amount, (ii) payment of the cost of COBRA coverage for a period of up to 18 months and

Rosenberg Employment Agreement, Transition Agreement and Consulting Agreement

On July 26, 2018, the Company entered into an Employment Agreement with Dr. Rosenberg (the "Rosenberg Employment Agreement"). Pursuant to the terms of the Rosenberg Employment Agreement, Dr. Rosenberg will receive an annual base salary, subject to annual adjustment by the Compensation Committee, plus a discretionary annual bonus as determined by the Compensation Committee, with a bonus target currently set at 50% of his base salary. While Dr. Rosenberg's employment was at-will, the Rosenberg Employment Agreement provided that in the event of his termination by the Company without cause or in the event of his termination due to a constructive termination amount equal to his annual base salary plus annual target bonus paid in equal installments over a period of 12 months, (ii) payment of the cost of COBRA coverage for a period of up to 12 months and, (iii) acceleration of the vesting of all outstanding stock awards such that the amount of shares vested under such stock awards equals the number of shares that would have vested if Dr. Rosenberg had continued to render services to the Company were terminated without cause or in the event of his termination, in exchange for a general release against the Company, Dr. Rosenberg's employment with the Company for 12 months following his separation from service. Additionally, in connection with a change in control of the Company, if Dr. Rosenberg's employment with the Company were terminated without cause or in the event of his termination due to a constructive termination, in exchange for a general release against the Company, Dr. Rosenberg would be entitled to severance benefits consisting of, among other things, (i) a cash compensation amount equal to his annual base salary plus annual target bonus, paid in equal installments over a period of 12 months, (ii) payment of the cost of COBRA coverage in control of the Company, if Dr. Rosenberg's employment with the Company were terminated without cause or in the event of his termination due to a constructive termination, in

On October 12, 2021, the Company and Dr. Rosenberg entered into a Transition Agreement in support of Dr. Rosenberg's then-planned transition from an employment to an advisor role at the end of 2021. The Transition Agreement provided Dr. Rosenberg with separation benefits in connection with such transition that were substantially consistent with the severance benefits provided for under Dr. Rosenberg's employment agreement, described above; *provided, however*, that in connection with Dr. Rosenberg's 2021 transition he was eligible for 13 months of equity acceleration and 18 months of continued COBRA coverage, rather than 12 months for each as provided in his employment agreement. As contemplated at the time of entering into the Transition Agreement, on January 1, 2022, the Company and Dr. Rosenberg entered into a consulting agreement pursuant to which Dr. Rosenberg receives a monthly retainer fee for providing consulting services to the Company during the period from January 2022 through May 2022, and will be paid a customary hourly fee for consulting services performed during the period from June 2022 through December 2022. Under the consulting agreement, Dr. Rosenberg will also be entitled to a success bonus upon the first acceptance for filing by the FDA of a New Drug Application (NDA) for sparsentan, in an amount equal to his 2021 target bonus, and other terms as set forth in the consulting agreement, in exchange for a waiver and release of claims.

CEO Pay Ratio

Pursuant to Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, we are required to disclose the ratio of our principal executive officer's annual total compensation to the annual total compensation of our median employee.

During fiscal 2021, the principal executive officer of Travere was our Chief Executive Officer, Eric Dube, Ph.D. For 2021, the annual total compensation for Dr. Dube was \$6,030,057. The annual total compensation for our median employee (identified as disclosed below) was \$309,779, resulting in a pay ratio of approximately 19:1.

Consistent with the process used to identify our median employee for 2020, for 2021 we identified the median employee as of December 31, 2021 by (i) aggregating for each applicable employee (A) annual base salary for salaried employees, (B) the target bonus for 2021, (C) the estimated fair value of any equity awards granted during 2021 and, (ii) ranking this compensation measure for our employees from lowest to highest. This calculation was performed for all employees of Travere, excluding Dr. Dube. Amounts paid in non-US currencies were converted to USD based on the average annual exchange rate as of December 31, 2021.

The pay ratio reported above is a reasonable estimate calculated in a manner consistent with SEC rules based on our internal records and the methodology described above. The SEC rules for identifying the median-compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices. Therefore, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies have different employee populations and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

(6) Dr. Bruhn was appointed to the Board of Directors on April 9, 2020

(7) Ms. Williams-Brinkley was appointed to the Board of Directors on September 14, 2021.

Non-Employee Director Compensation Program

Our Board of Directors adopted a compensation policy for fiscal 2021 applicable to all of our non-employee directors that provided that each such non-employee director received the following compensation for service on our Board of Directors:

- an annual cash retainer of \$50,000;
- an additional annual cash retainer of \$30,000 for service as chair of the Board of Directors;

• an additional annual cash retainer of \$10,000 for service as a member of the Audit Committee (\$20,000 for service as the chair of the Audit Committee), \$7,500 for service as a member of the Compensation Committee (\$15,000 for service as the chair of the Compensation Committee), \$5,000 for service as a member of the Nominating / Corporate Governance Committee (\$12,000 for service as the chair of the Nominating / Corporate Governance committee), and \$5,000 for service as a member of the Science and Medical Technology Committee (\$10,000 for service as the Chair of the Science and Medical Technology Committee);

• upon first joining our Board of Directors, an automatic initial grant of an option to purchase 15,750 shares of our common stock and 5,250 RSUs; and

 for each non-employee director who was serving as a non-employee director as of the date that is six (6) months prior to the date of such annual meeting and who continues to serve as a non-employee director following such annual meeting, an automatic annual grant of an option to purchase 9,000 shares of our common stock and 3,000 restricted shares of common stock.

Each of the initial equity grants under our director compensation policy described above vests over a three year period following the date of grant, subject to the director continuing to provide services to us during such period. Each of the annual equity grants under our director compensation policy described above vests over a one year period following the date of grant, subject to the director continuing to provide services to us during such period. Upon a Change in Control (as defined in the Company's 2018 Equity Incentive Plan, as the same may be amended from time-to-time) in connection with which the service of a non-employee director as a member of the Board ceases, the vesting of all director awards then-held by such non-employee director shall accelerate in full and become 100% vested upon the consummation of such Change in Control.

In March 2022, following the Compensation Committee's annual review of non-employee director compensation and upon the recommendation of the independent compensation consultant and based on market data, our Board of Directors adopted an updated compensation policy applicable to our non-employee directors which resulted in a modest adjustment in the additional annual cash retainer amount for service as Chair of the Board of Directors from \$30,000 to \$35,000. All other cash compensation amounts and equity amounts remained unchanged from 2021.

Director Stock Ownership Guidelines

In order to align the interests of the directors with Travere's stockholders we have adopted a policy whereby each non-employee director should within five years of election to the Board or adoption of the policy own, directly or indirectly, a number of shares of Travere common stock, including in-the-money vested stock options, with a value not less than three times the annual cash retainer paid by Travere to each such non-employee director for service on the Board (not including committee/chair retainers). Thereafter, each director should continue to own at least the same number of shares until he or she is no longer a director.

TRANSACTIONS WITH RELATED PERSONS

Policies and Procedures

We have adopted related-person transactions policies and procedures regarding the identification, review, consideration and oversight of "related-person transactions." Under our procedures, where a transaction has been identified as a related-person transaction, management must present information regarding the proposed related-person transaction to our Audit Committee (or, where review by our Audit Committee would be inappropriate, to another independent body of our Board of Directors) for review. The presentation must include a description of, among other things, the material facts, the direct and indirect interests of the related persons, the benefits of the transactions or us and certain significant stockholders. In considering related-person transactions, our Audit Committee or another independent body of our Board of Directors takes into account the relevant available facts and circumstances including, but not limited to:

the risks, costs and benefits to us;

• the impact on a director's independence in the event the related person is a director, immediate family member of a director or an entity with which a director is affiliated:

- the terms of the transaction:
- · the availability of other sources for comparable services or products; and
- the terms available to or from, as the case may be, unrelated third parties or to or from our employees generally.

In the event a director has an interest in the proposed transaction, the director must recuse himself or herself from the deliberations and approval.

Certain Relationships and Related Party Transactions

Since January 1, 2021, there has not been, nor is there any proposed transaction where we were or will be a party in which the amount involved exceeded or will exceed \$120,000 and in which any director, director nominee, executive officer, holder of more than 5% of any class of our voting

securities, or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest, other than the compensation agreements and other agreements and transactions which are described in "Employment Contracts" and "Potential Payments upon Termination of Employment or Change in Control" and the transactions described below.

Ruth Williams-Brinkley, a member of our Board of Directors who was appointed to our Board in September 2021, currently serves as President of the Kaiser Foundation Health Plan for the Mid-Atlantic States, overseeing Kaiser Permanente's care delivery and health plan operations in Washington, D.C., suburban Maryland, Baltimore and Northern Virginia. Since January 1, 2021 and through February 28, 2022, the Company has recognized gross revenue from sales of the Company's commercial products to Kaiser Foundation Health Plan and Hospitals in an aggregate amount of approximately \$4.0 million. The Board has determined that Ms. Williams-Brinkley qualifies as independent under Nasdaq listing rules.

Stephen Aselage, a member of our Board of Directors who is retiring from our Board as of the date of the Annual Meeting in furtherance of our overall Board evolution objectives as well as his preference to retire from the Board at the end of the remaining term, served as our Chief Executive Officer from 2014 until January 2019, at which time he retired as our Chief Executive Officer from 2014 until January 2019, at which time post termination exercisability period of the Company stock options held by Mr. Aselage's upcoming retirement from the Board, our Board of Directors intends to approve an extension of the post termination exercisability period of the Company stock options held by Mr. Aselage that were granted to him either during his tenure as our Chief Executive Officer or as a non-employee director. The planned modification will extend the deadline to exercise each of the Company stock options held by Mr. Aselage from the date that is three months following the Annual Meeting to the earlier of five years from the date of the Annual Meeting or the expiration of the 10-year term of the option, and will be accounted for as a non-cash compensation expense based on a calculation of the fair value at the time of the modification. The aggregate number of shares currently subject to outstanding Company stock options held by Mr. Aselage is 833,000 shares, at a weighted average exercise price of \$18.99 per share. Options covering 495,000 shares will expire prior to the expected five year exercisability period due to the expiring terms of the options. The modification date fair value associated with the proposed exercise period extension cannot be determined at this time as the modification has not yet occurred, but if and when the modification is approved, the modification date fair value will be determined in accordance with ASC Topic 718 for stock-based compensation transactions.

PROPOSAL 4

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected BDO USA, LLP ("BDO"), as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2022 and has further directed that management submit the selection of independent registered public accounting firm for ratification by the stockholders at the Annual Meeting. Representatives of BDO are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither the Company's bylaws nor other governing documents or law require stockholder ratification of the selection of BDO as the Company's independent registered public accounting firm. However, the Audit Committee is submitting the selection of BDO to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

Vote Required

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote on the matter will be required to ratify the selection of BDO. Abstentions will be counted toward the tabulation of votes on proposals presented to the stockholders and will have the same effect as negative votes.

THE BOARD OF DIRECTORS RECOMMENDS

A VOTE FOR PROPOSAL 4

PRINCIPAL ACCOUNTANT FEES AND SERVICES

The following table represents aggregate fees billed to the Company for the fiscal years ended December 31, 2021 and 2020 by BDO. All fees described below were preapproved by the Audit Committee.

	2021	2020
Audit Fees (1)	\$ 1,058,670	\$ 951,224
Tax Fees (2)	203,073	240,549
All Other Fees (3)	 	 —
Total	\$ 1,261,743	\$ 1,191,773

(1) Fees for audit services billed or to be billed for fiscal 2021 and 2020 consisted of the annual audit of the Company's consolidated financial statements and internal controls over financial reporting, statutory audits, review of registration statements and acquisition-related matters and the interim reviews of the quarterly consolidated financial statements.

(2) Fees for tax services billed or to be billed for the years ended December 31, 2021 and 2020 consisted of financial tax planning and consultations and tax compliance.

(3) There were no other fees for professional services rendered by the Company's independent registered accountants for the years ended December 31, 2021 and 2020.

Pre-Approval Policies and Procedures

Our Audit Committee has established policies and procedures regarding pre-approval of all services provided by the independent registered public accounting firm. Our Audit Committee pre-approves all audit and non-audit services provided by the independent registered public accounting firm, other than de minimis non-audit services, and shall not engage the independent registered public accounting firm to perform the specific non-audit services proscribed by law or regulation. Our Audit Committee pre-approved all such audit and permitted non-audit services in 2021.

The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the independence of BDO and has concluded that the provision of such services is compatible with maintaining the independence of the firm. All of the services rendered by BDO were pre-approved by the Audit Committee in accordance with the Audit Committee pre-approval procedures described above.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for Annual Meeting materials with respect to two or more stockholders sharing the same address by delivering a single set of Annual Meeting materials to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Travere Therapeutics, Inc. stockholders will be "householding" the Company's proxy materials. A single set of Annual Meeting materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate set of Annual Meeting materials, please notify your broker or Travere Therapeutics, Inc. Direct your written request to Travere Therapeutics, Inc., Attn: Secretary, 3611 Valley Centre Drive, Suite 300, San Diego, California 92130. Stockholders who currently receive multiple copies of the Annual Meeting materials at their addresses and would like to request "householding" of their communications should contact their brokers.

OTHER MATTERS

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

By Order of the Board of Directors

A copy of the Company's Annual Report to the SEC on Form 10-K for the fiscal year ended December 31, 2021 is available without charge upon written request to: Secretary, Travere Therapeutics, Inc., 3611 Valley Centre Drive, Suite 300, San Diego, California 92130.

Appendix A

2018 Equity Incentive Plan

Adopted by the Board of Directors: April 1, 2018 Approved by the Stockholders: May 9, 2018 Amended by the Board of Directors: April 1, 2019 Approved by the Stockholders: May 8, 2019 Amended by the Board of Directors: April 8, 2020 Approved by the Stockholders: May 15, 2020 Amended by the Board of Directors: April 6, 2021 Approved by the Stockholders: May 14, 2021 Amended by the Board of Directors: April 1, 2022 Amended by the Board of Directors: April 1, 2022

1. General.

(a) Successor to and Continuation of Prior Plans. The Plan is intended as the successor to and continuation of the Travere Therapeutics, Inc. 2015 Equity Incentive Plan (the "2015 Plan") and the Travere Therapeutics, Inc. 2014 Incentive Compensation Plan (the "2014 Plan", and together with the 2015 Plan, the "Prior Plans"). Following the Effective Date, no additional stock awards may be granted under the Prior Plans. Any unallocated shares remaining available for grant under the Prior Plans as of 12:01 a.m., Pacific Time on the Effective Date (the "Prior Plans' Available Reserve") will cease to be available under such Prior Plans at such time and will be added to the Share Reserve (as further described in Section 3(a) below) and be then immediately available for grant and issuance pursuant to Stock Awards granted under the Plan. In addition, from and after 12:01 a.m., Pacific Time on the Effective Date, all outstanding stock awards granted under the Prior Plans will remain subject to the terms of such Prior Plans, as applicable; provided, however, that any shares subject to outstanding stock awards granted under the Prior Plans that (i) expire or terminate for any reason prior to exercise or settlement, or (ii) are forfeited, cancelled or otherwise returned to the Company because of the failure to meet a contingency or condition required for the vesting of such shares (collectively, the "Prior Plans' Returning Shares") will immediately be added to the Share Reserve (as further described in Section 3(a) below) as and when such shares become Prior Plans' Returning Shares and become available for issuance pursuant to Awards granted do or after 12:01 a.m., Pacific Time on the Effective Date will be subject to the terms of this Plan.

(b) Eligible Award Recipients. Employees, Directors and Consultants are eligible to receive Stock Awards under the Plan.

(c) Available Stock Awards. The Plan provides for the grant of the following types of Stock Awards: (i) Incentive Stock Options, (ii) Nonstatutory Stock Options, (iii) Stock Appreciation Rights, (iv) Restricted Stock Awards, (v) Restricted Stock Unit Awards, (vi) Performance Stock Awards, and (vii) Other Stock Awards.

(d) Purpose. The Plan, through the granting of Stock Awards, is intended to help the Company and any Affiliate secure and retain the services of eligible award recipients, provide incentives for such persons to exert maximum efforts for the success of the Company and any Affiliate and provide a means by which the eligible recipients may benefit from increases in value of the Common Stock.

2. Administration.

(a) Administration by Board. The Board will administer the Plan. The Board may delegate administration of the Plan to a Committee or Committees, as provided in Section 2(c).

(b) Powers of Board. The Board will have the power, subject to, and within the limitations of, the express provisions of the Plan:

(i) To determine (A) who will be granted Stock Awards; (B) when and how each Stock Award will be granted; (C) what type of Stock Award will be granted; (D) the provisions of each Stock Award (which need not be identical), including when a person will be permitted to exercise or otherwise receive cash or Common Stock under the Stock Award; (E) the number of shares of Common Stock subject to, or the cash value of, a Stock Award; and (F) the Fair Market Value applicable to a Stock Award.

(ii) To construe and interpret the Plan and Stock Awards granted under it, and to establish, amend and revoke rules and regulations for administration of the Plan and Stock Awards. The Board, in the exercise of these powers, may correct any defect, omission or inconsistency in the Plan or in any Stock Award Agreement, in a manner and to the extent it will deem necessary or expedient to make the Plan or Stock Award fully effective.

(iii) To settle all controversies regarding the Plan and Stock Awards granted under it.

(iv) To accelerate, in whole or in part, the time at which a Stock Award may be exercised or vest (or the time at which cash or shares of Common Stock may be issued in settlement thereof).

(v) To prohibit the exercise of any Option, SAR or other exercisable Stock Award during a period of up to thirty days prior to the consummation of any pending stock dividend, stock split, combination or exchange of shares, merger, consolidation or other distribution (other than normal cash dividends) of Company assets to stockholders, or any other change affecting the shares of Common Stock or the share price of the Common Stock including any Transaction, for reasons of administrative convenience.

(vi) To suspend or terminate the Plan at any time. Except as otherwise provided in the Plan or a Stock Award Agreement, suspension or termination of the Plan will not materially impair a Participant's rights under the Participant's then-outstanding Stock Award without the Participant's written consent except as provided in subsection (viii) below.

(vii) To amend the Plan in any respect the Board deems necessary or advisable, including, without limitation, by adopting amendments relating to Incentive Stock Options and certain nonqualified deferred compensation under Section 409A of the Code and/or to make the Plan or Stock Awards granted under the Plan compliant with the requirements for Incentive Stock Options or exempt from or compliant with the requirements for nonqualified deferred compensation under Section 409A of the Code, subject to the limitations, if any, of applicable law. However, if required by applicable law or listing requirements, and except as provided in Section 9(a) relating to Capitalization Adjustments, the Company will seek stockholder approval of any amendment of the Plan that (A) materially increases the number of shares of Common Stock available for issuance under the Plan, (B) materially expands the class of individuals eligible to receive Stock Awards under the Plan, (C) materially increases the benefits accruing to Participants under the Plan, (D) materially reduces the price at which shares of Common Stock may be issued or purchased under the Plan, or (E) materially expands the types of Stock Awards available for issuance under the Plan. Except as provided in the Plan (including Section 2(b)(viii)) or a Stock Award Agreement, no amendment of the Plan will materially impair a Participant's rights under an outstanding Stock Award without the Participant's written consent.

(viii) To submit any amendment to the Plan for stockholder approval, including, but not limited to, amendments to the Plan intended to satisfy the requirements of (A) Section 422 of the Code regarding incentive stock options or (B) Rule 16b-3.

(ix) To approve forms of Stock Award Agreements for use under the Plan and to amend the terms of any one or more Stock Awards, including, but not limited to, amendments to provide terms more favorable to the Participant than previously provided in the Stock Award Agreement, subject to any specified limits in the Plan that are not subject to Board discretion; *provided, however,* that a Participant's rights under any Stock Award will not be impaired by any such amendment unless (A) the Company requests the consent of the affected Participant, and (B) such Participant's rights under any Stock Award will not be impaired by any such amendment unless (A) the Company requests the consent of the affected Participant, and (B) such Participant's rights under any Stock Award will not be impaired by any such amendment if the Board, in its sole discretion, determines that the amendment, taken as a whole, does not materially impair the Participant's rights, and (2) subject to the limitations of applicable law, if any, the Board may amend the terms of any one or more Stock Awards without the affected Participant's consent (A) to maintain the qualified status of the Stock Award as an Incentive Stock Option under Section 422 of the Code; (B) to change the terms of an Incentive Stock Option, if such change results in impairment of the Stock Award solely because it impairs the qualified status of the Stock Award as an Incentive Stock Award into compliance with, Section 409A of the Code; or (D) to comply with other applicable laws or listing requirements.

(x) To appoint such agents as the Board may deem necessary or advisable to administer the Plan.

(xi) Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company and that are not in conflict with the provisions of the Plan or Stock Awards.

(xii) To adopt such procedures and sub-plans as are necessary or appropriate to permit participation in the Plan by Employees, Directors or Consultants who are foreign nationals or employed outside the United States (provided that Board approval will not be necessary for immaterial modifications to the Plan or any Stock Award Agreement that are required for compliance with the laws of the relevant foreign jurisdiction).

(c) Delegation to Committee.

(i) General. The Board may delegate some or all of the administration of the Plan to a Committee or Committees. If administration of the Plan is delegated to a Committee, the Committee will have, in connection with the administration of the Plan, the powers theretofore possessed by the Board that have been delegated to the Committee, including the power to delegate to a subcommittee or the Committee any of the administrative powers the Committee is authorized to exercise (and references in this Plan to the Board will thereafter be to the Committee or subcommittee, as applicable). Any delegation of administrative powers will be reflected in resolutions, not inconsistent with the provisions of the Plan, adopted from time to time by the Board or Committee (as applicable). The Committee may, at any time, abolish the subcommittee and may, at any time, revest in the Board some or all of the powers previously delegated.

(ii) Rule 16b-3 Compliance. The Committee may consist solely of two or more Non-Employee Directors, in accordance with Rule 16b-3.

(d) **Delegation to an Officer.** The Board may delegate to one or more Officers the authority to do one or both of the following (i) designate Employees who are not Officers to be recipients of Options and SARs (and, to the extent permitted by applicable law, other Stock Awards) and, to the extent permitted by applicable law, the terms of such Stock Awards, and (ii) determine the number of shares of Common Stock to be subject to such Stock Awards granted to such Employees; *provided, however*, that the Board resolutions regarding such delegation will specify the total number of shares of Common Stock that may be subject to the Stock Awards granted by such Officer and that such Officer may not grant a Stock Award to himself or herself. Any such Stock Awards will be granted on the form of Stock Award Agreement most recently approved for use by the Committee or the Board, unless otherwise provided in the resolutions approving the delegation authority. The Board may not delegate authority to an Officer who is acting solely in the capacity of an Officer (and not also as a Director) to determine the Fair Market Value pursuant to Section 13(u)(iii) below.

(e) Effect of Board's Decision. All determinations, interpretations and constructions made by the Board in good faith will not be subject to review by any person and will be final, binding and conclusive on all persons.

(f) **Repricing; Cancellation and Re-Grant of Stock Awards.** Neither the Board nor any Committee will have the authority to (i) reduce the exercise, purchase or strike price of any outstanding Option or SAR under the Plan, or (ii) cancel any outstanding Option or SAR that has an exercise price or strike price greater than the then-current Fair Market Value of the Common Stock in exchange for cash or other Stock Awards under the Plan, unless the stockholders of the Company have approved such an action within 12 months prior to such an event.

(g) Minimum Vesting Requirements. Except as provided in Section 9, no Stock Award will vest until at least twelve (12) months following the date of grant of such Stock Award; provided, however, that up to five percent (5%) of the Share Reserve (as defined in Section 3(a)) may be subject to Stock Awards that do not meet such vesting requirements.

(h) **Dividends and Dividend Equivalents.** Dividends or dividend equivalents may be paid or credited, as applicable, with respect to any shares of Common Stock subject to a Stock Award (other than an Option or SAR), as determined by the Board and contained in the applicable Stock Award Agreement; *provided, however*, that (i) no dividends or dividend equivalents may be paid with respect to any such shares before the date such shares have vested under the terms of such Stock Award Agreement, (ii) any dividends or dividend equivalents that are credited with respect to any such shares will be subject to all of the terms and conditions applicable to such shares under the terms of such Stock Award Agreement (including, but not limited to, any vesting conditions), and (iii) any dividends or dividend equivalents that are credited with respect to any such shares are forfeited to or repurchased by the Company due to a failure to meet any vesting conditions under the terms of such Stock Award Agreement.

3. Shares Subject to the Plan.

(a) Share Reserve.

(i) Subject to Section 9(a) relating to Capitalization Adjustments, the aggregate number of shares of Common Stock that may be issued pursuant to Stock Awards from and after the Effective Date will not exceed (A) 12,984,114 shares (which number is the sum of (i) 1,800,000 shares originally approved by the Company's stockholders in May 2018, (ii) 2,000,000 shares approved by the Company's stockholders at the Company's Annual Meeting of Stockholders in May 2019, (iii) 2,400,000 shares approved by the Company's stockholders in May 2020, (iv) 3,200,000 shares approved by the Company's stockholders at the Company's stockholders at the Company's stockholders at the Company's stockholders at the Company's Annual Meeting of Stockholders in May 2020, (iv) 3,200,000 shares approved by the Company's Annual Meeting of Stockholders at the Company's stockholders in May 2021, (v) 2,000,000 shares approved by the Company's stockholders at the Company's stockholders at the Company's Annual Meeting of Stockholders in May 2022, (iv) 3,200,000 shares approved by the Company's Annual Meeting of Stockholders in May 2022, (iv) 3,200,000 shares (b) the Company's stockholders at the Company's stockholders in May 2022, (iv) 2,000,000 shares approved by the Company's stockholders at the Company's Annual Meeting of Stockholders in May 2022, and (vi) the number of shares (1,584,114) subject to the Prior Plans' Available Reserve, *plus* (B) the Prior Plans' Returning Shares, if any, which become available for grant under this Plan from time to time (such aggregate number of shares described in (A) and (B) above, the "Share Reserve").

(ii) For clarity, the Share Reserve in this Section 3(a) is a limitation on the number of shares of Common Stock that may be issued pursuant to the Plan. Accordingly, this Section 3(a) does not limit the granting of Stock Awards except as provided in Section 7(a). Shares may be issued in connection with a merger or acquisition as permitted by Nasdaq Listing Rule 5635(c) or, if applicable, NYSE Listed Company Manual Section 303A.08, AMEX Company Guide Section 711 or other applicable rule, and such issuance will not reduce the number of shares available for issuance under the Plan.

(iii) Subject to Section 3(b), the number of shares of Common Stock available for issuance under the Plan will be reduced by: (A) one share for each share of Common Stock issued pursuant to an Option or SAR with respect to which the exercise or strike price is at least one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option or SAR on the date of grant; and (B) one share for each share of Common Stock issued pursuant to a Full Value Award.

(b) Reversion of Shares to the Share Reserve.

(i) Shares Available For Subsequent Issuance. If (A) any shares of Common Stock subject to a Stock Award are not issued because such Stock Award or any portion thereof expires or otherwise terminates without all of the shares covered by such Stock Award having been issued or is settled in cash (*i.e.*, the Participant receives cash rather than stock), or (B) any shares of Common Stock issued pursuant to a Stock Award are forfeited back to or repurchased by the Company because of the failure to meet a contingency or condition required for the vesting of such shares, such shares will again become available for issuance under the Plan (collectively, the "2018 Plan Returning Shares"). For each (1) 2018 Plan Returning Share subject to a Full Value Award or (2) Prior Plans' Returning Share subject to a stock award other than an option or stock appreciation right granted under the Prior Plan, with respect to which the exercise or strike price is at least one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the option or stock appreciation right on the date of grant, the number of shares of Common Stock available for issuance under the Plan will increase by the share ratio used at time of grant.

(ii) Shares Not Available For Subsequent Issuance. Any shares of Common Stock reacquired or withheld (or not issued) by the Company to satisfy the exercise or purchase price of a Stock Award will no longer be available for issuance under the Plan, including any shares subject to a Stock Award that are not delivered to a Participant because such Stock Award is exercised through a reduction of shares subject to such Stock Award (*i.e.*, "net exercised"). In addition, any shares reacquired or withheld (or not issued) by the Company to satisfy a tax withholding obligation in connection with a Stock Award or a stock award under a Prior Plan, or any shares repurchased by the Company on the open market with the proceeds of the exercise or strike price of an Option or Stock Appreciation Right or similar award under a Prior Plan will no longer be available for issuance under the Plan.

(c) Incentive Stock Option Limit. Subject to the Share Reserve and Section 9(a) relating to Capitalization Adjustments, the aggregate maximum number of shares of Common Stock that may be issued pursuant to the exercise of Incentive Stock Options will be 8,000,000.

(d) Source of Shares. The stock issuable under the Plan will be shares of authorized but unissued or reacquired Common Stock, including shares repurchased by the Company on the open market or otherwise.

(e) **Non-Employee Director Aggregate Compensation Limit.** The aggregate value of all compensation granted or paid, as applicable, to any individual for service as a Non-Employee Director with respect to any period commencing on the date of the Company's Annual Meeting of Stockholders for a particular year and ending on the day immediately prior to the date of the Company's Annual Meeting of Stockholders for the next subsequent year, including Awards granted and cash fees paid by the Company to such Non-Employee Director, will not exceed (i) \$750,000 in total value or (ii) in the event such Non-Employee Director is first appointed or elected to the Board during such period, \$1,250,000 in total value, in each case calculating the value of any Awards based on the grant date fair value of such Awards for financial reporting purposes.

4. Eligibility.

(a) Eligibility for Specific Stock Awards. Incentive Stock Options may be granted only to employees of the Company or a "parent corporation" or "subsidiary corporation" thereof (as such terms are defined in Sections 424(e) and 424(f) of the Code). Stock Awards other than Incentive Stock Options may be granted to Employees, Directors and Consultants; provided, however, that Stock Awards may not be granted to Employees, Directors and Consultants who are providing Continuous Service only to any "parent" of the Company, as such term is defined in Rule 405, unless (i) the stock underlying such Stock Awards is treated as "service recipient stock" under Section 409A of the Code (for example, because the Stock Awards are granted pursuant to a corporate transaction such as a spin off transaction) or (ii) the Company, in consultation with its legal counsel, has determined that such Stock Awards are otherwise exempt from or alternatively comply with the distribution requirements of Section 409A of the Code.

(b) **Ten Percent Stockholders.** A Ten Percent Stockholder will not be granted an Incentive Stock Option unless the exercise price of such Option is at least one hundred ten percent (110%) of the Fair Market Value on the date of grant and the Option is not exercisable after the expiration of five (5) years from the date of grant.

5. Provisions Relating to Options and Stock Appreciation Rights.

Each Option or SAR will be in such form and will contain such terms and conditions as the Board deems appropriate. All Options will be separately designated Incentive Stock Options or Nonstatutory Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates will be issued for shares of Common Stock purchased on exercise of each type of Option. If an Option is not specifically designated as an Incentive Stock Option, or if an Option is designated as an Incentive Stock Option but some portion or all of the Option fails to qualify as an Incentive Stock Option under the applicable rules, then the Option (or portion thereof) will be a Nonstatutory Stock Option. The provisions of separate Options or SARs need not be identical; *provided, however*, that each Stock Award Agreement will conform to (through incorporation of provisions hereof by reference in the applicable Stock Award Agreement or otherwise) the substance of each of the following provisions:

(a) Term. Subject to the provisions of Section 4(b) regarding Ten Percent Stockholders, no Option or SAR will be exercisable after the expiration of ten (10) years from the date of its grant or such shorter period specified in the Stock Award Agreement.

(b) **Exercise Price.** Subject to the provisions of Section 4(b) regarding Ten Percent Stockholders, the exercise or strike price of each Option or SAR will be not less than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option or SAR on the date the Stock Award is granted. Notwithstanding the foregoing, an Option or SAR may be granted with an exercise or strike price lower than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Stock Award is granted with an exercise or strike price lower than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Stock Award if such Stock Award is granted pursuant to an assumption of or substitution for another option or stock appreciation right pursuant to a Corporate Transaction and in a manner consistent with the provisions of Section 409A of the Code and, if applicable, Section 424(a) of the Code. Each SAR will be denominated in shares of Common Stock equivalents.

(c) **Purchase Price for Options.** The purchase price of Common Stock acquired pursuant to the exercise of an Option may be paid, to the extent permitted by applicable law and as determined by the Board in its sole discretion, by any combination of the methods of payment set forth below. The Board will have the authority to grant Options that do not permit all of the following methods of payment (or that otherwise restrict the ability to use certain methods) and to grant Options that require the consent of the Company to use a particular method of payment. The permitted methods of payment are as follows:

(i) by cash, check, bank draft or money order payable to the Company;

(ii) pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board that, prior to the issuance of the Common Stock subject to the Option, results in either the receipt of cash (or check) by the Company or the receipt of irrevocable instructions to pay the aggregate exercise price to the Company from the sales proceeds;

(iii) by delivery to the Company (either by actual delivery or attestation) of shares of Common Stock;

(iv) if an Option is a Nonstatutory Stock Option, by a "net exercise" arrangement pursuant to which the Company will reduce the number of shares of Common Stock issuable upon exercise by the largest whole number of shares with a Fair Market Value that does not exceed the aggregate exercise price; *provided, however*, that the Company will accept a cash or other payment from the Participant to the extent of any remaining balance of the aggregate exercise price not satisfied by such reduction in the number of whole shares to be issued. Shares of Common Stock will no longer be subject to an Option and will not be exercisable thereafter to the extent that (A) shares issuable upon exercise are used to pay the exercise price pursuant to the "net exercise," (B) shares are delivered to the Participant as a result of such exercise, and (C) shares are withheld to satisfy tax withholding obligations; or

(v) in any other form of legal consideration that may be acceptable to the Board and specified in the applicable Stock Award Agreement.

(d) **Exercise and Payment of a SAR**. To exercise any outstanding SAR, the Participant must provide written notice of exercise to the Company in compliance with the provisions of the Stock Award Agreement evidencing such SAR. The appreciation distribution payable on the exercise of a SAR will be not greater than an amount equal to the excess of (A) the aggregate Fair Market Value (on the date of the exercise of the SAR) of a number of shares of Common Stock equal to the number of Common Stock equivalents in which the Participant is vested under such SAR, and with respect to which the Participant is exercising the SAR on such date, over (B) the aggregate strike price of the number of Common Stock equivalents with respect to which the Participant is exercising the SAR on such date. The appreciation distribution may be paid in Common Stock, in cash, in any combination of the two or in any other form of consideration, as determined by the Board and contained in the Stock Award Agreement evidencing such SAR.

(e) **Transferability of Options and SARs.** The Board may, in its sole discretion, impose such limitations on the transferability of Options and SARs as the Board will determine. In the absence of such a determination by the Board to the contrary, the restrictions set forth in this Section 5(e) on the transferability of Options and SARs will apply. Notwithstanding the foregoing or anything in the Plan or a Stock Award Agreement to the contrary, no Option or SAR may be transferred to any financial institution without prior stockholder approval.

(i) Restrictions on Transfer. An Option or SAR will not be transferable except by will or by the laws of descent and distribution (and pursuant to Sections 5(e)(ii) and 5(e) (iii) below) and will be exercisable during the lifetime of the Participant only by the Participant. Subject to the foregoing paragraph, the Board may permit transfer of the Option or SAR in a manner that is not prohibited by applicable tax and securities laws. Except as explicitly provided in the Plan, neither an Option nor a SAR may be transferred for consideration.

(ii) Domestic Relations Orders. Subject to the approval of the Board or a duly authorized Officer, an Option or SAR may be transferred pursuant to the terms of a domestic relations order, official marital settlement agreement or other divorce or separation instrument as permitted by Treasury Regulations Section 1.421-1(b)(2). If an Option is an Incentive Stock Option, such Option may be deemed to be a Nonstatutory Stock Option as a result of such transfer.

(iii) Beneficiary Designation. Subject to the approval of the Board or a duly authorized Officer, a Participant may, by delivering written notice to the Company, in a form approved by the Company (or the designated broker), designate a third party who, upon the death of the Participant, will thereafter be entitled to exercise the Option or SAR and receive the Common Stock or other consideration resulting from such exercise. In the absence of such a designation, upon the death of the Participant, the executor or administrator of the Participant's estate will be entitled to exercise the Option or SAR and receive the Common Stock or other consideration resulting from such exercise. However, the Company may prohibit designation of a beneficiary at any time, including due to any conclusion by the Company that such designation would be inconsistent with the provisions of applicable laws.

(f) Vesting Generally. The total number of shares of Common Stock subject to an Option or SAR may vest and become exercisable in periodic installments that may or may not be equal. The Option or SAR may be subject to such other terms and conditions on the time or times when it may or may not be exercised (which may be based on the satisfaction of Performance Goals or other criteria) as the Board may deem appropriate. The vesting provisions of individual Options or SARs may vary. The provisions of this Section 5(f) are subject to Section 2(g) and to any Option or SAR provisions governing the minimum number of shares of Common Stock as to which an Option or SAR may be exercised.

(g) **Termination of Continuous Service.** Except as otherwise provided in the applicable Stock Award Agreement or other agreement between the Participant and the Company or an Affiliate, if a Participant's Continuous Service terminates (other than for Cause and other than upon the Participant's death or Disability), the Participant may exercise his or her Option or SAR (to the extent that the Participant was entitled to exercise such Option or SAR as of the date of termination of Continuous Service), but only within such period of time ending on the earlier of (i) the date three (3) months following the termination of the Participant's Continuous Service (or such longer or shorter period specified in the applicable Stock Award Agreement), and (ii) the expiration of the term of the Option or SAR as set forth in the Stock Award Agreement. If, after termination of Continuous Service, the Participant does not exercise his or her Option or SAR (as applicable) within the applicable time frame, the Option or SAR (as applicable) will terminate.

(h) Extension of Termination Date. Except as otherwise provided in the applicable Stock Award Agreement or other agreement between the Participant and the Company or an Affiliate, if the exercise of an Option or SAR following the termination of the Participant's Continuous Service (other than for Cause and other than upon the Participant's death or Disability) would be prohibited at any time solely because the issuance of shares of Common Stock would violate the registration requirements under the Securities Act, then the Option or SAR will terminate on the earlier of (i) the expiration of a total period of time (that need not be consecutive) equal to the applicable post-termination exercise period after the termination of the Participant's Continuous Service during which the exercise of the Option or SAR would not be in violation of such registration requirements, or (ii) the expiration of the Option or SAR as set forth in the applicable Stock Award Agreement. In addition, unless otherwise provided in a Participant's Stock Award Agreement, if the sale of any Common Stock received upon exercise of an Option or SAR following the termination of a period of time (that need not be consecutive) equal to the applicable post-termination exercise period after than for Cause) would violate the Company's insider trading policy, then the Option or SAR will terminate on the earlier of (i) the expiration of a period of time (that need not be consecutive) equal to the applicable post-termination exercise period after the termination of a period of time (that need not be consecutive) equal to the applicable post-termination exercise period after the termination of the Participant's Continuous Service (other than for Cause) would violate the Company's insider trading policy, then the Option or SAR will terminate on the earlier of (i) the expiration of a period of time (that need not be consecutive) equal to the applicable post-termination exercise period after the termination of the Participant's Continuous Service during whic

(i) **Disability of Participant.** Except as otherwise provided in the applicable Stock Award Agreement or other agreement between the Participant and the Company or an Affiliate, if a Participant's Continuous Service terminates as a result of the Participant's Disability, the Participant may exercise his or her Option or SAR (to the extent that the Participant was entitled to exercise such Option or SAR as of the date of termination of Continuous Service), but only within such period of time ending on the earlier of (i) the date 12 months following such termination of Continuous

Service (or such longer or shorter period specified in the Stock Award Agreement), and (ii) the expiration of the term of the Option or SAR as set forth in the Stock Award Agreement. If, after termination of Continuous Service, the Participant does not exercise his or her Option or SAR (as applicable) within the applicable time frame, the Option or SAR (as applicable) will terminate.

(j) **Death of Participant.** Except as otherwise provided in the applicable Stock Award Agreement or other agreement between the Participant and the Company or an Affiliate, if (i) a Participant's Continuous Service terminates as a result of the Participant's death, or (ii) the Participant dies within the period (if any) specified in the Stock Award Agreement for exercisability after the termination of the Participant's Continuous Service (for a reason other than death), then the Participant's Option or SAR may be exercised (to the extent that the Participant was entitled to exercise such Option or SAR as of the date of death) by the Participant's estate, by a person who acquired the right to exercise the Option or SAR by bequest or inheritance or by a person designated to exercise the Option or SAR upon the Participant's death, but only within such period of time ending on the earlier of (i) the date 18 months following the date of death (or such longer or shorter period specified in the Stock Award Agreement), and (ii) the expiration of the term of such Option or SAR (as applicable) will terminate.

(k) **Termination for Cause.** Except as explicitly provided otherwise in a Participant's Stock Award Agreement or other individual written agreement between the Company or an Affiliate and the Participant, if a Participant's Continuous Service is terminated for Cause, the Participant's Option or SAR will terminate immediately upon such Participant's termination of Continuous Service and be forfeited, and the Participant will be prohibited from exercising his or her Option or SAR from and after the time of such termination of Continuous Service.

(I) Non-Exempt Employees. If an Option or SAR is granted to an Employee who is a non-exempt employee for purposes of the Fair Labor Standards Act of 1938, as amended, the Option or SAR will not be first exercisable for any shares of Common Stock until at least six months following the date of grant of the Option or SAR (although the Stock Award may vest prior to such date). Consistent with the provisions of the Worker Economic Opportunity Act, (i) if such non-exempt employee dies or suffers a Disability, (ii) upon a Corporate Transaction in which such Option or SAR is not assumed, continued, or substituted, (iii) upon a Change in Control, or (iv) upon the Participant's retirement (as such term may be defined in the Participant's Stock Award Agreement, in another agreement between the Participant and the Company or an Affiliate, or, if no such definition, in accordance with the Company's or Affiliate's then current employment policies and guidelines), the vested portion of any Options and SARs may be exercised earlier than six months following the date of grant. The foregoing provision is intended to operate so that any income derived by a non-exempt employee in connection with the exercise, vesting or issuance of any shares under any other Stock Award will be exempt from the employee's regular rate of pay. To the extent permitted and/or required for compliance with the Worker Economic Opportunity Act to ensure that any income derived by a non-exempt employee's regular rate of pay. To the extent permitted and/or required for compliance with the Worker Economic Opportunity Act to ensure that any income derived by a non-exempt employee's regular rate of pay. To the extent permitted and/or required for compliance with the Worker Economic Opportunity Act to ensure that any income derived by a non-exempt employee's regular rate of pay, the provisions of this Section 5(I) will apply to all Stock Awards and are hereby incorporated by reference into such Stock Award Agreements.

6. Provisions of Stock Awards Other than Options and SARs.

(a) **Restricted Stock Awards.** Each Restricted Stock Award Agreement will be in such form and will contain such terms and conditions as the Board deems appropriate. To the extent consistent with the Company's bylaws, at the Board's election, shares of Common Stock underlying a Restricted Stock Award may be (i) held in book entry form subject to the Company's instructions until any restrictions relating to the Restricted Stock Award lapse, or (ii) evidenced by a certificate, which certificate will be held in such form and manner as determined by the Board. The terms and conditions of Restricted Stock Award Agreements may change from time to time, and the terms and conditions of separate Restricted Stock Award Agreement will conform to (through incorporation of the provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i) Consideration. A Restricted Stock Award may be awarded in consideration for (A) cash, check, bank draft or money order payable to the Company, (B) past services to the Company or an Affiliate, or (C) any other form of legal consideration (including future services) that may be acceptable to the Board, in its sole discretion, and permissible under applicable law.

(ii) Vesting. Subject to Section 2(g), shares of Common Stock awarded under the Restricted Stock Award Agreement may be subject to forfeiture to the Company in accordance with a vesting schedule to be determined by the Board.

(iii) Termination of Participant's Continuous Service. If a Participant's Continuous Service terminates, the Company may receive through a forfeiture condition or a repurchase right any or all of the shares of Common Stock held by the Participant as of the date of termination of Continuous Service under the terms of the Restricted Stock Award Agreement.

(iv) Transferability. Rights to acquire shares of Common Stock under the Restricted Stock Award Agreement will be transferable by the Participant only upon such terms and conditions as are set forth in the Restricted Stock Award Agreement, as the Board will determine in its sole discretion, so long as Common Stock awarded under the Restricted Stock Award Agreement remains subject to the terms of the Restricted Stock Award Agreement. Notwithstanding the foregoing or anything in the Plan or a Restricted Stock Award Agreement to the contrary, no Restricted Stock Award may be transferred to any financial institution without prior stockholder approval.

(b) Restricted Stock Unit Awards. Each Restricted Stock Unit Award Agreement will be in such form and will contain such terms and conditions as the Board deems appropriate. The terms and conditions of Restricted Stock Unit Award Agreements may change from time to time, and the terms and conditions of separate Restricted Stock Unit Award Agreements may change from time to time, and the terms and conditions of separate Restricted Stock Unit Award Agreement will conform to (through incorporation of the provisions hereof by reference in the Agreement or otherwise) the substance of each of the following provisions:

(i) Consideration. At the time of grant of a Restricted Stock Unit Award, the Board will determine the consideration, if any, to be paid by the Participant upon delivery of each share of Common Stock subject to the Restricted Stock Unit Award. The consideration to be paid (if any) by the Participant for each share of Common Stock subject to a Restricted Stock Unit Award may be paid in any form of legal consideration that may be acceptable to the Board, in its sole discretion, and permissible under applicable law.

(ii) Vesting. Subject to Section 2(g), at the time of the grant of a Restricted Stock Unit Award, the Board may impose such restrictions on or conditions to the vesting of the Restricted Stock Unit Award as it, in its sole discretion, deems appropriate.

(iii) Payment. A Restricted Stock Unit Award may be settled by the delivery of shares of Common Stock, their cash equivalent, any combination thereof or in any other form of consideration, as determined by the Board and contained in the Restricted Stock Unit Award Agreement.

(iv) Additional Restrictions. At the time of the grant of a Restricted Stock Unit Award, the Board, as it deems appropriate, may impose such restrictions or conditions that delay the delivery of the shares of Common Stock (or their cash equivalent) subject to a Restricted Stock Unit Award to a time after the vesting of such Restricted Stock Unit Award.

(v) Termination of Participant's Continuous Service. Except as otherwise provided in the applicable Restricted Stock Unit Award Agreement, such portion of the Restricted Stock Unit Award that has not vested will be forfeited upon the Participant's termination of Continuous Service.

(c) Performance Stock Awards.

(i) Performance Stock Awards. A Performance Stock Award is a Stock Award that is payable (including that may be granted, vest or be exercised) contingent upon the attainment during a Performance Period of certain Performance Goals. A Performance Stock Award may, but need not, require the Participant's completion of a specified period of Continuous Service. Subject to Section 2(g), the length of any Performance Period, the Performance Goals to be achieved during the Performance Period, and the measure of whether and to what degree such Performance Goals have been attained will be conclusively determined by the Board, in its sole discretion. In addition, to the extent permitted by applicable law and the applicable Stock Award Agreement, the Board may determine that cash may be used in payment of Performance Stock Awards.

(ii) Discretion. The Board retains the discretion to reduce or eliminate the compensation or economic benefit due upon the attainment of any Performance Goals and to define the manner of calculating the Performance Criteria it selects to use for a Performance Period.

(d) **Other Stock Awards**. Other forms of Stock Awards valued in whole or in part by reference to, or otherwise based on, Common Stock, including the appreciation in value thereof (*e.g.*, options or stock appreciation rights with an exercise price or strike price less than one hundred percent (100%) of the Fair Market Value of the Common Stock at the time of grant) may be granted either alone or in addition to Stock Awards granted under Section 5 and this Section 6. Subject to the provisions of the Plan (including, but not limited to, Sections 2(g) and 2(h)), the Board will have sole and complete authority to determine the persons to whom and the time or times at which such Other Stock Awards will be granted, the number of shares of Common Stock (or the cash equivalent thereof) to be granted pursuant to such Other Stock Awards and all other terms and conditions of such Other Stock Awards.

7. Covenants of the Company.

(a) Availability of Shares. The Company will keep available at all times the number of shares of Common Stock reasonably required to satisfy then-outstanding Stock Awards.

(b) Securities Law Compliance. The Company will seek to obtain from each regulatory commission or agency having jurisdiction over the Plan the authority required to grant Stock Awards and to issue and sell shares of Common Stock upon exercise of the Stock Awards; *provided, however*, that this undertaking will not require the Company to register under the Securities Act the Plan, any Stock Award or any Common Stock issued or issuable pursuant to any such Stock Award. If, after reasonable efforts and at a reasonable cost, the Company is unable to obtain from any such regulatory commission or agency the authority that counsel for the Company doesnot be and sell of Common Stock upon exercise of such Stock Award or any Common Stock upon exercise of such Stock Award sulless and until such authority is obtained. A Participant will not be eligible for the grant of a Stock Award or the subsequent issuance of cash or Common Stock pursuant to the Stock Award if such grant or issuance would be in violation of any applicable securities law.

(c) No Obligation to Notify or Minimize Taxes. The Company will have no duty or obligation to any Participant to advise such holder as to the time or manner of exercising a Stock Award. Furthermore, the Company will have no duty or obligation to warn or otherwise advise such holder of a pending termination or expiration of a Stock Award or a possible period in which the Stock Award may not be exercised. The Company has no duty or obligation to minimize the tax consequences of a Stock Award to the holder of such Stock Award.

8. Miscellaneous.

(a) Use of Proceeds from Sales of Common Stock. Proceeds from the sale of shares of Common Stock issued pursuant to Stock Awards will constitute general funds of the Company.

(b) **Corporate Action Constituting Grant of Stock Awards.** Corporate action constituting a grant by the Company of a Stock Award to any Participant will be deemed completed as of the date of such corporate action, unless otherwise determined by the Board, regardless of when the instrument, certificate, or letter evidencing the Stock Award is communicated to, or actually received or accepted by, the Participant. In the event that the corporate records (e.g., Board consents, resolutions or minutes) documenting the corporate action constituting the grant contain terms (e.g., exercise price, vesting schedule or number of shares) that are inconsistent with those in the Stock Award Agreement or related grant documents as

a result of a clerical error in the preparation of the Stock Award Agreement or related grant documents, the corporate records will control and the Participant will have no legally binding right to the incorrect terms in the Stock Award Agreement or related grant documents.

(c) Stockholder Rights. No Participant will be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares of Common Stock subject to a Stock Award unless and until (i) such Participant has satisfied all requirements for exercise of, or the issuance of shares of Common Stock under, the Stock Award pursuant to its terms, and (ii) the issuance of the Common Stock subject to such Stock Award has been entered into the books and records of the Company.

(d) **No Employment or Other Service Rights.** Nothing in the Plan, any Stock Award Agreement or any other instrument executed thereunder or in connection with any Stock Award granted pursuant thereto will confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Stock Award was granted or will affect the right of the Company or an Affiliate to terminate (i) the employment of an Employee with or without notice and with or without cause, (ii) the service of a Consultant pursuant to the terms of such Consultant's agreement with the Company or an Affiliate, or (iii) the service of a Director pursuant to the bylaws of the Company or an Affiliate, and any applicable provisions of the corporate law of the state in which the Company or the Affiliate is incorporated, as the case may be.

(e) Change in Time Commitment. In the event a Participant's regular level of time commitment in the performance of his or her services for the Company or any Affiliate is reduced (for example, and without limitation, if the Participant is an Employee of the Company and the Employee has a change in status from a full-time Employee to a part-time Employee) after the date of grant of any Stock Award to the Participant, the Board has the right in its sole discretion to (x) make a corresponding reduction in the number of shares or cash amount subject to any portion of such Stock Award that is scheduled to vest or become payable after the date of such change in time commitment, and (y) in lieu of or in combination with such a reduction, extend the vesting or payment schedule applicable to such Stock Award. In the event of any such reduction, the Participant will have no right with respect to any portion of the Stock Award that is so reduced or extended.

(f) Incentive Stock Option Limitations. To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Optionholder during any calendar year (under all plans of the Company and any Affiliates) exceeds \$100,000 (or such other limit established in the Code) or otherwise does not comply with the rules governing Incentive Stock Options, the Options or portions thereof that exceed such limit (according to the order in which they were granted) or otherwise do not comply with such rules will be treated as Nonstatutory Stock Options, notwithstanding any contrary provision of the applicable Option Agreement(s).

(g) **Investment Assurances.** The Company may require a Participant, as a condition of exercising or acquiring Common Stock under any Stock Award, (i) to give written assurances satisfactory to the Company as to the Participant's knowledge and experience in financial and business matters and/or to employ a purchaser representative reasonably satisfactory to the Company who is knowledgeable and experienced in financial and business matters and that the Participant is capable of evaluating, alone or together with the purchaser representative, the merits and risks of exercising the Stock Award; and (ii) to give written assurances satisfactory to the Company stating that the Participant is acquiring Common Stock subject to the Stock Award for the Participant's own account and not with any present intention of selling or otherwise distributing the Common Stock. The foregoing requirements, and any assurances given pursuant to such requirements, will be inoperative if (A) the issuance of the shares upon the exercise or acquisition of Common Stock under the Stock Award has been registered under a then currently effective registration statement under the Securities Act, or (B) as to any particular requirement, a determination is made by counsel for the Company that such requirement need not be met in the circumstances under the then applicable securities laws, including, but not limited to, legends restricting the transfer of the Common Stock.

(h) Withholding Obligations. Unless prohibited by the terms of a Stock Award Agreement, the Company may, in its sole discretion, satisfy any federal, state or local tax withholding obligation relating to a Stock Award by any of the following means or by a combination of such means: (i) causing the Participant to tender a cash payment; (ii) withholding shares of Common Stock from the shares of Common Stock issued or otherwise issuable to the Participant in connection with the Stock Award; *provided, however*, that no shares of Common Stock are withheld with a value exceeding the maximum amount of tax that may be required to be withheld by law (or such other amount as may be permitted while still avoiding classification of the Stock Award as a liability for financial accounting purposes); (iii) withholding cash from any amounts otherwise payable to the Participant; or (v) by such other method as may be set forth in the Stock Award Agreement.

(i) **Electronic Delivery.** Any reference herein or in a Stock Award Agreement to a "written" agreement or document will include any agreement or document delivered electronically, filed publicly at www.sec.gov (or any successor website thereto) or posted on the Company's intranet (or other shared electronic medium controlled by the Company to which the Participant has access). By accepting any Stock Award, the Participant consents to receive documents by electronic delivery and to participate in the Plan through any on-line electronic system established and maintained by the Board or another third party selected by the Board. The form of delivery of any Common Stock (e.g., a stock certificate or electronic entry evidencing such shares) shall be determined by the Company.

(j) **Deferrals.** To the extent permitted by applicable law, the Board, in its sole discretion, may determine that the delivery of Common Stock or the payment of cash, upon the exercise, vesting or settlement of all or a portion of any Stock Award may be deferred and may establish programs and procedures for deferral elections to be made by Participants. Deferrals by Participants will be made in accordance with Section 409A of the Code. Consistent with Section 409A of the Code, the Board may provide for distributions while a Participant is still an employee or otherwise providing services to the Company or an Affiliate. The Board is authorized to make deferrals of Stock Awards and determine when, and in what

annual percentages, Participants may receive payments, including lump sum payments, following the Participant's termination of Continuous Service, and implement such other terms and conditions consistent with the provisions of the Plan and in accordance with applicable law.

(k) **Compliance with Section 409A of the Code.** Unless otherwise expressly provided for in a Stock Award Agreement, the Plan and Stock Award Agreements will be interpreted to the greatest extent possible in a manner that makes the Plan and the Stock Awards granted hereunder exempt from Section 409A of the Code, and, to the extent not so exempt, in compliance with Section 409A of the Code. To the extent that the Board determines that any Stock Award granted hereunder is not exempt from and is therefore subject to Section 409A of the Code, the Stock Award Agreement evidencing such Stock Award will incorporate the terms and conditions necessary to avoid the consequences specified in Section 409A(a)(1) of the Code, and, to the extent applicable, the Plan and Stock Award Agreement specifically provides otherwise), if the shares of Section 409A of the Code. Notwithstanding anything to the contrary in this Plan (and unless the Stock Award Agreement specifically provides otherwise), if the shares of Section 409A of the Code, no distribution or payment of any amount will be made upon a "separation from service" before a date that is six months following the date of such Participant's "separation from service" (as defined in Section 409A of the Code without regard to alternative definitions thereunder) or, if earlier, the date of the Participant's death.

(I) **Clawback/Recovery.** All Stock Awards granted under the Plan will be subject to recoupment in accordance with any clawback policy that the Company is required to adopt pursuant to the listing standards of any national securities exchange or association on which the Company's securities are listed or as is otherwise required by the Dodd-Frank Wall Street Reform and Consumer Protection Act or other applicable law. In addition, the Board may impose such other clawback, recovery or recoupment provisions in a Stock Award Agreement as the Board determines necessary or appropriate, including but not limited to a reacquisition right in respect of previously acquired shares of Common Stock or other cash or property upon the occurrence of an event constituting Cause. No recovery of compensation under such a clawback policy will be an event giving rise to a right to resign for "good reason" or "constructive termination" (or similar term) under any agreement with the Company or an Affiliate.

9. Adjustments upon Changes in Common Stock; Other Corporate Events.

(a) **Capitalization Adjustments.** In the event of a Capitalization Adjustment, the Board will appropriately and proportionately adjust: (i) the class(es) and maximum number of securities subject to the Plan pursuant to Section 3(a), (ii) the class(es) and maximum number of securities that may be issued pursuant to the exercise of Incentive Stock Options pursuant to Section 3(c), and (iii) the class(es) and number of securities and price per share of stock subject to outstanding Stock Awards. The Board will make such adjustments, and its determination will be final, binding and conclusive.

(b) **Dissolution.** Except as otherwise provided in the Stock Award Agreement, in the event of a Dissolution of the Company, all outstanding Stock Awards (other than Stock Awards consisting of vested and outstanding shares of Common Stock not subject to a forfeiture condition or the Company's right of repurchase) will terminate immediately prior to the completion of such Dissolution, and the shares of Common Stock subject to the Company's repurchase rights or subject to a forfeiture condition may be repurchased or reacquired by the Company notwithstanding the fact that the holder of such Stock Award is providing Continuous Service, *provided, however*, that the Board may, in its sole discretion, cause some or all Stock Awards to become fully vested, exercisable and/or no longer subject to repurchase or forfeiture (to the extent such Stock Awards have not previously expired or terminated) before the Dissolution is completed but contingent on its completion.

(c) **Transactions.** The following provisions will apply to Stock Awards in the event of a Transaction. In the event of a Transaction, then, notwithstanding any other provision of the Plan, the Board may take one or more of the following actions with respect to Stock Awards, contingent upon the closing or completion of the Transaction, and *provided that* the Board may take the actions described in Sections 9(c)(ii) through 9(c)(vi) only if the surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company) does not consent to the actions in Sections 9(c)(ii):

(i) arrange for the surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company) to assume or continue the Stock Award or to substitute a similar stock award for the Stock Award (including, but not limited to, an award to acquire the same consideration paid to the stockholders of the Company pursuant to the Transaction);

(ii) arrange for the assignment of any reacquisition or repurchase rights held by the Company in respect of Common Stock issued pursuant to the Stock Award to the surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company);

(iii) accelerate the vesting, in whole or in part, of the Stock Award (and, if applicable, the time at which the Stock Award may be exercised) to a date prior to the effective time of such Transaction as the Board determines (or, if the Board does not determine such a date, to the date that is five (5) days prior to the effective date of the Transaction), with such Stock Award terminating if not exercised (if applicable) at or prior to the effective time of the Transaction; *provided, however*, that the Board may require Participants to complete and deliver to the Company a notice of exercise before the effective date of a Transaction, which exercise is contingent upon the effectiveness of such Transaction;

(iv) arrange for the lapse, in whole or in part, of any reacquisition or repurchase rights held by the Company with respect to the Stock Award;

(v) cancel or arrange for the cancellation of the Stock Award, to the extent not vested or not exercised prior to the effective time of the Transaction, in exchange for such cash consideration or no consideration as the Board, in its sole discretion, may consider appropriate; and

(vi) make a payment, in such form as may be determined by the Board equal to the excess, if any, of (A) the value of the property the Participant would have received upon the exercise of the Stock Award immediately prior to the effective time of the Transaction, over (B) any exercise price payable by such holder in connection with such exercise. For clarity, this payment may be zero (\$0) if the value of the property is

equal to or less than the exercise price. Payments under this provision may be delayed to the same extent that payment of consideration to the holders of the Company's Common Stock in connection with the Transaction is delayed as a result of escrows, earn outs, holdbacks or any other contingencies.

The Board need not take the same action or actions with respect to all Stock Awards or portions thereof or with respect to all Participants. The Board may take different actions with respect to the vested and unvested portions of a Stock Award.

(d) **Appointment of Stockholder Representative.** As a condition to the receipt of a Stock Award under this Plan, a Participant will be deemed to have agreed that the Stock Award will be subject to the terms of any provision in the agreement governing a Transaction involving the Company for the appointment of a stockholder representative that is authorized to act on the Participant's behalf with respect to any escrow, indemnities and any contingent consideration.

(e) No Restriction on Right to Undertake Transactions. The grant of any Stock Award under the Plan and the issuance of shares pursuant to any Stock Award does not affect or restrict in any way the right or power of the Company or the stockholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of stock or of options, rights or options to purchase stock or of bonds, debentures, preferred or prior preference stocks whose rights are superior to or affect the Common Stock or the rights thereof or which are convertible into or exchangeable for Common Stock, or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise.

(f) Change in Control. A Stock Award may be subject to additional acceleration of vesting and exercisability upon or after a termination of Continuous Service in connection with a Change in Control as may be provided in the Stock Award Agreement for such Stock Award or as may be provided in any other written agreement between the Company or any Affiliate and the Participant, but in the absence of such provision, no such acceleration will occur.

10. Plan Term; Earlier Termination or Suspension of the Plan.

(a) The Board may suspend or terminate the Plan at any time. No Incentive Stock Option will be granted after the tenth (10th) anniversary of the earlier of (i) the date the Plan is adopted by the Board, or (ii) the date the Plan is approved by the stockholders of the Company. No Stock Awards may be granted under the Plan while the Plan is suspended or after it is terminated.

(b) No Impairment of Rights. Suspension or termination of the Plan will not materially impair rights and obligations under any Stock Award granted while the Plan is in effect except with the written consent of the affected Participant or as otherwise permitted in the Plan.

11. Effective Date of Plan.

This Plan will become effective on the Effective Date.

12. Choice of Law.

The laws of the State of Delaware will govern all questions concerning the construction, validity and interpretation of this Plan, without regard to that state's conflict of laws rules.

13. Definitions. As used in the Plan, the following definitions will apply to the capitalized terms indicated below:

(a) "Affiliate" means, at the time of determination, any "parent" or "subsidiary" of the Company as such terms are defined in Rule 405. The Board will have the authority to determine the time or times at which "parent" or "subsidiary" status is determined within the foregoing definition.

(b) "Board" means the Board of Directors of the Company.

(c) "Capitalization Adjustment" means any change that is made in, or other events that occur with respect to, the Common Stock subject to the Plan or subject to any Stock Award after the Effective Date without the receipt of consideration by the Company through merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend, dividend in property other than cash, large nonrecurring cash dividend, stock split, reverse stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or any similar equity restructuring transaction, as that term is used in Statement of Financial Accounting Standards Board Accounting Standards Codification Topic 718 (or any successor thereto). Notwithstanding the foregoing, the conversion of any convertible securities of the Company will not be treated as a Capitalization Adjustment.

(d) "Cause" will have the meaning ascribed to such term in any written agreement between the Participant and the Company defining such term and, in the absence of such agreement, such term means, with respect to a Participant, the occurrence of any of the following events: (i) the Participant's commission of an act of fraud, embezzlement or other act of dishonesty that could reflect adversely on the integrity, character or reputation of the Company, or that would cause harm to its customer relations, operations or business prospects; (ii) the Participant's breach of a fiduciary duty owed to the Company; (iii) the Participant's violation or threatening to violate a restrictive covenant agreement, such as a non-compete, non-solicit, or non-disclosure agreement, between a Participant and the Company; (iv) the Participant's unauthorized disclosure or use of confidential information or trade secrets; (v) the Participant's violation of any lawful policies or rules of the Company, including any applicable code of conduct; (vi) the Participant's conviction or plea of <u>nolo contendere</u> to, any felony if such conviction or plea (a) results in such Person's imprisonment, (b) could reflect adversely on the integrity, character or reputation of the Company or (c) would cause harm to the Company; or (viii) the Participant's duties and responsibilities, provided that he or she did not cure

such neglect or misconduct within ten (10) days after the Company gave written notice of such neglect or misconduct to such Participant. The determination that a termination of the Participant's Continuous Service is either for Cause or without Cause will be made by the Company, in its sole discretion. Any determination by the Company that the Continuous Service of a Participant was terminated with or without Cause for the purposes of outstanding Awards held by such Participant will have no effect upon any determination of the rights or obligations of the Company or such Participant for any other purpose.

(e) "Change in Control" means the occurrence, in a single transaction or in a series of related transactions, of any one or more of the following events:

(i) any Exchange Act Person becomes the Owner, directly or indirectly, of securities of the Company representing more than fifty percent (50%) of the combined voting power of the Company's then outstanding securities of ther than by virtue of a merger, consolidation or similar transaction. Notwithstanding the foregoing, a Change in Control will not be deemed to occur (A) on account of the acquisition of securities of the Company directly from the Company, (B) on account of the acquisition of securities of the Company directly from the Company, (B) on account of the acquisition of securities of the Company by an investor, any affiliate thereof or any other Exchange Act Person that acquires the Company's securities in a transaction or series of related transactions the primary purpose of which is to obtain financing for the Company through the issuance of equity securities, or (C) solely because the level of Ownership held by any Exchange Act Person (the "**Subject Person**") exceeds the designated percentage threshold of the outstanding voting securities as a result of a repurchase or other acquisition of voting securities by the Company reducing the number of shares outstanding, provided that if a Change in Control would occur (but for the operation of this sentence) as a result of the acquisition of voting securities by the Company, and after such share acquisition, the Subject Person becomes the Owner of any additional voting securities that, assuming the repurchase or other acquisition had not occurred, increases the percentage of the then outstanding voting securities Owned by the Subject Person over the designated percentage threshold, then a Change in Control will be deemed to occur;

(ii) there is consummated a merger, consolidation or similar transaction involving (directly or indirectly) the Company and, immediately after the consummation of such merger, consolidation or similar transaction, the stockholders of the Company immediately prior thereto do not Own, directly or indirectly, either (A) outstanding voting securities representing more than fifty percent (50%) of the combined outstanding voting power of the surviving Entity in such merger, consolidation or similar transaction, in each case in substantially the same proportions as their Ownership of the outstanding voting securities of the Company immediately prior to such transaction;

(iii) there is consummated a sale, lease, exclusive license or other disposition of all or substantially all of the consolidated assets of the Company and its Subsidiaries, other than a sale, lease, license or other disposition of all or substantially all of the consolidated assets of the Company and its Subsidiaries to an Entity, more than fifty percent (50%) of the combined voting power of the voting securities of which are Owned by stockholders of the Company in substantially the same proportions as their Ownership of the outstanding voting securities of the Company immediately prior to such sale, lease, license or other disposition; or

(iv) individuals who, on the date the Plan is adopted by the Board, are members of the Board (the "*Incumbent Board*") cease for any reason to constitute at least a majority of the members of the Board; *provided, however*, that if the appointment or election (or nomination for election) of any new Board member was approved or recommended by a majority vote of the members of the Incumbent Board then still in office, such new member will, for purposes of this Plan, be considered as a member of the Incumbent Board.

Notwithstanding the foregoing definition or any other provision of this Plan, (A) the term Change in Control will not include a sale of assets, merger or other transaction effected exclusively for the purpose of changing the domicile of the Company, and (B) the definition of Change in Control (or any analogous term) in an individual written agreement between the Company or any Affiliate and the Participant will supersede the foregoing definition with respect to Awards subject to such agreement; *provided, however*, that if no definition of Change in Control or any analogous term is set forth in such an individual written agreement, the foregoing definition will apply.

- (f) "Code" means the Internal Revenue Code of 1986, as amended, including any applicable regulations and guidance thereunder.
- (g) "Committee" means a committee of one or more Directors to whom authority has been delegated by the Board in accordance with Section 2(c).
- (h) "Common Stock" means the common stock of the Company.
- (i) "Company" means Travere Therapeutics, Inc., a Delaware corporation.

(j) "Consultant" means any person, including an advisor, who is (i) engaged by the Company or an Affiliate to render consulting or advisory services and is compensated for such services, or (ii) serving as a member of the board of directors of an Affiliate and is compensated for such services. However, service solely as a Director, or payment of a fee for such service, will not cause a Director to be considered a "Consultant" for purposes of the Plan. Notwithstanding the foregoing, a person is treated as a Consultant under this Plan only if a Form S-8 Registration Statement under the Securities Act is available to register either the offer or the sale of the Company's securities to such person.

(k) "Continuous Service" means that the Participant's service with the Company or an Affiliate, whether as an Employee, Director or Consultant, is not interrupted or terminated. A change in the capacity in which the Participant renders service to the Company or an Affiliate as an Employee, Director or Consultant or a change in the Entity for which the Participant renders such service, provided that there is no interruption or termination of the Participant's service with the Company or an Affiliate, will not terminate a Participant's Continuous Service; provided, however, that if the Entity for which a Participant is rendering services ceases to qualify as an Affiliate, as determined by the Board, in its sole discretion, such Participant's Continuous Service will be considered to have terminated on the date such Entity ceases to qualify as an Affiliate. For example, a

change in status from an Employee of the Company to a Consultant of an Affiliate or to a Director will not constitute an interruption of Continuous Service. To the extent permitted by law, the Board or the chief executive officer of the Company, in that party's sole discretion, may determine whether Continuous Service will be considered interrupted in the case of (i) any leave of absence approved by the Board or chief executive officer, including sick leave, military leave or any other personal leave, or (ii) transfers between the Company, an Affiliate, or their successors. Notwithstanding the foregoing, a leave of absence will be treated as Continuous Service for purposes of vesting in a Stock Award only to such extent as may be provided in the Company's or Affiliate's leave of absence policy, in the written terms of any leave of absence agreement or policy applicable to the Participant, or as otherwise required by law.

(I) "Corporate Transaction" means the consummation, in a single transaction or in a series of related transactions, of any one or more of the following events:

- (i) a sale, lease or other disposition of all or substantially all of the assets of the Company;
- (ii) a sale or other disposition of at least ninety percent (90%) of the outstanding securities of the Company;
- (iii) a merger, consolidation or similar transaction in which the Company is not the surviving corporation; or

(iv) a reverse merger, consolidation or similar transaction in which the Company is the surviving corporation but the shares of Common Stock outstanding immediately preceding the merger, consolidation or similar transaction are converted or exchanged by virtue of the merger, consolidation or similar transaction into other property, whether in the form of securities, cash or otherwise.

(m) "Director" means a member of the Board.

(n) "Disability" means, with respect to a Participant, the inability of such Participant to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or that has lasted or can be expected to last for a continuous period of not less than twelve (12) months, as provided in Sections 22(e)(3) and 409A(a)(2)(c)(i) of the Code, and will be determined by the Board on the basis of such medical evidence as the Board deems warranted under the circumstances.

(o) "Dissolution" means when the Company, after having executed a certificate of dissolution with the State of Delaware, has completely wound up its affairs. Conversion of the Company into a Limited Liability Company (or any other pass- through entity) will not be considered a "Dissolution" for purposes of the Plan.

(p) "Effective Date" means the effective date of this Plan document, which is the date of the annual meeting of stockholders of the Company held in calendar year 2018, provided the Plan is approved by the Company's stockholders at such meeting.

(q) "*Employee*" means any person employed by the Company or an Affiliate. However, service solely as a Director, or payment of a fee for such services, will not cause a Director to be considered an "Employee" for purposes of the Plan.

(r) "Entity" means a corporation, partnership, limited liability company or other entity.

(s) "Exchange Act" means the Securities Exchange Act of 1934, as amended, and the rules and regulations promulgated thereunder.

(t) "Exchange Act Person" means any natural person, Entity or "group" (within the meaning of Section 13(d) or 14(d) of the Exchange Act), except that "Exchange Act Person" will not include (i) the Company or any Subsidiary of the Company, (ii) any employee benefit plan of the Company or any Subsidiary of the Company or any trustee or other fiduciary holding securities under an employee benefit plan of the Company or any Subsidiary of the Company or any subsidiary of the Company, (iii) an underwriter temporarily holding securities pursuant to an offering of such securities, (iv) an Entity Owned, directly or indirectly, by the stockholders of the Company is substantially the same proportions as their Ownership of stock of the Company; or (v) any natural person, Entity or "group" (within the meaning of Section 13(d) or 14(d) of the Exchange Act) that, as of the Effective Date, is the Owner, directly or indirectly, of securities of the Company representing more than fifty percent (50%) of the combined voting power of the Company's then outstanding securities.

(u) "Fair Market Value" means, as of any date, the value of the Common Stock determined as follows:

(i) If the Common Stock is listed on any established stock exchange or traded on any established market, the Fair Market Value of a share of Common Stock will be, unless otherwise determined by the Board, the closing sales price for such stock as quoted on such exchange or market (or the exchange or market with the greatest volume of trading in the Common Stock) on the date of determination, as reported in a source the Board deems reliable.

(ii) Unless otherwise provided by the Board, if there is no closing sales price for the Common Stock on the date of determination, then the Fair Market Value will be the closing selling price on the next date for which such quotation exists.

(iii) In the absence of such markets for the Common Stock, the Fair Market Value will be determined by the Board in good faith and in a manner that complies with Sections 409A and 422 of the Code.

(v) "Full Value Award" means a Stock Award that is not an Option or SAR with respect to which the exercise or strike price is at least one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option or SAR on the date of grant.

(w) "Incentive Stock Option" means an option granted pursuant to Section 5 that is intended to be, and that qualifies as, an "incentive stock option" within the meaning of Section 422 of the Code.

(x) "Non-Employee Director" means a Director who either (i) is not a current employee or officer of the Company or an Affiliate, does not receive compensation, either directly or indirectly, from the Company or an Affiliate for services rendered as a consultant or in any capacity other than as a Director (except for an amount as to which disclosure would not be required under Item 404(a) of Regulation S-K promulgated pursuant to the Securities Act ("Regulation S-K")), does not possess an interest in any other transaction for which disclosure would be required under Item 404(a) of Regulation S-K, and is not engaged in a business relationship for which disclosure would be required pursuant to Item 404(b) of Regulation S-K; or (ii) is otherwise considered a "non-employee director" for purposes of Rule 16b-3.

(y) "Nonstatutory Stock Option" means any option granted pursuant to Section 5 that does not qualify as an Incentive Stock Option.

(z) "Officer" means a person who is an officer of the Company within the meaning of Section 16 of the Exchange Act.

(aa) "Option" means an Incentive Stock Option or a Nonstatutory Stock Option to purchase shares of Common Stock granted pursuant to the Plan.

(ab) "Option Agreement" means a written agreement between the Company and an Optionholder evidencing the terms and conditions of an Option grant. Each Option Agreement will be subject to the terms and conditions of the Plan.

(ac) "Optionholder" means a person to whom an Option is granted pursuant to the Plan or, if applicable, such other person who holds an outstanding Option.

(ad) "Other Stock Award" means an award based in whole or in part by reference to the Common Stock which is granted pursuant to the terms and conditions of Section 6(d).

(ae) "Other Stock Award Agreement" means a written agreement between the Company and a holder of an Other Stock Award evidencing the terms and conditions of an Other Stock Award grant. Each Other Stock Award Agreement will be subject to the terms and conditions of the Plan.

(af) "Owne," "Owned," "Owner," "Owner," "Owner," A person or Entity will be deemed to "Own," to have "Owned," to be the "Owner" of, or to have acquired "Ownership" of securities if such person or Entity, directly or indirectly, through any contract, arrangement, understanding, relationship or otherwise, has or shares voting power, which includes the power to vote or to direct the voting, with respect to such securities.

(ag) "Participant" means a person to whom a Stock Award is granted pursuant to the Plan or, if applicable, such other person who holds an outstanding Stock Award.

(ah) "Performance Criteria" means the one or more criteria that the Board will select for purposes of establishing the Performance Goals for a Performance Period. The Performance Criteria that will be used to establish such Performance Goals may be based on any one of, or combination of, the following as determined by the Board: (1) earnings (including earnings per share and net earnings); (2) earnings before interest, taxes and depreciation; (3) earnings before interest, taxes, depreciation and amortization; (4) total stockholder return; (5) return on equity or average stockholder's equity; (6) return on assets, investment, or capital employed; (7) stock price; (8) margin (including gross margin); (9) income (before or after taxes); (10) operating income; (11) operating income after taxes; (12) pre-tax profit; (13) operating cash flow; (14) sales or revenue targets; (15) increases in revenue or product revenue; (16) expenses and cost reduction goals; (17) improvement in or attainment of working capital levels; (18) economic value added (or an equivalent metric); (19) market share; (20) cash flow; (21) cash flow per share; (22) share price performance; (23) debt reduction; (24) implementation or completion of projects or processes; (25) customer satisfaction; (26) stockholders' equity; (27) capital expenditures; (28) debt levels; (29) operating profit or net operating profit; (30) workforce diversity; (31) growth of net income or operating income; (32) billings; (33) pre-clinical development related compound goals; (34) financing; (35) regulatory milestones, including approval of a compound; (36) stockholder liquidity; (37) corporate governance and compliance; (38) product commercialization; (39) intellectual property; (40) personnel matters; (41) progress of internal research or clinical programs; (42) progress of partnered programs; (43) implementation or completion of projects and processes; (44) partner satisfaction; (45) budget management; (46) clinical achievements; (47) completing phases of a clinical study (including the treatment phase); (48) announcing or presenting preliminary or final data from clinical studies; in each case, whether on particular timelines or generally; (49) timely completion of clinical trials; (50) submission of INDs and NDAs and other regulatory achievements; (51) partner or collaborator achievements; (52) internal controls, including those related to the Sarbanes-Oxley Act of 2002; (53) research progress, including the development of programs; (54) investor relations, analysts and communication; (55) manufacturing achievements (including obtaining particular yields from manufacturing runs and other measurable objectives related to process development activities); (56) strategic partnerships or transactions (including in-licensing and out-licensing of intellectual property; (57) establishing relationships with commercial entities with respect to the marketing, distribution and sale of the Company's products (including with group purchasing organizations, distributors and other vendors); (58) supply chain achievements (including establishing relationships with manufacturers or suppliers of active pharmaceutical ingredients and other component materials and manufacturers of the Company's products); (59) co-development, co-marketing, profit sharing, joint venture or other similar arrangements; and (60) other measures of performance selected by the Board.

(ai) "Performance Goals" means, for a Performance Period, the one or more goals established by the Board for the Performance Period based upon the Performance Criteria. Performance Goals may be based on a Company-wide basis, with respect to one or more business units, divisions, Affiliates, or business segments, and in either absolute terms or relative to the performance of one or more comparable companies or the performance of one or more relevant indices. Unless specified otherwise by the Board (i) in the Award Agreement at the time the Award is granted or (ii) in such other document setting forth the Performance Goals at the time the Performance Goals are established, the Board will appropriately make adjustments in the method of calculating the attainment of Performance Goals for a Performance Period as follows: (1) to exclude restructuring and/or other nonrecurring charges; (2) to exclude exchange rate effects; (3) to exclude the effects of any statutory adjustments to corporate tax rates; (5) to exclude the effects of any items that are unusual in nature or occur infrequently as determined under generally accepted accounting principles; (6) to exclude the dilutive effects of acquisitions or joint

ventures; (7) to assume that any business divested by the Company achieved performance objectives at targeted levels during the balance of a Performance Period following such divestiture; (8) to exclude the effect of any change in the outstanding shares of common stock of the Company by reason of any stock dividend or split, stock repurchase, reorganization, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other similar corporate change, or any distributions to common stockholders other than regular cash dividends; (9) to exclude the effects of stock based compensation and the award of bonuses under the Company's bonus plans; (10) to exclude costs incurred in connection with potential acquisitions or divestitures that are required to be expensed under generally accepted accounting principles; (11) to exclude the effect of any other unusual, non-recurring gain or loss or other extraordinary item.

(aj) "Performance Period" means the period of time selected by the Board over which the attainment of one or more Performance Goals will be measured for the purpose of determining a Participant's right to and the payment of a Performance Stock Award. Performance Periods may be of varying and overlapping duration, at the sole discretion of the Board.
